KEEP THE KIDNEYS WELL.

Health Saving Explained by a Citizen Who Knows from Experience

Many Flesherton people take their lives in their hands by neglecting the kidneys when they know these organs need help.

Sick kidneys are responsible for a great amount of suffering and ill health.

The reason so many use Booth's Kidney Pills is their quick relief for all kidney weakness. Here is what a Flesherton citizen says:—

Henry Howard, Alice St., Flesherton, Ont., says: "Frequent attacks of pain in the kidney region would leave me in a most miserable and weakened condition, this pain would catch me in the right side of my back and extend into the abdomen. Doctors pronounced it gravel stone, but failed to help me in any way. The urine was highly colored, odorous and contained a quantity of brick dust sediment. I tried Booth's Kidney Pills through the advice of our druggist, Mr. Richardson, and was soon able to lift without suffering from these severe pains. My back strengthened and the urine had soon cleared. The pains have all gone and have not since returned. I will gladly recommend Booth's Kidney Pills as they are certainly a wonderful remedy." Sold by dealers. Price 50c. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents. 3

Priceville

Warm, dry weather last week. Some people hot over politics, and last but not least, some accusing church officials, formerley pronounced temperance men, of having very elastic consciences during the present election campaign, and undoubtedly much to the detriment of temperance legislation. We are glad to see that none of our village clergy are tied down by any SOCIETY or POLITICAL ties, like some others of the "cloth" in our constituency seem to be.

Many respectable persons here expressed their indignation last week at the ill-bred personalities of the Eugenia scribe, whose sex we are ignorant of, but feel sure that they emanated from no lady, and therefore must be the idle vaporings of some silly male, or a formation without any sex—or sense.

John A. McDonald has gone out to the pacific coast and will attend the Presbyterian General assembly at Vancouver, B. C., and will, no doubt, have a very pleasant trip, especially at this season of the year.

Dr. Dixon and young Dr. Jamieson operated on little Robbie Watson, who has been very ill with pneumonia or pleurisy. He seems to be improving, although very pale and emaciated.

Miss May Ferguson, who has been ill for several weeks, is improving a little now.

The result of the election as announced this evening (Monday) is I. B. Lucas 26, P. McCullough 69.

The shower of rain on Monday evening has freshened up the vegetation after the previous week of hot, dry weather.

Married—At Priceville, on Wednesday, June 3rd, by Rev. J. A. Matheson, B.D., Samuel B. Speer to Miss Elizabeth McArthur, all of Artemesia.

East Mountain

A good shower of rain would do a lot of good now. Later—it came.

The neighborhood was grieved when the news reached here last week of the death of Miss Edna Scanlon. Deceased had resided with her parents in this part for some years and was a general favorite with everybody, being a young woman possessed with many good qualities. Her remains were brought up from Toronto to Thornbury for burial.

The Union foot ball team came up last Saturday night and played a game with the "Mountain Rangers." The game resulted in a tie. The Mountain boys are open for an invitation from any of the teams, as they consider themselves good enough to run up against anything.

Mr. and Mrs. W. J. Martin and baby, Wilda, spent Saturday and Sunday with friends in Heathcote.

BREATHE HELP FOR CATARRH

Druggists, W. E. Richardson and Son are Having Splendid Reports from Hyomei Users.

It's the poison germs in the air you breathe that creates and feeds catarrh. Hyomei simply catches these germs on their way to work and destroys them. The first breath of Hyomei air kills all catarrhal poison.

This makes the air you are breathing helpful, it goes on its way through the air passages, bronchial tubes and lungs charged with germ destroying power that cannot be resisted, it soothes and heals the wounded and inflamed membrane.

That is why Hyomei is so instantly helpful for any distress of the breathing organs, colds, croup, bronchits, asthma or dreaded pneumonia, they are the germ life that Hyomei kills.

Complete guaranteed outfit $1.00. Sold by W. E. Richardson & Son, talk to them about it.

The growth is somewhat retarded by the dry weather in this part, though spring crops have made a rapid growth and are looking fine.

Mr. and Mrs. William Wisdom of Mono were drowned on Thursday afternoon of last week on the Hockley road. The accident occurred about four o'clock. According to what can be learned, Mrs. Wisdom and the children left home with a lunch for the men, who were working on the rear of the farm, on the 7th line. As there was every appearance of a storm Mr. Wisdom returned with his family. When the storm came on, they took refuge under an old bridge over a ravine in which there was no water. It is supposed that there was a cloud burst and that the water filled the ravine to the depth of 15 feet, carrying away the bridge and Mr. and Mrs. Wisdom, who were drowned. The body of Mrs. Wisdom was recovered shortly after, and over a hundred men were searching for Mr. Wisdom's body.—Economist.

Owing to the mosquitoes being so numerous, Mr. Robert Smith and his gang of sawyers, who are cutting up 200 acres of standing timber near Duncan for Walker and Filshie, Mt. Forest, were forced to cease operations last week and have returned home for a time. It was impossible to do anything but scratch, so numerous and voracious were the little pests.—Durham Chronicle.
