WOMEN WHO ARE WEAK

Gain New Vitality by Building Up the Blood.

There are many women who pass their days in a constant state of weariness. They have barely sufficient energy to enable them to perform their manifold duties. Often they have an aching head, a miserable pain in the back, and limbs that feel as heavy as lead. The whole trouble is due to bloodlessness. No woman need suffer in this way. It is easy to obtain a supply of rich red blood by taking Dr. Williams' Pink Pills. The new blood created by these pills rapidly builds up the system; headaches and backaches disappear, energy returns and the joy of living is felt once more.

Proof of these statements is given by Mrs. Ed. Lanore, Stoney Point, Ont., who says:—"For a long time I had been in a very miserable condition, always feeling tired out, sleepy and weak. The least work about the house would leave me helplessly tired and nothing that I did seemed to give relief. Believing that a rest might do me good, we moved to town, but, contrary to expectations, instead of getting better I was growing steadily weaker. One day while talking to a neighbor, she urged my taking Dr. Williams' Pink Pills, telling me that her daughter had been in a condition much like mine. This persuaded me to try this medicine, and I have much reason to be grateful that I followed her advice. After the use of a few boxes of the pills, there could be no doubt that they were helping me, and as I continued their use my health and setrength came back and now I am doing all my own work and feeling in the best of health. For this splendid condition I must give my thanks to Dr. Williams' Pink Pills."

The pills are sold by all druggists, or you can get them by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"You've just come over from Ireland?" said a London lady to her new cook. "Were you trained across the water?" "Bliss ye, ma'am, sure you could not be trained across the water," replied the girl, "I just came over in a ship.

OWL-LAFFS

To a housewife the ashes from a dollar cigar are just so much dirt.

Many a salesman murders opportunity when he thinks he is only killing time.

Troubles may be worked off.

Dare something and fail, and you're a fourth-class darn fool; succeed and you're a rotogravure hero.

"I've never kissed a girl in my life," observed the painfully proper man.

"Well, don't come hanging around me," announced the young flapper. "I'm not running a prep school."

Model for Husbands

The harassed-looking man was being shown over some works.

"That machine," said the guide, 'does the work of thirty men."

The man smiled glumly.

"At last," he said, " I have seen what my wife should have married."

"Run upstairs and wash your face, darling. I think grandma wants to take you driving with her."

"Hadn't we better find out for certain, mummie? It would be such a pity to wash for nothing."

His love won't continue warm if his suppers are continually served cold.

A young man named Better and a young lady named Better were married in the East. That's better and better all right.

"Mabel kept the ring when the engagement was broken because she felt it was her due."

"What did Archie say to that?"

"Sent her the remainder due on it."

Fine Motto: Live so you can pass any grocery store in town.

Luck always seems to favor the man who doesn't count on it.

Girls to-day are judged by their disappearance, not by their appearance.

"He's always complaining about the clothes women wear nowadays."

"Well, he certainly hasn't got much to talk about."

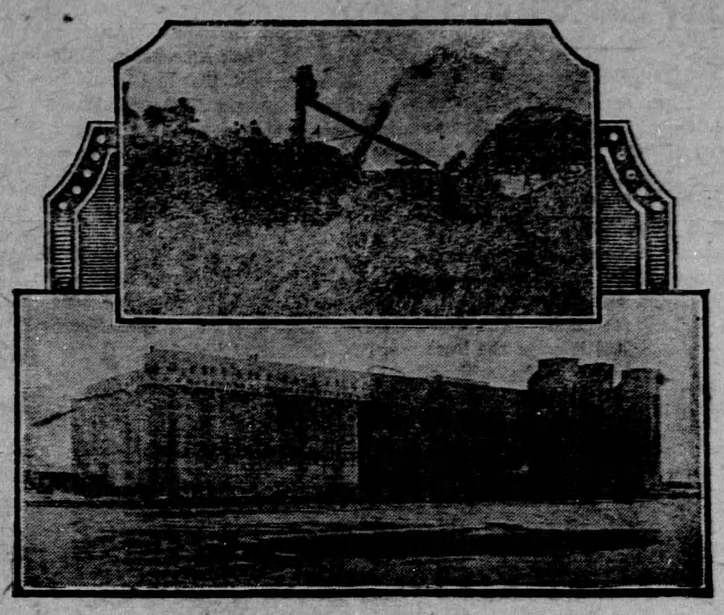
"Here, old man, buy a ticket for the fight. You'll see more excitement for $2 than you ever did in your life."

"Is that so—$2 is all I paid for my marriage license."

It's easy enough to be pleasant
When life never gives you a frown,
But the man worth while
Is the man who can smile
When his garters are coming down.

An actress was giving a performance at one of the big prisons. "Stone walls do not a prison make, nor iron bars a cage" she sang. From the back of the hall a deep voice exclaimed: "But, lady, how they do help!"

SIMONDS MACHINE KNIVES SAWS



Crop Records Made and Broken

The grain crop for the past year was remarkable in many respects, practically every province equalled or exceeded the harvest of previous seasons, except for the year 1923 which the highest grain record of all time. Due to the lateness of the season combined with the large volume of the crop, new records were established by the Canadian Pacific Railway in handling, transportation and shipping. Though called upon to transport a crop of more than the average capacity, the company did so with greater efficiency than ever.

