Cheated the Gallows

A few minntes before 5 o'clock, Wednesday morning of last week, James Farish Creighton, who was condemned to death for the murder of his wife and two step-daughters in May last, died in his cell at Owen Sound.

An autopsy revealed the cause of death as cirrhosis of the liver, caused by nervous excitement—a rare case.

Port Law

Fighting fire—that is what a good many of our citizens have been doing the past few weeks. Many hearts rejoiced to see the rain on Saturday. A great deal of damage has been done to timber and fences. Luckily, buildings have escaped and all danger appears to be now past. The damage done has in a measure been counterbalanced by the clearing up of a good many unsightly spots, hard at other times to clear. "It's an ill wind that blows nobody good."

Threshing is pretty well finished in this part. The yield of oats, although far below early prospects, the grain being generally light, is perhaps not far below the average in bulk. Other grains have done fairly well, especially barley. Feed of all kinds is plentiful.

The sudden death of Frank Holman has cast a sad gloom over this community and all sympathize deeply with his parents, sisters and brother in their bereavement, coming as it did at a time when he seemed so much needed and when developing into a good and useful man, as he had made a right start in life. His example was one that other young men might safely follow. The testimony he left is a source of great comfort to the family, and a bright ray in an otherwise dark hour.

Mr. Wesley Jamieson, who has been in a hospital in Toronto with typhoid fever, arrived home last week to convalesce.

Mr. H. Holman returned to Toronto on Tuesday to continue hospital treatment.

Mrs. J. A. Thompson visited the parental home at McIntyre for a few days.

Mrs. J, W. Lyons visited her sisters near Markdale lately.

Mrs. Falconer and son, of Haliburton, visited the former's brother, Mr. Wm. Blakey.

The Royal Templars held an At Home Thursday evening last to which a number of past members were invited. Games of various kinds were indulged in. Short addresses were given by the Select Councillor, J. H. Watson; the Recording Secretary, and our popular young teacher, Mr. McDonald. A bountiful supply of refreshments was served by the Council and all appeared to spend a night of thorough enjoyment.

Chas. McConell and family of Dundalk have removed to Toronto, where they will henceforth reside.

Neil Arbuthnot of McMurchy settlement, Collingwood, one of the pioneers died recently.

Fell Off The Train.

Mr. Mark Wilson had an experience last week that he would not care to have repeated if he lived as long as Methuseleh. When the train was leaving Orangeville on Monday evening for Toronto, Mr. Wilson got on the rear end and stood there some little time. As the train approached a sharp curve he stepped towards the door to enter, but at that moment the car hit the curve and a sharp lurch was the result. Mr. Wilson was thrown on the protecting rod at the rear, which was defective and gave way letting, him fall backward. At the time the train was travelling at a pretty high speed on a down grade. Mr. Wilson fell between the rails on his side, but was not stunned, and fortunately was not so seriously injured but that he was able to walk back to Orangeville station, where he caught the Teeswater train for the city. In the meantime he had been missed by his friends, and the train he had been on was held at Melville Junction until the arrival of the Teeswater train, and a telegram sent back to Orangeville for the Teeswater train to look out for a man on the track, while the brakeman and another man went back to look for the "remains." Mark got off with a sprained wrist, bruised side and chest and battle-scarred pants. It was an exceedingly close call and he has since been the recipient of many congratulations.

Though the long drouth this season was rather unfavorable for the root crops, W. Bell, Banda, had an exceptionally fine yield of mangels on a small piece of ground. The land measured 26½ x 21 yards, and on this he grew 4½ cords of mangles of immense size. Two of them, for instance, tipped the beam at 62 pounds, Herb Duff pulled and topped the whole crop in 8½ hours, all of which goes to show that the grass did not grow to any extent under Herbert's feet that day.—Creemore Star.

Last year the council of Barrie ventured upon the experiment of printing their assessment roll. It has proved so advantageous that it will be repeated this year. When the motion to authorize the printing was before the council the mayor expressed his approval of the expenditure, saying that he considered it one of the best investments made. The town clerk corroborated this oppinion.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend
