

On The Main Street

Feb 26/68 with Ford Moynes

Do You Remember When — Henry Reazin, Cambray, was School Inspector and Miss Reazin was Librarian in the Lindsay Library? When there was a Y.M.C.A. at the south-west corner of Kent and Lindsay Streets? When Bob and Charlie Lindsay had a livery stable where the bus terminal is today? When Dr. Shier Sr. had a drug store at the north-east corner of Lindsay and Kent Street East? When Cornell's Brewery was north of the Horn Mills, William street north?

When Fitzsimmons Brothers manufactured ambulance bodies during the First World War in a plant on Wellington Street just west of Queen Street Church? When former Mayor R. M. Beal ran a large Tannery at the west end, south side of Wellington street bridge? When there was a ten pin bowling alley in the former Williams Cigar Store.

When the Lindsay Cricket Club hired an expert Cricketer, an Englishman named Sheldon, as an instructor? When Alex Paton had a Telegraphy School on the Third storey of the Academy Theatre? When there was a miniature golf course at the Spratt home at the corner of William and Melbourne Streets and another on the second floor of the present Zeller Store?
