"Ideal Peninsular"

Has the Advantages of a Steel Range with the Durability of a Cast-Iron Range

"Ideal Peninsular" is the ideal range for a small kitchen.

It gives the conveniences of the best steel ranges with the added advantage of being cast-iron and therefore more durable.

The "Ideal" burns either wood or coal and the grate bars may be changed in half a minute.

Step in and let us show you the Drop Oven Door—Low Warming Closet—Adjustable Damper—Daylight Oven and other improvements. Always glad to explain the superiority of these fine ranges. 70

County Council

The county council of 1908 concluded its business for the November session, the last of the year, on Saturday morning. Even at this late stage, notwithstanding the announcement that accounts must be presented on or before the second day of the session or be left over until next session, a road account of $68.85 for work done on the county line of Dufferin was received and passed. One committee report, that of Road and Bridge, was presented and adopted.

Bylaw 727, appointing Hector McDonald of Priceville as high constable, and Bylaw 728, to transfer certain lands from Owen Sound to Sydenham, were read a third time and finally passed.

Mr. S. P. Grosch made some recommendations in reference to Bylaw 726 for the regulation of hawkers, pedlars and petty chapmen which was also finally passed with the amendments suggested by the solicitor. The County Clerk was instructed on motion of Mr. McClelland to have copies of the bylaw printed for the benefit of merchants throughout the town.

Mr. Eaton of St. Vincent proposed to move in the matter of providing for the payment of grand juries expenses to Markdale for inspection more than once a year. Mr. Agnew, chairman of Finance, replied that his committee had intended to deal with this matter, but as it would require the passing of a bylaw and there were no juries to make the trip before the January session, it was considered it might stand over till then. This was agreed to.

Mr. Corbet, reeve of Proton, informed the council that a bridge on the county line, between Grey and Dufferin, had been burned down in October and residents in the neighborhood were in a bad situation as there was a postoffice close by which was hard to get at on account thereof. A new bridge will be necessary. Mr. Corbet was authorized to act in conjunction with the reeve of Melancthon in meeting the needs of the situation.

The messenger of council was voted $1 per day for the session.

Grey's share of Bowman & Connor's bridge account, $34 42, was passed; also an account of Reeve Stephenson of Markdale for $18.

The usual motion to vote the chairmen of committees $10 each for extra services was moved by Mr. Weber. Mr. McClelland claimed that Messrs. Agnew and Erskine, chairmen of Finance and Road and Bridge committees, were entitled to more, and moved that they get $20 and the rest $10. Mr. Legate said the chairman of Finance got few pickings and he moved that Mr. Agnew get $25, Mr. Erskine $20 and the other chairmen $10 each. This was carried.

Reeve McFadden of Glenelg made a statement in reference to Roy, the colored man who has been so prominent in connection with charges against the house of refuge management. Roy is now quartered on a Glenelg farmer and a charge on the township. Action in reference to Roy was postponed until the January session.

At this stage of the proceedings Dr. Lang moved that the warden vacate the chair and that Mr. Agnew preside, and the warden retired to the seclusion of the judges' room.

Mr. Hastie of Egremont, who was in rear of Dr. Lang, anticipated his movements and got first to his feet with a resolution. It was seconded by Dr. McCullough of Chatsworth, and was well worded and highly eulogistic, winding up with the grant of $100 to Warden Ball to compensate him for the expense he had incurred during the year. The motion was carried by a standing vote of all the members.

In presenting the warden with this resolution Mr. Agnew added considerable thereto with a fervor which doubtless owed something of its strength to the kind financial consideration which he himself had just received, and it may also be presumed that he considered the occasion opportune for the display of those qualities which might show eminently and frequently in the warden's chair if he were called to fill it in 1909. Be this as it may be doubtless prolonged the agony of the warden, who speedily recovered, however, when the floods of written and verbal eulogy had become exhausted. Mr. Ball made an excellent and appropriate speech, in the course of which he quoted two stanzas from Longfellow's "Psalm of Life," commencing at

"Lives of great men all remind us,"

and concluding with

"Seeing, may take heart again,"

which indicate the tenor of his remarks. He expressed his high appreciation of having been chosen warden by unanimous vote of the council, and gave large credit to the assistance he had received from the clerk, Mr. Rutherford, and treasurer, Mr. Parker. In concluding, Mr. Ball said he did not expect to be back next year, as business interests demanded his full attention.

This concluded the business of the session and the proceedings closed with a verse of the National Anthem.

Following is a summary of business transacted at previous meetings not reported in last issue:

By a report of Finance presented on Thursday afternoon it was decided to take no action in reference to petition of Thos. Kennedy and S. Flarity for annexation of east part of Owen Sound to the Township of Sydenham; nor to the guaranteeing of Meaford and Dundalk debentures.

Bylaws were introduced as follows: No. 724, to repeal Bylaw 698 appointing a high constable for the county; No 725, to guarantee certain debentures of the Village of Markdale (decided on at June session); No. 726, to regulate and license hawkers, pedlars and petty chapmen; No. 727, to appoint a high constable for the county; and No. 728, to provide for the separation of certain lands from the Town of Owen Sound. These by-laws were all put through before the end of the session. Hector McDonald, of Priceville was appointed high constable.

The following batch of committee reports were presented Friday afternoon: Finance by Mr. Agnew; Roads and Bridges by Mr. Erskine; County Property by Mr. McDonald; Printing by Mr. Wilson; Communications and memorials by Mr. McKnight; House of Refuge by Mr. Stephenson; and a special committee's report by Mr. Elliott.

The above reports were all adopted without discussion except that of the House of Refuge, on which the council sat in committee with Dr Lang in the chair.

The treasurer was authorized to receive several small sums as proceeds of sale of old bridge timbers.

On motion of Messrs. J. Legate and H. Lemon it was decided that the agreement between the special Bridge Committee and George and Mary Nichol be confirmed, and that the Nichols be relieved from doing any more filling to the approaches by their doing five days' filling of one team and four men, and that the special committee have the work of filling and gravelling the approaches completed as well as any railing which may be necessary for the protection of the public.

On motion the county agreed to pay the expense of sending a prisoner named Eickel over to Walkerton.—Advertiser.
