A Durham livery horse created a small "divarshun" one evening last week by starting for home without his young lady escorts. He ran the buggy against a maple tree, and when it came to a standstill both top an back of the buggy were smashed off. The horse was captured after running half a mile or so, and was able to take the girls home next day.

The Advance was very pleased to receive a call on Saturday from Mr. and Mrs. Geo. LeGard of Chicago, who were visiting relatives and old friends here. Geo. is proprietor of a splendid job printing business in Chicago. He learned his business in this office over twenty years ago and is making money in the windy city.

Word was received here this week from Cross Lake, Keewatin, stating that Mrs. Gaudin, who left here last fall with her son, Rev. S. D. Gaudin, to live with him on his mission field, had fallen down a stair and broken her leg about eight inches above the ankle. She is receiving the best of care, but as her age is 82 years the process of healing will doubtless be slow.

No. 6 Co. volunteers left for Niagara camp Tuesday morning. Twenty men represented the company, which was without a commander, Capt. C. Richardson not going with the men this year. It is expected tha Lieut. Burchart of Owen Sound will take charge of the sqad and possibly amalgamate them with one of the other under-strength companies. The vacillating policy at Ottawa has demoralized the militia in this district.

Mr. W. A. Armstrong drove out to his property on the 14th one day last week and as he approached the place noticed that the house—a frame—was in flames. Hurrying up he found Mrs. Loughlin, who resides there with her husband, engaged in attempting to get the fire under control, with the assistance of two of Mr. Armstrong's employes, but they had given up the task. The many Priceville and Flesherton friends of Mr. S. M. Eastman will be pleased to learn that he has entirely recovered from his recent illness at St. Joseph's hospital, London, and was able to conduct the examinations in History and English Literature at the Western university in May. Mr. Eastman has, for a second time, been awarded the Mackenzie Fellowship, valued at $375 from Toronto University and purposes using it in research work at Paris. He is now in Montreal brushing up his French with a good instructor and leaves for France about midsummer. We predict a brilliant future for this young man if health permits.

Misses Burnaby and Bell, delegates sent by the Department of Agriculture to visit institutes in Grey and Bruce counties, visited Flesherton last Saturday. Both ladies are pleasing speakers and understood their subjects thoroughly. In the afternoon Miss Burnaby gave a demonstration on preparing egg and cheese dishes and spoke on the relative value of foods. She made a statement that surprised many, when she said there was as much food value in one pound of cheese as in three pounds of meat. Miss Bell gave a demonstration on bandaging the hand, arm, elbow, shoulder, and eye, which was very instructive. In the evening Miss Burnaby gave a talk on education of our daughters, and Miss Bell spoke on Men and Women of the Future.

While driving along the 4th concession of Bentick on Monday last, Mr. and Mrs. David B. Hopkins were surprised in a manner they will not soon forget. Just as they were crossing over the River Styx, the bridge on which they were gave way, precipitating them into the river, twelve feet below. The vehicle in which they were riding was a lumber waggon, and when the accident occurred the box was thrown over onto the backs of the horses, carrying Mrs. Hopkins with it. Mrs. Hopkins next fell under the horses' feet, and though the animals were almost frantic with fright, strange to say, she escaped practically uninjured, beyond the bad scare and shaking up she received. Mr. Hopkins also got off with a few slight bruises, and may consider himself lucky it was no worse. The bridge, though an old one, was considered perfectly safe.—Durham Chronicle.
