The Value of Economy

Many people fail to save, because they do not realize the importance of small economies.

The practice, once begun, of laying aside a portion of your income, no matter how small, every week or month, will soon become a fixed habit.

The result in a few years will probably surprise, and certainly gratify you.

After one month of extreme heat, smoke and dust, the welcome break came as a blessed relief on Monday, when a nice prolonged rain set in, followed by cool weather. To the thrifty housewife, who had emptied her cistern long ago, the longed-for rain was quite as welcome as to the agriculturist who wished to do some fall ploughing, but whose implements could not work the dry soil.

With our new press we can now handle any amount of news and would particularly request that interesting items be handed in or our reporter informed of anything that is going on. It is our ambition to give all the legitimate news going, but in order to do this it is necessary for those becoming acquainted with events to inform some member of the staff or drop it in the postoffice. Help us to get all the news items in this manner and rejoice in the knowledge of a good act well performed.

Don't forget the entertainment under the auspices of the South Grey teachers' association in the town hall, Flesherton, on Thursday eve., Oct. 8th. Miss Elsie Dixon Craig will be there. Of Miss Craig the leading Toronto papers have the following to say: "She has a perfectly controlled voice of unusual quality ranging from a deep baritone to a high alsetto. Vocal and facial expression are alike excellent. She has a strikingly prepossessing appearance. Her greatest success is in "Vocal Contrasts"—(which will be rendered Oct. 8th) In this poem written for her by her teacher, Mr. O. A. Smithy, her tones vary from the crying of a young child to the deep bass growl of a political orator."

The Advance has, during the past week, taken a great big stride ahead in the march of progress by installing a two-revolution 6-column Campbell press and a gasoline engine, purchased from the well-known firm of Miller & Richard, typefounders and pressmen of Toronto. This places us on a capacity footing equal with any newspaper office in the county, and will enable us to enlarge the paper and do better work and five times as much of it. Mr. Doughty, a practical machinist employed by the firm, has been here for a week past putting in the machinery and getting it into order. The press weighs over five tons, exclusive of the engine.

For Sale—One Sherlock-Manning organ, nearly new, at half price. Lewis F. Kipp, Flesherton, Ont.

Rev. J. S. I. Wilson, B. A., B. D., preached two thanksgiving sermons in the Methodist church on Sunday to large congregations. The church was lavishly decorated with all the garden and orchard products of the year. Special music was provided by the choir. At the evening service a quartette, "Now the Day is Over," by Misses Thurston and Trimble, Dr. Murray and R. Wilcox, was beautiully rendered and much enjoyed by those present. The evening sermon was on the subject of Tares—"Let them grow until the harvest ** And the harvest is the end of the world." The subject was handled in an original manner and in Mr. Wilson's own immitable way.

In last week's issue we mentioned the fact that our very esteemed friend and M. P. P., Mr. I. B. Lucas, had observed a sea serpent in his transit across the Atlantic a couple of weeks ago. The animal has been identified and turns out to have been a common icthyostomachacicuss, that left the common trail on the water, which was fairly calm at the time the animal was seen. *We* make this explanation with pleasure, and are pleased to assure Mr. Lucas' many friends that it was nothing worse.

Go to the blood, if you are to drive out rheumatism. A Wisconsin physician, Dr. Shoop, does this with his Rheumatism Remedy—and with seeming success. Rub-on's, says the doctor, never did cure Rheumatism. It is more than skin deep it is constitutional, always. Because of this principal, Dr. Shoop's Rheumatic Remedy is perhaps the most popular in existence. It goes by word of mouth from one to another, everywhere, Grateful patients gladly spread results. It is an act of humanity, to tell the sick of a way to health. Tell some sick one. Sold by all dealers.

Reform Convention.

About 100 East Grey Reformers met in convention here on Saturday last to select a candidate to contest the riding in opposition to Dr. Sproule. The first order of business was the election of officers, which resulted as follows; President, A. C. Patterson, Blantyre; Vice-President, R. D. Carruthers, Kimberley; Sec.-Treas., J. E. Foster, Clarksburg. Mr. Hartman was offered the unanimous nomination but declined, as he had carried the banner on two former occasions. Other nominations made were: P. McCullough, Markdale; Dr. Brown, R. D. Carruthers, A. C. Patterson, John Boland, A. Guy, J. D. Morgan and E. Raymond. All retired in favor of Mr. Raymond, who was declared the candidate. A resolution was passed expressing confidence in the Laurier Government.

Stomach troubles would more quickly disappear if the idea of treating the cause rather then the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by all dealers.

Some weeks ago a representative of the Ottawa Government visited Arthur and took evidence of the capture of Moir. Several parties claimed the reward, among them Robb brothers, of Nichol township, for whom Moir worked, who claimed they gave the necessary information. Their claim, however, did not meet with favor and they were promptly turned down. After a careful scrutiny of the evidence it was decided that P. J. Farrell, Arthur's chief constable, and Mr. Draper were entitled to the reward. On Tuesday week policeman Farrell received the Government cheque for $500, which was well merited, and divided equally between himself and Mr. Draper.

When You Take Cold

One way is to pay no attention to it; at least not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway.

Ayer's We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor

When the bowels are constipated, poisonous substances are absorbed into the blood instead of being daily removed from the body as nature intended. Knowing this danger, doctors always inquire about the condition of the bowels. Ayer's Pills.
