He sees

NEW CITIES

THIS MAN is a business prophet. He does not really look into a crystal ball but he reads the future nevertheless and he sees new cities yet unbuilt. He is important in the telephone business.

He judges the future from the facts of the present and it is his job to judge with accuracy. He must judge with accuracy because, in a telephone system, plans must be made for years ahead and millions of dollars are involved.

With a railway there must be tracks and stations before trains can run. With a telephone system there must be conduits and central exchanges before telephones can go in.

To wait until people are clamoring for telephones is too late.

THE BUSINESS PROPHET does not wait. He comes to the management with his charts and graphs and figures and says: "In 1930 the demand in Ontario will be 80,000 new telephones. They will be wanted here and here and here."

Or he says: "Within the next five years the Province of Quebec will need at least forty per cent more exchange capacity."

And the management does not wait either. They know it is up to them to prepare now. If they don't they will be falling down on their job; they will not be keeping pace with the country.

BECAUSE THE BUSINESS PROPHET spoke in time and the management acted promptly there are 139,000 telephones being installed in Ontario and Quebec this year. Without them there would be inconvenience and confusion now in thousands of new homes and offices.

Next year the business outlook calls for spending over twenty-seven million dollars to extend and renew the system and plans have been made to do so.

For the next five years the telephone expansion definitely known to be needed in the two provinces means over one hundred million dollars.

FINDING THE MONEY is a problem. It is as great a problem as the complications of engineering and organization.

Every year as the country grows there must be new money ready so that the telephone system may keep pace.

Every year thus far the money has been ready because the policy of the telephone system has been fortunate in attracting the support of conservative and reliable investors who have not been subject to the influence of market fluctuations.

THAT IS HOW the business prophet and his graphs have been made effective. And that is why the telephone management has always met Canadian progress with confidence and enthusiasm.

Published by The Bell Telephone Company of Canada to tell you something about the telephone business and the people in it.

The apple crop is all harvested. It was abundant and of good quality, almost everyone disposing of all their apples at fair prices, all only two persons — one of these was a farmer who sold 5 bags, but when loaded, the man jumped in the truck and away, leaving the farmer still looking for his pay and that of a truck driver with a load of potatoes. He exchanged the apples for potatoes. He agreed with a lady to give her 26 bags of potatoes and 50 cents for 2 bags of apples, also 25 cents a bag for culls. For two bags he gave the potatoes, took the apples and gave the little boy 20 cents and before the lady could get to the truck he had gone. We are glad there were the only two men to deal with and also that their names are known.

PORTLAW

(Last Week's Items)

Mount Zion Sunday School held a very enjoyable social gathering on Friday night last. The preparation of the program was handed over to two of the biggest pupils of the school, Louis Fisher and Ed. Little, and the way they went about their task would have been a credit to older heads. Louis Fisher was chairman and performed his duties in a manly way. The program, which consisted of dialogues, recitations, singing, etc., was given with a few exceptions, by the pupils of the school. Mrs. Osborn, Sec.-Treas. gave a detailed report of the attenrance, which was very encouraging. Three pupils attended every Sunday during the summer, and five had missed but one Sunday. These eight were awarded prizes in the shape of books. Home made candy and other tasy eats completed an evening of thorough enjoyment.

Miss Clinton, a former teacher spent Thanksgiving holidays with Mrs. C. D. Meldrum.

Mr. Kenneth McKee, who went west on the harvest excursion, arrived home lately.

Mr. Roy Lyons has gone to Toronto for the winter months.

Mrs. Wauchope of Lloydtown is visiting with her daughter, Mrs. Sheardown.

Mr. and Mrs. J. L. Wood and Miss Violet Taylor of Toronto are holidaying with Mr. and Mrs. Wm. Taylor.

Mr. J. H. Walker spent Thanksgiving with friends in Tronto.

Mr George Blakey was home for the week end.

Armistice Day and Thanksgiving services were held in Mount Zion Church. Mr. Taylor of Toronto was the preacher for the occasion and his sermon was very much enjoyed.
