THOUGHTS FOR REFLECTION.—As we take up the newspaper of a morning, and turning our eyes to that portion of it that records the deaths, we read one has died of Erysipelas, another of Scrofula, and a third from the effects of a Canker, and those all in the prime of life, we cannot but think that, in many of these instances, their names would not have appeared there before old age had called them to their rest, if their friends had administered proper remedies. In view of this subject permit us to suggest that 'Kennedy's Medical Discovery' has become justly celebrated for the cures of the above diseases, and all of a similar nature. We, therefore, cordially recommend it to those whose blood is now flowing corrupt through their veins.

The greatest preservative of beauty known to modern science, is Professor Reed's Hair Restorative and Cosmetic. Among the most important features of female beauty, are a luxuriant head of hair and a fine complexion; both of which should be guarded as sacred treasures, for her may be lost by neglect, or preserved by the use of the above named article; delay is dangerous. We seldom undertake, editorially, to endorse what are called 'Hair Restoratives,' as knowing full well that the great majority of such preparations are entirely worthless. Exceptions there are, nevertheless, and among these we have never hesitated to express our conviction that the article known as 'Wood's Hair Restorative' is entitled to a proud pre-eminence. This article has told its own story in numberless instances of prematurely gray and bald heads, and the certificates in regard to its amazing efficacy have been alike numerous, unsolicited, and emphatic. When Senators of the United States and others (of the highest standing socially and politically) openly declare that 'Wood's Hair Restorative' is all, and more than all, it pretends to be, we cannot but otherwise than believe them. The article can be had at all our Druggists. See advertisement elsewhere. Rahway Republican. Sold by all Druggists. 57

REAL ESTATE.
TWO MILES EAST OF KINGSTON,
On the Banks of the St. Lawrence,
WITH A FULL VIEW OF THE
Thousand Islands and Lake Ontario.

ON WEDNESDAY, the 2nd day of MAY proximo, will positively be sold without any reserve, at JACKSON'S SALE ROOMS, King Street, Kingston,

A FARM OF 100 ACRES OF LAND, in the Township of Pittsburgh, situated between the residences of F. R. Lucas and William Ferguson, Esqs.

It is frequently said that good neighbors are one half the comforts of life. Such being the fact, there is a strong incentive to purchase and build on the delightfully situated land now offered. Irrespective of other valuable considerations, it is as a building site for a gentleman's residence not surpassed on this Continent.

The land offered consists of One Hundred Acres, being the easterly half of Lot letter A, Township of Pittsburgh, on the banks of the St. Lawrence in front, and intersected by the Kingston and Gananoque Macadamized Road—thus affording immediate and convenient access to the city either by water or an excellent road.

There is on the land an almost inexhaustible supply of the choicest limestone, suitable for building purposes, which can be conveniently shipped to any port east or west, constituting it very valuable in this respect as a speculation.

It is beautifully wooded with young oak and evergreens from twenty to forty feet in height. An ice-house, except for dairy purposes, would be quite unnecessary, as the never-failing springs of pure cold water throughout the grounds cannot be excelled.

The description thus imperfectly given is only intended for the information of non-residents, as it would be paying a poor compliment to the good taste and judgment of the inhabitants of Kingston and surrounding country, to expatiate on the unsurpassed beauty, and the delightfully healthy position of the property alluded to. A gentleman desirous of either Woodcock, Snipe, Deer, or Pidgeon shooting, could, in their respective seasons, be here in the immediate proximity of the one, and within a few hours walk of the other; or, if disposed for Fishing, the St. Lawrence, which washes the front of the land, would yield him an unfailing supply of Salmon, Trout, Black Bass, and other Fish.

To the owner of such a locality, a trip to a watering place would be quite unnecessary. Notwithstanding, the place must be sold without any reserve, on the day named, as he owner is desirous of realizing whatever it will bring.

The terms of payment will be made easy.

Sale at the subscriber's office ON WEDNESDAY, 2d MAY NEXT, at 1 o'clock punctually.

JOHN MONTGOMERY

HAS received the Queen's Letters Patent for his ANTI-COMBUSTIBLE SOLUTION, or Mixture for the Preservation of Life and Property, by making Houses Fireproof outside and inside, and preventing fire from spreading from one house to another. A small quantity will extinguish fire almost immediately. It is also strongly recommended for Shipping, as it will extinguish tar or any other inflammable substance.

John Montgomery & Son wish to have a good and respectable Partner, who could advance £100 for the fitting up of the factory. He will be intitled to one-third of the profits arising from the Patent Right for any number of years that may be agreed upon by the parties. The money will not all be required down now, but as the factory progresses. It will be a profitable investment for so small a sum.

John Montgomery will sell his Patent-right to Towns, Municipalities and Counties; as it is particularly adapted for Farmers' Barns and Outhouses, which, when saturated with this solution, no fire can touch them.
