Large crowds went down from this station to the exhibition this week. The regular train Tuesday morning was so crowded that there was scarcely a foot of standing room in the whole train.

A new lodge of A. F. and A. M. is under process of organization in Markdale, over which Mr. W. A. Armstrong of this place will preside as W. M. for a year, until it has got under full sail. We wish our sister lodge success.

The Durham Review referring to the band concert there says: "Flesherton has a young band, practically a new one, but they made a very creditable showing and supplied some fine music, notably a medley of popular Irish airs."

Don't be afraid to give Chamberlain's Cough Remedy to your children. It is intended especially for coughs, colds, croup and whooping cough, and it is the best medicine made for these diseases. For sale by W. E. Richardson.

The present season has been an excellent one for ripening tomatoes. The editor's garden has produced about five bushels of ripe tomatoes this fall. The first one was picked on July 21. This is something almost unheard of in our high latitude.

Mr. Robt. McKee of Collingwood called on The Advance last week. We were pleased to have him call—very pleased. He payed for his paper [illegible] in advance and his brother's [illegible] We are always pleased to have [illegible] with the cash. Come along.

Osprey township Sabbath Sc[illegible] Association will hold their annual co[illegible]vention at Maxwell on Tuesday, Sept. 15 next, with afternoon session at 2.30 in the Presbyterian church and evening session at 7.30 in the Methodist church. Programs have been issued.

The Presbyterian Ladies' Aid will give a chicken pie supper in the basement of the church on Wednesday evening, Sept. 16th, after which a varied and pleasing programme will be rendered in the auditorium, commencing at 8 o'clock. A cordial invitation is extended to all. Admission 25 and 15 cents.

At the regular monthly meeting of Prince Arthur Lodge, A. F. and A. M., on Friday evening last, a resolution of condolence was passed and ordered to be forwarded to the widow of the late Wm. Strain. Mr. Strain was one of the oldest members of Prince Arthur, but took out his clearance papers a few years ago.

Speaking of the Band Concert there the Durham Chronicle says: "For the Flesherton and Durham bands, we have nothing but praise. Organized within the past three years, the citizens of Flesherton have a right to feel proud of their musical aggregation, who throughout the evening discoursed most creditable selections from time to time.

A fifteen-year-old son of Mr. James Stinson, gravel road, got a bad shaking up one day last week. He is fortunate in still being in the land of the living. He was engaged in plowing and had the lines tied around his waist when the horses became restless and started off, dragging him from his feet. In some way things got so badly mixed up that one of the horses fell on top of the boy, who was badly bruised, but no bones were broken.

Proton baseball club came up and played a return match with the Flesherton club on Friday evening. We feel a little shy about naming the result. Andy Wilson says Proton won, because that club only had to circle the field half as many times as the Flesherton club. The Proton club did the complete turn nineteen times. Double that for the Flesherton club and you have the result without being told. It was too big a score for a league game. The Ladies' clubs that have played here this summer kept the score down much better than that.

Mr. John Montgomery, a young student, occupied the Methodist pulpit Sunday morning, and Mr. Crone of Markdale in the evening. Both sermons were much appreciated by those who heard them Mr. Montgomery is a clever young man. He is a son of Mr. James Montgomery of the Orange Valley. Mr. Crone has been heard here several times, and always with appreciation, but he rather surpassed himself Sunday evening.

Capt. Bemrose of Maxwell, who has been a very successful and popular lake captain, met with his first serious misfortune on Saturday morning last, when his fine vessel, the King Edward, of the Algoma Steamship line, ran on Chantry island at the entrance to Southampton harbor, during the prevalence of a dense fog. The passengers were all landed safely and the steamship lightered. The steamer's bottom was torn by rocks and will likely prove a total loss.

Mr. Jack Stuart of Powassan was in town during the past week, returning home Tuesday, accompanied by Mrs. Stuart, who has been making a prolonged visit with relatives here.

The attempt at a civic holiday on Monday was a dismal failure. The stores, postoffice and several other business places were open as usual. It is a pity a day satisfactory to the majority could not be decided upon for a holiday of this kind. In this case it was shipping day and its observance by the stores would have been a hardship to both merchants and customers.

Miss Louise Rorke, of Clarksburg, one of the number of school teachers, has been fortunate to be accepted as one who will visit the old country this fall. She will leave early in September and will be absent about two or three months.

A farmer near Preston, Waterloo county, threshed 395 bushels of fall wheat from 9 acres, that is, 43 bushels to the acre. Wheat generally yields 25, 30 and 35 bushels to the acre in the old county of Waterloo.

Mr. Peter Ferry, a well-to-do farmer residing on lot 30, Con. 3, Euphrasia, had his barn and its contents, including all the season's grain, completely destroyed by fire on Monday evening. Mr. Ferry was in town on Tuesday afternoon and stated that he was at a loss to know how the fire originated, as up to the time it broke out there had been nothing in the shape of fire either at the house or near the barn. What is commonly known as the Dawn Methodist church, a short distance away, also took fire and was soon reduced to ashes, together with the shed in connection. The church was a frame structure and had been standing for some years, being regarded as one of the old landmarks of the township. In the barn were 310 bushels of wheat and 25 tons of hay, as well as a considerable quantity of other grain and a number of farm implements. Mr. Ferry estimates his loss at $3,600, partially covered by an insurance of $700.—Mirror.
