The Value of Economy

Many people fail to save, because they do not realize the importance of small economies.

The practice, once begun, of laying aside a portion of your income, no matter how small, every week or month, will soon become a fixed habit.

The result in a few years will probably surprise, and certainly gratify you.

The old fashioned way of dosing a weak stomach, or stimulating the heart or kidneys is all wrong. Dr. Shoop first pointed out the error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult says Dr. Shoop to strengthen a weak stomach, heart or kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days and see! Improvement will promptly and surely follow. Sold by All Dealers.

Mr. John Runstadtler's residence came within an ace of going up in smoke on Tuesday morning of last week, when the floor in the parlor caught fire from the furnace pipe. When discovered it was blazing merrily, and in a couple of minutes more it would have gone up the partition and beyond control. As it was, little material damage was done beyond burning the carpet, but it was an exceedingly close call. Had the fire broken out at night the result might have been loss of life as well as property. Both Mr. and Mrs. Runstadtler were away at the time—the former at Markdale and the latter at Guelph. Mrs. Egan of Dundalk was keeping house in her daughter's absence.

Farming is a business which requires access to practical business information. This is supplied in the columns of The Weekly Sun. The secret of the growing popularity of this paper lies in its untiring devotion to the interests of the Farmer. The memory of the good it has done will remain long after the subscription price has been forgotten. To be posted a farmer must read the Sun. If you have not been a reader of the Sun try it for 1909.

Mr. Joseph Weber of the valley has a line of traps in Cooper's swamp on the 12th of Artemesia. Last week while going the rounds he found in one of the traps a full-grown lynx. The beast showed a friendly inclination to caress Mr. Weber, but the feeling was not mutual. He killed pussy with a well-directed shot, after trying to finish it with a small axe. The back of the lynx was grey, while the legs and body were spotted like a leopard. The claws and teeth of pussy were well sharpened and strong, showing that it might easily be a formidable bundle of fur to the person who approached too close.

Coughs that are tight, or distressing tickling coughs, get quick and certain help from Dr. Shoop's Cough Remedy. On this account druggists everywheere are favoring Dr. Shoop's Cough Remedy, and it is entirely free from opium, chloroform, or any other stupefying drug. The tender leaves of a harmless lung- healing mountainous shrub give to Dr. Shoop's Cough Remedy its curative properties. Those leaves have the power to calm the most distressing Cough, and to soothe and heal the most sensative bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babies. Test it once your, selfand see! Sold by all dealers.

The Norwood Register says: Mr. C. A. Ghent, barrister, Havelock, has received word from Dr J. A. Ghent of Seattle, his brother, announcing the fact of the latter's election as a member of the Legislature for the state of Washington on the Republican ticket at the recent election. The Dr. is an honor graduate of the late Trinity Medical School, having graduated shortly before that famous institution became part of Toronto University, and in due course of time settled in Seattle, where he succeeded in his practice and real estate ventures. In Washington a system of nomination prevails, called direct primary system. That is the citizens vote the same as at the regular elections but vote for their choice of candidate for the different political parties. The great object accomplished is, that the game of packing conventions which is sometimes played in Canada is entirely overcome. The Dr. headed the list at the primary elections on the Republican side.—The parties mentioned above are sons of the late Dr. Ghent of Priceville. —Editor Advance.

How They Talk About Us.

The Flesherton Advance came out last week in enlarged and improved form. The improvement follows the installation of a new cylinder press and gasoline engine. The Herald congratulates Brer. Thurston on his enterprise and wishes him good luck.—Dundalk Herald.

We note this week a marked improvement in the Flesherton Advance, which came to hand in a revised and enlarged form, and we congratulate our brother of the quill in producing such a nice, clean, newsy sheet.—Chatsworth News.

The Flesherton Advance came out last week in an enlarged and improved form. A new cylinder press, a new job press, and a gasoline engine have been installed in the office. We congratulate our exchange on the big step it has made in advance.—Mount Forest Confederate.

Congratulations to the Flesherton Advance which last week advanced to the dignity of a 6-column 4 page paper, printed on a new Campbell press driven by a new Fairbanks-Morse gasoline engine. In addition he has installed a new Chandler and Price Gordon press, and has thus a thoroughly well-equipped office. We join with ye editor in wishing success to the advanced Advance.—Durham Review.

The Flesherton Advance has been enlarged to a six column paper. The change is a decided improvement, and we trust that Brother Thurston may go on prospering. The installation of about eleven hundred dollars' worth of machinery and equipment, puts him in position to do better work and more of it. Our congratulations are extended.—Durham Chronicle.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It allays the cough, aids expectoration, relieves the lungs, opens the secretions, thereby aiding nature in throwing off a cold and restoring the system to a healthy condition. W. E. Richardson.

Nottawasaga and Collingwood townships will both submit by-laws for the repeal of local option which has been in force in the municipalities during the past three years. Already the temperance people are organizing for the campaign which promises to be quite strenuous. In both townships the prospect of holding what they have by the optionists appears to be good. It would appear since the adoption of the by-law nobody has suffered unless it was those who are directly interested in the sale of intoxicants. The people as a whole have not lost by the change. Both townships are to-day as prosperous as they were before and there is no evidence of anything that will cause a change for the worse in the future. It is but reasonable for the voters to ask themselves if it is time for a change to the old order of things, and this they will undoubtedly do before marking their ballots to bring back in their midst centres where intoxicants can be legally dispensed to the utter ruin of their fellow-citizens.

Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by W. E. Richardson.

Empty hours, empty hands, empty companions, empty words and empty hearts draw in evil spirits, as a vacuum draws in air. To be occupied with good is the best defence against the inroads of evil.

Cairns---Crossley

A pretty wedding was celebrated Tuesday afternoon at the residence of Mr. W. P. Crossley in town when his youngest daughter, Miss Millie, was united in wedlock to Mr. Geo. Cairns of Ceylon, son of Mr. and Mrs. Jos. Cairns. The ceremony was performed by Rev. G. C. Little in the presence of about fifty guests. The bride was prettily gowned in a dress of net over white silk, with trimming of baby ribbon and valenciennes lace and wore a veil. The bridesmaid, Miss Wilda Crossley, was similarly dressed with pink ribbon trimming. The bride's going away dress was of green broadcloth with silk waist. Mr. Charles Stuart of Kimberley assisted the groom through his trying ordeal.

After the ceremony and hearty congratulations from the assembled guests all sat down to a sumptuous wedding feast.

The happy couple left by evening train for Toronto amid the usual fusilade of rice and confetti and best wishes of all the guests present. On their return Mr. and Mrs. Cairns will reside in Ceylon.

The Advance wishes to add its warmest personal congratulations and well-wishes. For several seasons we have been associated with the groom in deer hunting trips to the north country, and found him a good shot on the runway, and now as a still-hunter, he has proved himself equal to the best. In fact we have no hesitancy in saying that he has made the best shot of his life, and such being the case we will not ask him to share up his capture this time. May Mr. and Mrs. Cairns live long and enjoy life to its fullest extent.

The presents to the bride were numerous, beautiful and costly. The groom's present to the bride was a nice set of furs, to the bridesmaid a gold jewel case, and to the groomsman a gold fob. The bride's father presented a very handsome sideboard.

They Haven't Local Option There

Joseph Edward Sproule and George Washington Irwin were brought before Magistrates Thos. Harness and Mark Armstrong on Friday night last, charged with being under the influence of liquor and having liquor in their possession, they being on the Indian List. Sproule was fined $10.00 and costs and compelled to divulge the names of those from whom he procured the liquor. As a result, information has been laid against Frank Foster, John Bowers and Charles Wice for having supplied him with liquor an their trial will take place on Friday evening. Irwin didn't appear at the trial, having left town. His fine is $12.00 and costs.

As the result of a row which took place in the Markdale House yard on Tuesday evening, Constable McCutcheon arrested Samuel Fee on a charge of using profane language, and disorderly conduct, and also Mitchell Harvey for interfering with the constable while in the discharge of his duty. They appeared before Magistrate Harness on Wednesday morning. Fee was fined $10.00 and costs, Harvey $2.00 and costs.—Markdale Standard.

PAIN

Pain in the head—pain anywhere, has its cause Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—relieves blood pressure [illegible] coaxes away pain from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation. [illegible] a headache, it's blood pressure.

If you have [illegible] with women, same cause. If it's painful period[illegible], nervous, it's blood congestion—blood pressure. If you are sleepless, rest[illegible] that surely is a certainty, for Dr. Shoop's Headache [illegible] Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets
