Colds and Croup in Children.

"My little girl is subject to colds," says Mrs. Wm. H. Serig, No. 41, Fifth St., Wheeling, W. Va. "Last winter she had a severe spell and a terrible cough, but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my lfttle boy has been prevented many times from having the croupby the timely use of this syrup. As soon as he shows any signs of croup I give him Chamberlain's Cough Remedy for three or four days, which prevents the attack." This Remedy is for sale by W. E. Richardson.

John Wesley Kemmerling has been elected to the Michigan State Legislature from Monroe County. But he does not know it, and the people don't know who John Wesley is. He is said to live somewhere in the western part of the country. C. Wesley Kemmerling is the man who made the campaign and spent the money to be elected but John got the votes. It all happened through a mistake in printing the names on the ballots. The Board of Canvassers will issue a certificate to John Wesley Kemmerling, while C. Wesley will pretest. Incidentally, the matter will have to be settled by the State Legislature.

What Farmers Want

The progressive farmer now-a-days is the one that keeps himself posted on the latest devices and practical knowledge of experts to make farm work easy, and at the same time get the best results. The agricultural columns of The Family Herald and Weekly Star of Montreal are admittedly the best in this country for the Canadian farmer. No purely agricultural paper costing twice the money furnishes the farmer to-day with as good information as the Family Herald and Weekly Star and at the same time gets a weekly newspaper without a peer and a magazine equal to any of the best English or American publications. A weekly newspaper, magazine and agricultural paper—all three combined—for one dollar a year is what one gets in The Family Herald and Weekly Star, and no farmer's home in Canada can afford to be without it. Send one dollar for 1909 and you will find it more than fills the bill.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an admit. For sale by W. E. Richardson.

Nearly 300 miles of line for power transmission purposes is to be put up by the Ontario Hydro-Electric Power Commission in order to supply various towns and cities in Ontario with electricity generated at Niagara Falls. About a million pounds of aluminum wire will be used. The line will consist of three cables supported on towers spaced 550 feet apart.

Frank Arkley who came from Peterboro and took possession of the Pacific Hotel about six weeks ago, was at the police court on Wednesday charged by License Inspector Beckett with breach of of the license law. The chief witness for the prosecution was a boarder in the house named McDonald, who also brought a charge of assault against Arkley. The defendant was fined $100, and costs amounting to $6, and in default of payment gets three months in gaol. The assault case was dismissed, but a wage claim made by Mary Turcott against defendant was ordered to be paid.—Owen Sound Sound Advertiser.

Tiverton people are agitating for the extension of the Saugeen Junction branch to that place from Walkerton. The C. P. R. have promised to have the traffic manager go over the route and if his report is favorable engineers will be sent to survey the extension at once.

The hard work of bread-making should be done in the flour mill—not in the kitchen.

When it is necessary for you to make bread by main strength, the miller hasn't done his part. His flour is not fine enough.

Royal Household Flour

is made from hard Spring wheat—which is capable of finer grinding than any other wheat—and milled by a process that insures the finest, and most nutritious of flours. Get enough to try from your grocer. 13
