Kimberley, Oct. 28th, 1908.

DEAR BROTHER ALLEN:—We, the members of L. O. L. No. 1340, desire to express our sincere regret that you are about to sever your connection with us. During your membership with us as a brother we learned to love and respect you for your sterling manhood, uprightness as a brother, and your fidelity to the principles of our order, both, as an officer and as a private member, you always proved yourself a man of high aims and good motives and in the promulgation of the principles of our association, you were all that could be desired. We trust our loss may be some other lodge's gain and that your connection with the order in the future will be both, long and honourable. As for yourself and family, our earnest hope is that you may all enjoy your new home and that you may have both a happy and prosperous future in the fields to which you are going. As a token of our good will and an evidence of the esteem in which you are held, we beg to present you with this watch chain and locket, which we ask you to accept not on account of its intrinsic value, but as a souvenir of the happy relations, which existed between us during your connection with 1340. Signed on behalf of the lodge, Thompson Allen, W. M., Fred Stuart, D. M., Robert Lawrence, R. S.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an admit. For sale by W. E. Richardson.

Marked His Ballot at the Age of 106

John Butler, a resident of Lindsay, and 106 years of age, voted at the elections yesterday. He is by far the oldest voter in the riding, and it is probable that he is the oldest in the province. Despite his great age, Mr. Butler is still well and hearty, and though driven to the polls to mark his ballot for Dr Wilson, the liberal candidate, it was because of the disagreeable weather.

The centenarian was born in Clare county, Ireland and with his father and mother and seven brothers and sisters, emigrated to Canada shortly after the potato famine in the Emerald Isle. The family landed in Quebec on July 16, 1853, and there they divided, John going to Artemesia, township. Since then he has been in many places, principally in the United States and for forty-five years he has been a resident of Lindsay, and has practically grown up with the town.

The patriarch can recolect many interesting historical events of the past century, and has a remarkable memory. He has several sons and daughters and they vouch for the authenticity of his stated age.

Mr. Butler has always pursued the laborer's vocation, and even yet does considerable work around the home of his daughter, Mrs. John Collins, where he resides.—London Advertiser.
