A couple of years ago Miss Mabel Munshaw got her left hand scalded. Recently the little finger has been giving her trouble by becoming drawn up. On Monday Dr. Carter, assisted by Dr. McWilliams of Dundalk, operated on the finger, making six incisions and bringing it back to the natural position.

The boys up at Ewarts' lake are having considerable success landing big fish this year. One morning last week Dr. Murray succeeded in landing a trout measuring nineteen inches in length and weighing three pounds five ounces. Mr Gardiner of Mt. We notice by the Treherne, Manitoba, Times of recent date that Rev. R. G. Pritchard was made the recipient of three presentations in one evening, on the eve of his departure to another field. The first was by the young men of Minto, not church members, who prized Mr. Pritchard for his sterling qualities and wished to recognize them in this way. The other two were given by members of his congregations. Mr. Pritchard is a son of Mr. G. Pritchard of Vandeleur and a brother of Mrs Rob. Richardson of the suburbs. He is well liked in the West, as he was here before leaving here a few years ago.

A young man came into town from the south Monday at 4 30. To a reporter of The Advance he said he left Toronto at 12.30 p. m.—four hours before—and intended to reach Port Elgin by way of Durham and Walkerton that evening. His mode of conveyance was a Brown motorcycle, manufactured in England, capable of travelling at 55 miles per hour. He says he travels it at about 35 miles, and it will take the worst hill at a 25 mile clip. This is certainly going some, and beats anything that has struck this town yet - even the C. P. R. The machine costs $235.

Born—In Markdale, July 20th, to Mr. and Mrs. Geo. Alton, a son.

Lost—A black fountain pen on Tuesday, Aug. 11th, between Hoy's corner and Flesherton. Finder please leave at The Advance office.

Mr. James Ashdown, foreman of construction on the Canadian Pacific met with a painful accident on Wednesday as the result of which he is now confined to his house on Bay street. He was in charge of a gang engaged in reballasting a portion of the line near Markdale and while standing on a car containing cinders the engine attached backed up with unexpected force. Mr. Ashdown was hurled from the car his head coming in violent contact with a pile of cinders. He sustained a painful scalp wound, and an injury to his right hand, besides being severely shaken. He was brought to town on the excursion train and his injuries dressed.—O. S. Times.

Among those who are receiving congratulations for passing the Normal School Entrance examination we notice the names of Roy Fletcher, Stone's Line; H. B. Weber, Kimberley; and Willa Wright, Flesherton, who passed, but failed to secure honors. Among those who passed their Junior Matriculation and are qualified to enter the University, we are pleased to note, Wilfred L. Cullis, Vandeleur; Roy Fletcher, Stone's Line; Olive Gilbert, Kimberley; H. B. McKinnon, Priceville; and W. Trelford, Markdale.

Arthur Whittaker, son of Mr. Arthur Whittaker, late of Ceylon, met with a severe accident recently near Walkerton. The Bruce Times gives the following particulars: "Arthur Whittaker, a C. P. R. workman, is lying in the hospital here in a critical condition as the result of being run down by a train while riding a jigger near Allan Park on Monday night. The injured man is a resident of Durham and at the time of the accident was speeding towards his home on a railway velocipede or jigger. The noise of the jigger and the darkness of the night kept him from hearing or seeing a rapidly advancing train, and it was not until the accident had almost occurred that Whittaker was aware of the presence of the train. The force of the collision threw the jigger off the track and hurled its occupant heavily to the ground. When picked up, Whittaker was found to be severely hurt and the services of a physician were hastily procured. The following morning he was removed to the Bruce County Hospital, and placed under the care of Dr. H. H. Sinclair. Upon examination it was found that his injuries consisted of a bad gash some four inches long in his head, a cut scratched face, a crushed foot that almost required amputation, besides a painfully bruised body and a severe shaking up. Considering the nature of the accident Mr. Whittaker is open to congratulations for having escaped with his life."

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except Libby Prison diarrhoea, which this remedy stops at once." For sale by W. E. Richardson
