Mrs. Leslabay of Toronto will give a Viavi health talk to the ladies of Flesherton on Thursday, July 30th, at Mrs. Herbert Smith's, at 3 o'clock. All ladies are cordially invited.

On Friday last Mrs. Fred Tucker received word of the serious illness of her sister, who resides at Dayton, Ohio. Mrs. Tucker left by the first train and expects to be absent a month.

A Toronto evening newspaper telling of Longboat's victory in the London marathon was on the street before the cable was received which announced his failure at the twentieth mile.

A cup has deen donated by several "wealthy citizens" to be competed for by two town baseball teams. The cup is made of galvanized iron, nicely decorated with gold paint and was manufactured by Norris Bros.

Mr. Geo. Mitchell caught a trout last week which measured 16 inches in length and weighed 1 pound 9 ounces. He had to have assistance in landing the beauty. Charlie Mosier says this is not a large sized trout, that there is one up at Beattie's creek, which is much larger than that, but he hadn't been able to get it-- yet.

Some of the bright specimens of humanity which hang around the street corners in town at nights one night recently emptied the automatic collar button machine in front of Boyd's store. What value so many collar buttons would be to anyone is hard to understand. Someday these thieves will come to grief.

The usual camping party will go to Ewart's Lake, near Berkeley, for their annual camp, leaving here next Saturday. The party will consist of Dr. E. C. Murray, Will Somers, Charley Ottewell, Charley Richardson, also Geo. Richardson and Dr. Fred Murray of Toronto. A baker's dozen of Dundalk's prettiest young ladies will also go into camp at Bell's lake next week. There is no connection between the two sections of this item

Mrs. Wm. Johnston of Durham was found dead in an out house on Thursday morning of last week. Mr. Johnston is organizer for the Chosen Friends and was out near Meaford organizing a lodge when the sad news reached him. The suicide theory is held by some, while others think medicine taken in too great a quantity to ease pain was the cause of death. The deceased lady leaves a grown up family. She was 58 years of age the day of her death.

Mr. Alfred Heard of Seattle, who visited his cousin, Mr. John Heard here last week, is the youngest son of Thomas B. Heard, who lived at the Basswood Corners and sold out to John M. Davis some thirty years ago. Mr. Alfred Heard is a man of thirty-five years of age and is a musician of considerable ability in his line and is leader of a band in connection with the Volunteers of America, an offshoot of the Salvation Army. Mr. Heard is now on his way home to Seattle.

Mr. James Hoppe met with a nasty accident last week that was bad enough but might easily have been much worse. While unhitching a horse the animal became fractious and in attempting to stop it Jim fell and the animal stepped on his leg. The toe cork tore a bad gash in his right leg near the body. The large artery had a narrow escape from being severed. Jim is this week walking around, but he still puts his foot down very carefully and moves slowly.

Mr. M. K. Richardson and Miss Christene Richardson, Flesherton, and Mr. and Mrs. I. B. Lucas of Markdale, left Wednesday morning for England. The party will sail by the C. P, R. steamship Lake Erie on Saturday morning from Montreal. The Lake Erie is fitted up in modern style with Marconi wireless and all modern conveniences and no doubt the party will have a most enjoyable trip. They are built of the right material to appreciate it, too. Mr. Lucas has never crossed the salty billows, but if we mistake not he can stand considerable shaking up. He will probably head off the mal de mer before it begins. Mr. Richardson will look into child saving methods while away, but does not think England has much to teach us in that regard.

The Methodist Ladies' Aid garden party on Tuesday evening was a great success. The ladies' baseball match between Markdale and Ceylon teams proved a most interesting and exciting affair. For Ceylon Kate McLeod pitched most of the match and showed that she knows a little bit about the game. Her sister, Bella, backstopped and certainly starred it there. No ball was too high, wide or swift for her to catch. Then the Ceylon girls too, could steal bases, and run like dears. The Markdale girls could play some, also, but somehow Ceylon came out on top to the extent of 38-15 runs. The Flesherton Band was present. Tea was served in the agricultural hall. The proceeds were in the neighborhood of $70.

