Office of the Canada Powder Co', Hamilton, 11th March, 1856. } 135 1m

THE VICTIMS OF WHOOPING COUGH, CROUP and also of Diarrhea, Cholera Morbus, Dysentery, Cholera Infantum, and Summer Complaints have been alarmingly numerous, as shown by the city and country bills of mortality. Immense suffering and thousands of lives might be shaved yearly by the use of Dr Jas. McClintock's Whooping Cough Remedy and his Diarrhea Cordial, prescribed in the Cholera Hospitals and City Prisons, Philadelphia, with the most happy and gratifying results.

DR. JAS. McCLINTOCK late Dean of Philadelphia College of Medicine, has brought the most profound medical knowledge and experience to bear not merely upon the aggregate of disease. His Dyspepsia Elixir, for Dyspepsia and Indigestion, and Alterative Syrup, for Purifying the Blood, are producing such astonishing cures, far and wide of all the phases of the above diseases, that ere long they must cease to be an affliction.

OF EVERY FIVE DEATHS IN THIS COUNTRY, one is caused by Consumption. Yet the disease in its earlier stages may infallibly be arrested by a course of Dr. Jas. McClintock's Pectoral Syrup. If it were universally used in cases of Incipient Consumption, and Bronchitis these diseases would no longer be a terror to the world. Dr. McClintock's Cold and Cough Mixture relieves and rapidly cures Coughs, Colds, Influenzas, Hoarseness, and all irritations of the Respiratory Organs.

NO SHIVERING, NOW BURNING, the victim of Fever and Ague would make any pecuniary sacrifice to obtain relief; but a perfect and permanent cure is within the reach of every sufferer. Dr. Jas. McClintock's Fever and Ague Specific is as certain in its result as the working of a mathematical problem. It is a thorough medicine, at once rapid and infallible in its operation. The same remark applies to his Anti-Bilious Pills, for all disorders of the hepatic functions

TO ARCHITECTS.

PUBLIC WORKS,
Toronto, 29th Dec. 1855.

PLANS ARE REQUIRED FOR A CUSTOM HOUSE, proposed to be Erected in the City of Quebec.

From the nature of the site on which it is decided the Building shall stand, as well as to be enabled to form a judgment upon the character of the materials to be used, and on the facility, or otherwise of procuring them, it will be necessary that the gentleman who may see fit to engage in the preparing of Plans and Estimates, should visit the locality and it is wished that the Estimates should show separately the additional cost, if any, should Granite, such as is to be had on the Montreal and Portland Road, be adopted for the principal fronts.

For full information, as to the amount nature and extent of the accommodation which the Building must afford, reference is to be made to the Collector of the Port of Quebec, J. W. DUNSCOMBE, Esquire.

The Plans are to comprise one of the Basements, showing the sewerage, principle of heating, &c., and one of each of the floors, with such sections also as may be necessary to convey fully the intentions of the Architect.

The plans are to be accompanied by a detailed Specification, measurement, and Estimate of the Works of the several classes required to complete the Building ready for business, and also by a Schedule of Rates by which any extra Work will be governed.

For the set of Plans, &c., which may be considered by the Commissioners of Public Works, most deserving and applicable, the sum of Two Hundred and Fifty Pounds will be paid, these Plans becoming thereby the Property of the Commissioners, who will make such arrangements for the Superintendance of the erection of the Building as they think fit.

A premium of £100 will be awarded to the design considered second in merit. All the Plans will be returned but those connected with the design adopted.

The Estimates are to show the cost of the necessary filling and forming and protecting the approaches distinct from the cost of the Building.

It is desired that the Building should present a respectable Architectural Facade to the River and also one to the Street. The Plank elevations to be plain but in character.

The entire, in appearance and construction, to be commensurate with the importance of the Port

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining the above requirements, and the necessary accommodation.

The Plans, &c., are to be Sealed and Addressed to the Chief Commissioner of Public Works, Toronto, Canada, and are to be delivered in, on, or before the 15th MARCH next.

By order,
THOMAS A. BEGLY,
Secretary.

TO ARCHITECTS.

PLANS ARE REQUIRED FOR A JAIL proposed to be erected outside the walls of the city of Quebec, upon a suitable site.

The Plans are to comprise a general Plan, showing the insulating walls, position and extent of the Prison Building, with all the indispensable day-rooms, work-shops, and other outbuildings, hospitals and airing yards, sewerage, &c., &c. Also, a Basement Plan, exhibiting the principles of Heating and Ventilating, and a plan of each on the floors; likewise such sections as may be necessary to convey fully the intentions of the Architect. Such Plans are to be accompanied by a detailed Specification, Measurement, and Estimate of the works of the several classes required for the full completion of the buildings &c., and also by a Schedule of Rates, by which any extra work will be governed.

