Some District News

You can't do anything well if you don't want to do it.

Grand Valley is applying to Andrew Carnegie for funds necessary to build a suitable library building.

A by-law licensing liverymen at $15 per annum will be introduced at next meeting of the Stayner council.

Dime Stewart of Orangeville, who was one of those injured in the wreck at Caledon last September, has entered an action against the C. P. R. for $25,000 damages.

The Pekin Gazette, the oldest paper in the world, will suspend publication. It was started in 911 A. D. and since 1351, more than a century before the discovery of America, has appeared weekly.

Geo. Sherwood, an employee of the Brampton Coal Co., was unloading a car of wood on the company's switch one day last week, when he fell with a stick of cordwood a distance of 25 feet, alighting on his head. His skull was fractured and his right hip was also broken. There is little hope for his recovery.

Mr. H. H. Miller, M. P., has been elected president of the Dominion Tuberculosis Association. Mr. Miller takes a lively and active interest in furthering measures for checking the dread scourge, consumption, and his election to the presidency of the Association indicates appreciation of his efforts and abilities.

A Walkerton school teacher flogged a 15-year-old boy and was brought up before a magistrate, who considered that the flogging exceeded the bounds reasonable for severity and imposed a fine of one dollar and costs.

An egg of extraordinary shape was discovered by Mrs. Newel the other day on visiting her poultry yard. The egg was perfect in size and another egg of miniature size was joined to the small end of it. It was evidently quite a curiosity in the egg line. A large number who have seen it declare it is the first of its kind they have seen.—Norwood Register.

A Chicago woman brought suit against a saloon keeper in the name of one of her children to recover some of the money spent by her husband in liquor while his family was in need. She had warned the saloon men that she needed the husband's money, but the warning did no good. Then she set the law in motion. In the first suit the jury awarded her $600 damages.

An Arcola, Illinois, man is at work with a number of hay-balers baling up snow for next summer's use, says an Associated Press telegram. He tried the experiment last year and found that baled snow makes an ice of better quality than ordinary frozen or manufactured ice. He had no trouble in disposing of his last year's output and will work on a bigger scale this year. It is said that the baled snow will stand more hot weather than ordinary ice will.

EUREKA!

Yes, I Have Found it at Last.

Found What? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by W. E. Richardson.

A law case of local interest was heard before the judge in Owen Sound this week and quite a number of witnesses were up from here. Harry Irwin of Proton had some land leased from John W. Irwin on a verbal agreement, and it appears the lessee, before his year was up, removed a portion of the stock from the premises and the landlord seized for rent which he claimed fell due by the removal. An auction sale was advertised and the chattels under seizure were sold. The lessee then entered suit for illegal seizure and claimed damages with the result that he got a verdict for $95 and costs.—Dundalk Herald.

An interesting case was tried by Police Magistrate McArthur on Monday. It seems the town by-law respecting the dog tax fixes the fee at one dollar for male and two dollars for female when "running at large." From this some inferred that dogs tied up and thus prevented from running at large were exempt from this tax. This was the view of it taken by Mr. H. Wiseman, who declined to pay the dollar to Inspector Reavely. The latter made a test case of it, which was tried on Monday. Police Magistrate McArthur inflicted a fine of $2 and costs, the payment of the dog tax being added to this amount. He based his decision on the general statute governing in the matter. An appeal is talked of.—Burks Falls Arrow.

Chronic Coughs Cured

Mrs. Joseph Eccles of Dromore, says: "I took 4 or 5 bottles of **Psychine,** and a cough I had continually for nine months disappeared. It is the best remedy for chronic coughs that I ever used."

Thousands of living witnesses pronounce **Psychine** the greatest medicine in the world. It is not a patent medicine, but a prescription of a great physician. Put it to the test in any case of threat, lung or stomach trouble or any run down or weak condition. At all druggists, 50c and $1.00, or Dr. T. A. Slocum, Limited, Toronto.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

Ayer's We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Ayer's Pills.
