It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr Shoop first pointed out the error. "Go to the weak or ailing nerves of these organs," said her each inside organ has its controlling or "inside nerve," When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell. Sold by all dealers.

The Bad Boy Question

A public meeting was called in the town hall Friday evening of last week by some person to discuss the bad boy question. Mr. J. A. Boyd occupied the chair. About 25 ratepayers were present. It appears that some of our business men have been much annoyed of late by mischievous youngsters who have been guilty of grave misdemeanors that bring them within the jurisdiction of the magistrate's court. Some of these are sons of windows or poor people who are not in a position to pay law costs and business men hesitate to prosecute for that reason. There is another side to the question, however, that touches the town as a whole, that is the obscene and vicious language that is sometimes fired at strangers from our street corners. That is something that will have to be dealt with severely for the good name of the town and from a business point of view, if for no other motive. We cannot afford to have customers or visitors insulted by any rowdy element, however small it may be, A large number of those present expressed their mind freely in this matter and a resolution was passed asking the police trustees to see that the by-law prohibiting throwing missiles, riding on sidewalks and the use of profane language is strictly enforced. If these things are not immediately stopped prosecutions will certainly follow.

In this connection, however, we wish to say that, as a whole, our boys are no worse than are the boys of other small places. Clarksburg is discussing the same question now, and judging by some visitors we have met, some nearer neighbors also have the same class of material. That makes it no better or easier to bear in our case, however.

We would appeal to parents who have young boys to see that they are off the street at a reasonable hour at night. A street night school is the worst kind of a school at which boys can learn. This school has graduated all the thieves, thugs, murderers and rascals of every description. It teaches nothing good and everything bad. Unless a lad has reached years of discretion and a solid moral foundation has been laid, the youngster who runs the streets at night rarely escapes without more or less moral degradation that remains by him in after life Are the parents responsible for this? We believe they are--the talent entrusted to their care has been neglected, ignored —and an accounting will have to be made, perhaps in heart-breaking through the actions of their offspring, perhaps in some other way, but retribution will surely come.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

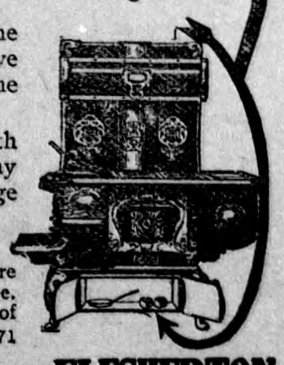
"Peerless Peninsulars"

Are Cast-Iron Ranges Built Like Steel Ranges



"Peerless Peninsular" Ranges have the Drop Oven and Low Closet which have heretofore been exclusive features of the most expensive steel ranges.

They are also the only ranges made with Fire-Box on right or left side, as may better fit the kitchen in which the range is to be placed.

"Peerless Peninsular" Ranges are splendid cookers, are very economical in regard to fuel, are strongly built, and will give a lifetime of service.

Let us show you their many features of superiority. 71
