The boys and girls contest in the league is closed. The weather man did his best to dampen the ardour of the boys by giving us three league nights in succession with a downpour of rain each night; but the good old saying "you can't keep a good man down" was true and our boys came out to win just the same and lost by only a few marks. WORTH REMEMBERING

The high ways of life are the happy ways.

No sermon seems long which is interesting.

Too many family cars are equipped with grumble seats.

No preacher will ever lack for an audience who is really helpful.

The easiest way to tell a boy how to go straight is to show him.

Blessed is the church whose preacher doesn't do all the work.

It takes a lot of brass for some men to talk aboutt he Golden Rule.

The devil is never worried by the preacher, who is afraid to take sides.
