Our senior football team, accompanied by a goodly number of rooters, journeyed over to Markdale on Saturday evening last and played a game with the Wodehouse team. While the referee declared the game a draw, neither side scoring, yet our boys claim that they were justly entitled to at least one or two of the goals that they scored. However, the referee, who seemed to give Kimberley the cold shoulder at critical periods, declared it a tie. But for the phenomenal work of Rev. Mr. Laidlaw, the Wodehouse goal tender, the score would have been away up, as our boys easily outplayed Wodehouse in practically every stage of the game. On account of the tie the prize, some $28, was divided equally between the two teams.

Miss Adda Wright of Flesherton was the guest of her cousin, Miss Addie Gaudin, for a couple of weeks recently.

Take a Vacation

Now is the time to take a vacation, get out into the woods, fields and mountains and visit the seashore, but do not forget to take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy along with you. It is almost certain to be needed and cannot be obtained on railroad trains or steamships. It is too much of a risk for anyone to leave home on a journey without it. For sale by W. E. Richardson.

Over Thirty-five Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by W. E. Richardson.

A goodly number from here attended the celebration at Dundalk on the 13th, and some of them were treated to a good shower of rain on the way home, but it did not seem to dampen their spirits one bit.

Rev's. Egerton and Stanley are holding a series of meetings in Wareham this week and last week also.

We are pleased to know that Mr. Winters, who met with an accident a short time ago, is improving splendidly under the care of Dr. Bond.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him $100,000.

In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Islann, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill.

10th Line, Osprey.

Mr. John Shipley of Chicago is visiting his sister, Mrs. John Weldrick.

Mr. Thomas Brown, an old pioneer of Osprey, died at his home near Singhampton on Friday last. He came to Osprey about forty or fifty years ago and leaves to mourn their loss a wife and six children, one son and two daughters at home; Thomas, Mrs. Thomas Elliott of Osprey. Haying is commencing. The recent rains damaged a large amount that was cut, but the good that was done to other crops would more than offset the damage done.

An elderly woman named McPhail, who has been stopping whith friends near Singhampton, became mentally deranged and on Saturday morning went to Brewster's lake with the avowed intention of drowning herself, but evident-thought better of it. Search parties dragged the lake while others scoured the bush, where she was discovered in the evening none the worse for her outing. I understand the woman's home is in Oregon.

Forest fires destroyed large quantities of valuable timber in Lake Nipissing and Montreal River districts.

Eugenia.

Haying is now claiming our farmers' time and attention. Fall wheat is ready to harvest, so the rush of work has commenced and will continue for some time to come. There are "bumper crops," as our western cousins say, and as the busy farmer feeds the rest of mankind let us hope times will be good and every sort of business boom.

Robert Haney received a message on Friday to attend the funeral of his father, Mr. Thomas Haney, of Gillies Hill. The old gentleman had passed the alloted span of life and for a long time has been very feeble.

John Campbell, who has been working in New Ontario for some time, is home on a visit to his parents, Mr. and Mrs. Campbell, of the Valley.

Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy, which cured him and believe that saved his life. —WILLIAM H. STROUND, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain, printed directions and a cure is certain. For sale by W. E. Richardson.

Of 1,555 students writing on the entrance examination in Toronto, 957 were successful.

A young man on the "Indian list" got very drunk in Alliston the other day and Inspector Henderson summoned him before the magistrates. He could not, or would not, give a very clear account of where he got the liquor, and he was fined $10 and $3.35 costs.
