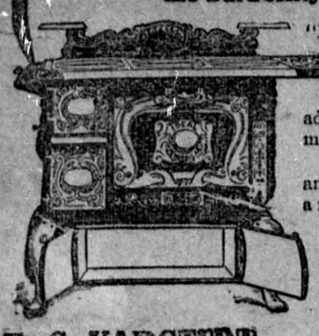
"Ideal Peninsular"

Has the Advantages of a Steel Range with the Durability of a Cast-Iron Range



"Ideal Peninsular" is the ideal range for a small kitchen.

It gives the conveniences of the best steel ranges with the added advantage of being cast-iron and therefore more durable.

The "Ideal" burns either wood or coal and the grate bars may be changed in half a minute.

Step in and let us show you the Drop Oven Door—Low Warming Closet—Adjustable Damper—Daylight Oven and other improvements. Always glad to explain the superiority of these fine ranges. 70

F. G. KARSTEDT, - (S) - FLESHERTON

The Owen Sound Board of trade are complaining to the C. P. R. about the train connections at Saugeen Junction from the north. They think the service over the new line is arranged solely for the convenience of the south.

The town of Walkerton asked the Railway Commission for an order, compelling the C. P. R. to construct a proper bridge over the Saugeen River on the line of the Walkerton and Lucknow Railway and the matter came up in Toronto Tuesday. It is claimed that the piers of the bridge block the ice in the spring and cause overflows of the river, which will do great damage to property on the banks. Col. Scott on behalf of the town, Mr. MacMurchy for the C. P. R., and David Robertson, K. C., got together and settled the matter by the C. P. R. entering into an agreement to pay any damage that is caused by the freshets. The amount of damage is to be fixed by arbitration, and there is to be no appeal, thus saving law suits.

PILES get immediate relief from Dr. Shoop's Magic Ointment.

Madison Square Garden, New York's big place of amusement for the past twenty years, is to be sold. The garden has not been a money making investment. It was designed by Standford White, who was murdered by Harry Thaw over two years ago.

The City of London, Ont., Gas Company suspected some parties of stealing gas, and confirmed their suspicion in a curious way. A lady called at the suspected person's house and represented herself as demonstrating a number of breakfast foods. She asked to be allowed to cook the food on the gas stove, and the request was granted. The lady left after giving a short demonstration, and said she would return later. She did so accompanied by an inspector and the police.

Mr. R. W. King left at this office on Thursday, a hen's egg that measured 6⅝ by 8¼ inches. In addition to its unusual size, the egg shell was quite rough or corrugated, a feature common to nearly all the eggs laid by the hen that produced this particular egg.—Grand Valley Star and Vidette.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never lose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD cures all blood diseases.

YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically, and vitally you are not the man you used to be or should be. Will you heed the danger signals?

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our NEW METHOD TREATMENT will cure you. What it has done for others it will do for you. **Consultation Free.** No matter who has treated you, write for an honest opinion **Free of Charge. Books Free**—"The Golden Monitor," (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No names on boxes or envelopes. Everything confidential. Question list and cost of Treatment FREE FOR HOME TREATMENT.

D. McTavish, Flesherton.

County Council

The first two or three days of the November session of this body were not overburdened with work, one session each day being all that has been held so far. The chief matters dealt with were application of George Nichol for rights in connection with the river at Nichol's mill and application of Meaford to have debentures guaranteed by the county. Among the documents which were presented were the following:

Applications for the position of High Constable for the County from C. C. Pearce, T. R. Wheldon, Alex McCutcheon, Hector McDonald and R. Cook.

Presentment of Grand Jury at the Fall Assizes.

Application of Owen Sound Poultry Association for a grant, and also from the Meaford Poultry Association.

Letter from Judge Widdifield in reference to fares of Grand Jurors to visit House of Refuge. S. J. Parker, county treasurer, addressed the council in reference to this matter.

Dr. McMurchy of Toronto invited a delegation to attend the conference of Charities and Correction.

A memorial was presented asking for free peddler's license for Peter Smith of Dundalk.

A draft of memorial from County of Northumberland asking for co-operation in securing legislation regulating motor vehicles.

Residents of Brooke applied for incorporation as a village. A. D. Creasor appeared to support the memorial and Messrs. W. J. Heming, R. L. Frost and W. J. Graham also addressed the council.