The Grey Old Boys' excursion from Toronto on Saturday next will, no doubt, bring the usual large number of visitors to town. In this connection we might say that the badge chosen by the Old Boys this year is the handsomest thing in that line yet produced. It is in the form of a large button with ribbon attachment and bears an unusually fine view of Eugenia falls, taken from the west bank of the river on the mountain's brink. It is the only picture we have seen taken from this point and was photographed by the editor of this paper a couple of years ago. The badges sell for only ten cents and everybody should get one. The idea of using a bit of Grey county scenery on these badges each year should prove very popular. They would be something worth preserving.

Last week our attention was drawn to the fact that in the report of the first of July trades procession we had omitted mentioning Mr. J. H. Heard's blacksmith display. We refer to it at this late date in order to point a moral. Occasionally people feel sore at a newspaper because of some unintentional error or omission and instead of informing the editor of the omission they never attempt to get it rectified but hold it against the paper. If they could see the hurry and rush that sometimes occurs in order to get forms made up in time to catch the mails charity would find a greater place in the hearts of many, and they would even wonder that there are not more errors. When anything of the above nature occurs we want our attention drawn to it, when it will be rectified in every instance.

Just two years ago Mr. John Breen of the the suburbs had his ankle broken while fixing a mower. Friday last he was driving a hay rake on his son's farm, a mile and a quarter south of the village, when some portion of the harness broke, partially letting the shafts drop. This caused the horse to attempt a runaway, with the result that some part of the machine struck Mr. Breen several severe blows on the side, breaking three ribs. When Mr. Breen got off the machine he started for home without letting his son know he was injured, and managed to walk the whole mile home, but upon entering his own yard fell on the grass and had to be assisted into the house. He is confined to his bed with the injury. His wonderful grit and determination is matter of general comment.

Mr. Thompson learned his trade on the Dundalk Herald and left for the West three years ago. He speaks in high terms of praise of the beautiful Okanagan valley.

Mrs. J. H. Heard Dead

Mrs. J. H. Heard passed away at the residence of her son, Will, Toronto Line, after two months' confinement to her bed, at the age of 73 years. Mrs. Heard was one of the first residents of this village. She was born in Scotland and came to Darlington township with her parents when 11 years of age. In 1860 she was married to the late John Henry Heard, and came with him to Flesherton, where he had opened a blacksmithing and carriage business. Mr. Heard died four years ago. Mrs. Heard leaves two sons and one daughter—John, who carries on the business here; Will, living on the Toronto Line, and Mrs. David Blair of Swansea. The funeral will take place to Flesherton cemetery to-day (Thursday) at 1 o'clock p.m.

Over Thirty-five Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by W. E. Richardson.

On Monday night all the searchlights in Quebec were turned on the clouds. The light was visible in Montreal.

Two hundred citizens of Windsor are to be called to the Custom House to answer to the charge of smuggling from Detroit.

Rev. A. H. Ranton, the well-known Toronto evangelist, was married recently to Mrs. Jean Harrison of Strathroy. The ceremony was performed by Rev. Richard Hobbs in the presence of only the immediate relatives. Some months ago, in the course of his evangelistic tour in the province, Mr. Ranton conducted services in Strathroy for several weeks and there met the lady who is now Mrs. Ranton. Mr. and Mrs. Ranton will reside at 620 Euclid avenue, Toronto.

Editing a paper is a nice business. If we publish a joke, people say we are rattle headed. If we publish original matter, they say we don't give 'em enough selections. If we give a man a "puff" we are partial. If we compliment the ladies, men are jealous. If we don't, we are publishing a paper not fit to make a bustle of. If we remain in our office, we are too proud to mingle with the "common herd." If we wear good clothes, we don't pay for 'em. Now what shall we do? Some may say we stole this from an exchange—and we did.