For the set of Plans, &c., which may be deemed by the Commissioners of Public Works most deserving and applicable, and in the designing of which due consideration will appear to have been given, so that they shall combine all the requirements which such an institution should afford, as to the safe keeping and health of the prisoners, their classification, employment, and reclamation, &c., &c., the sum of Two hundred and Fifty Pounds will be paid—these plans becoming thereby the property of the Commissioners, who will make such arrangements for the superintendence of the erection of the Building as they they think fit.

A Premium of £100 will be awarded to the design considered second in merit. all the Plans will be returned but those connected with the design adopted.

The Estimates are to show, separately, the cost of supplying the premises with Water and Gas.

For information as to the number of prisoners for which the building should be suited, taking into consideration the rapidly increasing population of the country, reference is to be made to W. S. SEWELL, Esq., Sheriff, Quebec.

In coming to a decision on the designs, that one will be selected in which economy will appear to have been considered as far as was practicable with the obtaining all the necessary requirements, and with the substantial construction of the entire, as much as possible, on fire-proof principles, and in a suitable style of architecture.

The Plans &c., are to be sealed, and addressed to the Chief Commissioner of Public Works, Toronto, Canada; and are to be delivered in, on, or before the 15th March next.

TIRAGE AU SORT.

MR. JOSHUA BATES, of Sly's Rapids, Canada West, respectfully brings before the attention of the Public his Scheme for the disposal of his Real Estate, situate in the united counties of Leeds and Grenville, and of Lanark and Renfrew, C. W., valued by disinterested and competent parties at $64,000, which will be done by *Tirage au Sort*, at $5 per Ticket, and to contain in all 640 Prizes, from the value of £3125 to £1 5s, thus making a prize for every 20 numbers. The highest prize being a Grist Mill, of the most perfect and best finished in Canada, or the United States, and which can be leased for £400 per annum; it is situated at Sly Lock Station, on the Rideau Canal; it has four run of stones; the size of the building is 40 by 60, and it is built of Stone, in the most substantial manner. Each run of stones has a separate water-wheel, the two smut machines, two setts of elevators and two separators having a water-wheel for themselves, and all central discharge wheels made of iron. The shafting is all iron from the bottom to the top throughout, the machinery is all perfect and in goodworking order; and the remainder of the property at Sly's Lock Station is water power lots, of much value, some with buildings thereon, and others vacant averaging downwards to £5 per lot. The other properties are all divided into lots, valued at £6,932 10s., and the lowest value of anyone is £5. In laying this Scheme for the disposal of such valuable property before the public, the proprietor would not have done so, unless circumstances compelled him so to do, under certain pecuniary embarrassments in which he and many of his friends have been led and hoping thereby to get alleviated therefrom; because of which embarrassments is attributable to the death of James Sykes, of Sheffield, in England, who was, before his death interested in the contemplated Railroad known as the Brockville and Ottawa Road, in which the undersigned's all was at stake. To allow processes at Law to go against his property and sold by Sheriff's sale would be ruinous to all his property, and not realize such sufficient balance as to relieve him of all his difficulties; it is a sacrifice which the undersigned feels greatly, but if he can honestly discharge his liabilities, although incurred for others, he is willing to give up his hard earnings, which have taken over 40 years of his labor and economy to earn, and which he expected to have for the latter days of his and his family life, and recommence the hardships of the world anew. The public need not fear entering into this scheme, because it bears the name of a *Tirage*, for, although very many deprecate the general principle of *Tirages*, yet there are instances in which they ought to be recommended and adopted, which is, when it is intended to carry out some good purpose, as in this instance, which is got up solely for the purpose of relieving the proprietor and his friends, who are responsible with him for liabilities which cannot be met in time by any other plan. The drawing will take place on the 28th May, 1856, under the superintendence of gentlemen of the highest respectability, character, and standing in society, who will see that anything connected with the drawing is fairly and honorably attended to, and the names of those gentlemen are Adiel Sherwood, R. P. Colton, and John Kilborn, Esquires, of Brockville, who have kindly come forward to undertake the responsible part, and see the matter carried to a final result.

Having appointed Mr Thos. Wilson of the City of Kingston, my authorized agent to dispose of Tickets, &c., any information required touching the above lottery can be obtained on application to his office, King street, Kingston.
