We are sorry to record the death of Mr. Hugh Robertson. He had been visiting his daughter, Mrs. Hammil, for the past two months and on Tuesday, 18th inst., left for his home in Weyburn. On Monday evening his daughter received word of his death. The remains were taken home by his son, William, who lives near Weyburn. The friends have the heartfelt sympathy of the community in their sad bereavment.

The latest outing is wading the Mad River from Milltown to Glen Huron, which a number of our town people ventured last week. Some still bear the marks of their tumbles.

Eugenia.

Again the harvest is over and summer almost gone. In some places the woods are assuming their autumn tints, to remind us of approaching winter.

Farmers have certainly had a good harvesting time for the past two weeks. For the root crop a rain would be very welcome. At present the ground is almost too dry for putting in fall wheat. Threshing is going ahead. The yield of grain is very good. Some places where there was a good crop of grasshoppers the grain is rather light.

Our summer resort has been well patronized by visitors this season. Host Munshaw had difficulty in finding room for so many. Misses Davidson and Lauder of Durham are enjoying a good time. Messrs. Jack Dundas and Laurie Munshaw of Markdale, spent a pleasant holiday there; also Mr. Thomas Spence, of the Toronto Fire Department, who still finds pleasure in spending his vacations here.

Some of our young bachelors are having improvements made around their houses. It appears as though they meant business before leap year is over. Possibly some fair maidens have been smiling at them. It seems that that is the way some brides won their husbands, according to their own stories.

The steam shovel and gravel train are still in operation at the big gravel pits in the "glen," four miles west of the village.

We are informed that Mr. Peter Muir has purchased the Bob Reid farm at "Spooks'es Pass", O. D. R. In the early fifties this portion of the road was terribly infested with spooks, and the first settlers (runaway slaves) very often had great difficulty in "gettin' hum o' dark nights."

Matt. Scott (doctor), who removed from here to southern Alberta two years ago last spring has sold his farm out there for $4,000. Better than peddling herbs, eh?

Mr. W. Whyte's barn on lot 18 N. D. R. was burned on Saturday night about 12 o'clock. The origin of the fire is not known—probably incendiarism. The season's grain was all in the barn, except peas. The loss to Mr. White is no doubt great.

Mr. Donald McMillan, south line, took the train for Manitoba on the 22nd after receiving a telegram that two of his sons were in the hospital seriously ill with typhoid fever.

Two of our young townsmen were bathing in the mill pond at the roadside last Sunday morning while the people were returning from church, thus violating the Lord's Day Act. We do not know whether their case is reported or not, but if a similar breach occurs they will certainly get a reminder.