Residents of the north-east part of Owen Sound presented a memorial asking to have a portion of the town attatched to Sydenham township. Messrs. James E. White and H. Robertson addressed the council in support of this memorial on Wednesday afternoon. Thomas Kennedy and S. Flarity also presented a petition asking to be separated from Owen Sound and annexed to Sydenham.

The town council of Meaford asked the County Council to guarantee debentures to the amount of $23,000.

Reeve Stephenson of Markdale asked for an option for five acres of House of Refuge land.

On motion the treasurer was authorized to receive as proceeds of the sale of old bridge timber, the sum of $9.53.

Reports of committees were presented as follows: Finance by Mr. Agnew; Roads and Bridges by Mr. Erskine; House of Refuge by Mr. Stephenson, and special committee reports by Mr. McDonald and Mr. Erskine. These reports were all passed as read except that of the House of Refuge, which was first considered in committee with Mr. Agnew in the chair.

In reference to the application of Mr. Nichol, the following motion by Messrs. Legate and Day was voted upon and lost: That the unfinished part of the approaches to the Nichol bridge be filled in by the county on condition that Messrs. Nichol do five days' work with team and dump cart and sign an agreement already made between the committee appointed to look after said bridge, and Messrs. Nichol.

There was a discussion at some length over the request of Meaford council that the county should guarantee the town's debentures to the amount of $23443.08. Mr. Agnew as chairman of Finance, submitted a report of that committee, which recommended that this be done, but in committee on report with Mr. Stephenson in the chair, he pleaded for the guarantee and put up a pretty strong case, representing that the town hall had been burned and the present indebtedness was largely on account of having had to rebuild. The guarantee of the county he represented, would mean an advantage of over a thousand dollars in the sale of the debentures. Among those who spoke in favor of guaranteeing the debentures were Messrs. Harrison and Lemon, Owen Sound, and Erskine of St. Vincent. It was opposed by Messrs. Legate and Lang, Owen Sound, Warden Ball and Mr. Hastie of Egremont, and the opponents carried by 21 votes.—Advertiser.

Distribution of Seed Grain and Potatoes

By instruction of the Hon. Minister of Agriculture a distribution is being made this season of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the Experimental Farms at Indian Head, Sask., and Brandon, Man. The samples consist of oats, spring wheat, barley, pease, indian corn (for ensilage only) and potatoes. The quantity of oats sent is 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of indian corn, pease and potatoes weigh 3 lbs. each. A quantity of each of the following has been secured for distribution:—

Oats.—Banner, Danish Island, Wide-Awake, White Giant, Thousand Dollar, Improved Ligowo, all white varieties.

Wheat — Red varieties, Red Fyfe (beardless) Chelsea, Marquis, Stanley and Percy (early beardless), Preston, Huron and Pringle's Champlain (early bearded). White varieties, White Fyfe (beardless), Bobs (early beardless).

Barley.—Six rowed—Mensury, Odessa and Mansfield. Two rowed,—Invincible and Canadian Thorpe.

Field Pease—Arthur and Golden Vine.

Indian Corn.—(for ensilage)—Early sorts, Angel of Midnight, Cromptons and Longfellow. Later varieties, Selected Leaming, Early Mastodon, White Cap and Yellow Dent.

Potatoes.—Early varieties, Rochester Rose and Irish Cobbler. Medium to late varieties, Carmen No. 1, Money Maker, Gold Coin and Dooley. The later varieties are as a rule more productive than the earlier kinds.

Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of pease, wheat, barley, Indian corn or potatoes. Lists of names from one individual, or applications for more than one sample for one household, cannot be entertained. The samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time from the 1st of December to the 15th of February, after which the lists will be closed, so that the samples asked for may be sent out in good time for sowing. Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which the are received, so long as the supply of seed lasts. Farmers are advised to apply early to avoid possible disappointment. Those applying for Indian corn or potatoes should bear in mind that the corn is not usually distributed until April, and that potatoes cannot be mailed until danger from frost in transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa.

Wm. Saunders,

Director of Experimental Farms

Those in this country who advocate government control of the sale of liquor will watch with interest the outcome of the German government's decision to take charge of the manufacture and sale of the liquor used in that country in order to meet the financial deficit. They will take over the wholesale buying and selling of spirits, the sale price to be regulated so that the government will make fifty-five millions of dollars.

The Family Physician

The best medicines in the world cannot take the place of the family physician. Consult him early when taken ill. If the trouble is with your throat, bronchial tubes, or lungs, ask him about taking Ayer's Cherry Pectoral. Then take it or not, as he says.

We publish our formulas