Alberta created a new record for total yield over its full acreage and individual productions. The province of Ontario was responsible for 21,963,000 bushels of wheat out of the Dominions full yield of 444,282,000 bushels. There has recently been constructed at Port McNicoll and Midland, elevators with a capacity of two million bushels which greatly facilitated grain handling on the great lakes and has also doubled the Canadian Pacific Railway's storage capacity on Georgian Bay.

NO BETTER MEDICINE FOR LITTLE ONES

Is What Thousands of Mothers Say of Baby's Own Tablets.

A medicine for the baby or growing child—one that the mother can feel assured is absoolutely safe as well as efficient—is found in Baby's Own Tablets. The Tablets are praised by thousands of mothers throughout the country. These mothers have found by actual experience that there is no other medicine for little ones to equal them. Once a mother has used them for her children she will use nothing else. Concerning them Mrs. Charles Hutt, Tancock Island, N.S., writes: 'I have ten children, the baby being just six months old. I have used Baby's Own Tablets for them for the past 20 years and can truthfully say that I know of no better medicine for little ones. I always keep a box of the Tablets in the house and would advise all other mothers to do so."

Baby's Own Tablets are sold by all medicine dealers or will be mailed upon receipt of price, 25 cents per box, by the Dr. Williams' Medicine Co., Brockville, Ont.

On Duty

The great world's heart is aching, aching fiercely in the night,
And God alone can heal it, and God alone give light;
And the men to bear that message, and to speak the living word,
Are you and I, my brothers, and the millions that have heard.

Can we close our eyes to duty? Can we fold our hands at ease,
While the gates of night stand open to the pathways of the seas?
Can we shut up our compassions? Can we leave one prayer unsaid,
Till the lands which Hell has blasted have been quickened from the dead?

We grovel among trifles and our spirits fret and toss,
While above us burns the vision of the Christ upon the Cross;
And the blood of God is streaming from His broken hands and side
And the lips of God are saying, "Tell my brothers I have died."

O Voice of God, we hear Thee above the shocks of time,
Thine echoes roll around us, and the message is sublime;
No power of man shall thwart us, no stronghold shall dismay,
When God commands obedience and love has led the way.

—Frederick George Scott.

Forest Conservation

Ottawa Journal (Cons.): Our spruce forests are rapidly diminishing, with a sure result that at some time in the future, perhaps not very far distant, our Canadian paper mills will find a scarcity of raw material, their production and value will decrease and the price of paper will soar. An argument has long gone on for further restriction of the export of spruce. Some restriction exists now. Restriction is opposed by the contention that it will be an injustice to Canadian farmers who have spruce to sell. But it looks as though the interest of the Dominion at large will be far more hurt by continued export of pulpwood than by a limited number of spruce owners getting—for a short time only—a dollar or two less a cord for spruce than they can get at present.

The King of Pain—Minard's Liniment

No Chance To Fool Boss

Paris Sudmay Gives Sxcuses for Riders Late for Work

Paris—Subway excuses are furnished passengers on the French underground system delayed from arrival at work at a specified time by stoppage or delay of train service. The old alibi of "train late" doesn't go down with the hard-hearted French employer unless accompanied by an official yellow ticket stamped with the date and the name of the station at which the delay occurred. The tickets are furnished by subway and railway officials on request.

Many French business houses take from their employes' salary sums proportionate to losses incurred through tardiness of staff members. When salaries of $25 and $30 a month are paid, as is frequently the case, a few minutes' tardiness can eat heavily into earnings.

A well-known psychologist says that when a man rises in the morning, he should get down to brass tacks. Income tax officials, on the other hand, get up to tax brass.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them uphalf the night?

If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor, always. At other times, a few drops of Fletcher's Castoria.

The doctor often tells you to do just that; and always says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Catstoria is worth its weight in gold!

Children Cry for Fletcher's CASTORIA

EXPECTANT MOTHERS

Read Mrs. Menard's Letter. Her Experience May Help

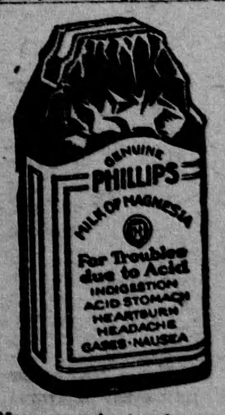
Chatham, Ontario.—"I want to tell you how much good your medicine has done me. Before my baby came I felt so weak and run-down that I could hardly do my work. My head ached continually and I was so discouraged that I could cry from morning till night. I had another baby just one year and a half old and it gave me a lot to do. So I thought I would try Lydia E. Pinkham's Vegetable Compound, as I had read so much about it in the little books. I found a difference right away as my head was relieved and my tired feelings gone. My sister had been doing my washing and she continued doing it, as she said it might set me back if I started to do it again. It sure did help me and I had taken just two bottles when my baby came. He is a fine big boy, now nearly five months old. I am taking your medicine again and I am able to do my work all by myself now. I always recommend the Vegetable Compound to women, and especially to expectant mothers, as I believe they need help at these times."—Mrs. OLIVER MENARD, 24 Harvey St., Chatham, Ontario.

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. *But it's just as important to know that there is only one genuine Aspirin.* The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer manufacture. While it is well known that Aspirin means Bayer manufacture to assure the highest standard of quality, the Tablets will be stamped with the Bayer Cross trademark.



Too Much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.
