Go to the blood, if you are to drive out rheumatism. A Wisconsin physician, Dr. Shoop, does this with his Rheumatism Remedy—and with seeming success. Rub-on's, says the doctor, never did cure Rheumatism. It is more than skin deep it is constitutional, always. Because of this principal, Dr. Shoop's Rheumatic Remedy is perhaps the most popular in existence. It goes by word of mouth from one to another, everywhere, Grateful patients gladly spread results. It is an act of humanity, to tell the sick of a way to health. Tell some sick one. Sold by all dealers.

While in Flesherton on Saturday we spent a pleasant hour in conversation with Editor Thurston, of the Advance, and were pleased to note he is keeping abreast of the times. Stomach troubles would more quickly disappear if the idea of treating the cause rather then the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail then the organs must falter Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by all dealers.

R. L. Borden, the Conservative leader, spoke in Hanover on Thursday afternoon last and in Durham at night to large audiences. The Durham meeting had not been well advertised. If railway facilities had been better a large delegation from here would have gone over to the cement town, but we all had to stay at home. Let us philosophically decide that we are better off in pocket and just as well off mentally. However, there are very many in this vicinity who would have liked to hear Mr. Borden.

After many weary weeks of lost time and much inconvenience to the travelling public it has been announced that the C P. R. strike of mechanics is ended. From the meagre information supplied it looks very much as if the men had lost everything that they struck for and the C. P. R. has won everything in sight. The company, however, agrees to take back all its old employees so fast as it can make places for them with prejudice or ill feeling to none. The battle has cost many thousanbs of dollars to both men and company, and the whole county has suffered severely from the evil effects of this strike.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give Dr. Shoop's Cough Remedy its curative properties. No opium, no chloroform—absolurely nothing harsh or harmful. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by all dealers

REV. ROBERT McHARDY

Mr. McHardy, evangelist, is at present holding a series of evanglical services in the Methodist church, beginning on Sunday last. The two services on Sunday were well attended, and the addresses were impressive. Mr. McHardy is a pleasing, convincing speaker, and created a most favorable impression on his hearers. He is not of the more common fiery oratorical type of evangelist, but depends more upon argument and appeal to his hearers, while his method of conducting the services commends itself to all thoughtful people.

Mr. McHardy is assisted by Mr. McBretney, a singer of extraordinary power. Mr. McBretney has a very pleasing tenor voice that is thoroughly trained, powerful and under wonderful control. Flesherton has never heard a better male voice, and that is saying much.

He belonged to the Mendellsohn choir of Toronto and has sung in New York and Buffalo choirs. This is his first attempt along the evangelical line.

Everybody should hear the message that these gentlemen have to deliver, and we bespeak for them crowded houses of attentive listeners.
