The Value of Economy

Many people fail to save, **because** they do not realize the importance of small economies.

The practice, once begun, of laying aside a portion of your income, no matter how small, every week or month, will soon become a fixed habit.

The result in a few years will probably surprise, and certainly gratify you.

Croup positively stopped in 20 minutes with Dr. Shoop's Croup Remedy. One test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Lieut.-Colonel Cleland of Meaford was banqueted by the citizens of Meaford as a recognition of his assumption of command of the 31st regiment. The function was a brilliant one and was held in the town hall.

Cairns' hotel at the station has been renovated considerably recently—new paint, new paper, and a certain amount of rémodelling have made this hostelry very cosy and comfortable. Look in on Mine Host Cairns when you visit Ceylon.

Small horse for sale, price $50.00, has worked two years and drives well with another horse, also a good pedigree heifer, 3 years old, will sell at 5c a pound. J. Milne, Meaford Road, three and a half miles from Flesherton.

The weather last week was remarkable for its mildness. It was a very good imitation of spring for several days with rain and thunder. All our snow is gone and waggoning is the proper thing again. A change to colder arrived Sunday night but brought no snow with it. This country needs a suitable amount of snow to make times good. We are built that way.

An interesting meeting of the W. I. was held at the home of Mr. W. H. Bunt on Tuesday. About 35 ladies were present. Ten books were received as premiums from The Home Journal, with more to follow, these books will form a nucleus for a library. Miss Mabel Munshaw was appointed librarian. At the close of the meeting Mrs. Bunt entertained the Institute to a dainty lunch.

Mr. Aaron Teeter, an old resident of Artemesia, died at the residence of his son, Isaac, in Erin, last week. He was nearly 90 years of age. The funeral took place in Erin. Three sons are living in this township—Aaron jr. John and Albert. There are two daughters, Hattie and Edith. Further particulars are not to be had.

Boyd's store was burglarized again on Sunday night. The marauders gained admittance by forcing open the front door with crowbar and wedge. It is not known what quantity of goods was taken. The clothing and boot and shoe departments were pretty well ransacked. Large quantities of burned matches were left on the floor. The lock and latch on the front door was destroyed and the door splintered. A high priced revolver was also taken from the hardware department

It is said that cement is likely to come down to $1 per barrel this summer. If such a price prevails this village cannot get the balance of their sidewalks changed to cement too quickly. The réason of such a falling in price appears to be that some of the big firms are trying to destroy the little fellows, and thus get rid of competition. A gentleman who works in cement is our authority anent this prophesy.

The tender leaves of a harmless lung-healing mountainous shrub, give to Dr. Shoop's Cough Remedy its marvelous curative properties. Tight, tickling, or distressing coughs, quickly yield to the healing, soothing action of this splendid prescription—Dr. Shoop's Cough Remedy. And is so safe and good to children, as well. Containing no opium, chloroform, or other harmful drugs, mothers should in safety always demand Dr. Shoop's. If other remedies are offered, tell them No! Be your own judge! Sold by all dealers.

Chalmers church has issued its annual financial statement which shows the affairs of the church here to be in a very healthy and prosperous condition. The stipend and general accounts receipts amounted to $858.65. Building account receipts were $551 97, and after all payments were made a balance of $47.91 remained on hand in this fund. The Sabbath school finances are also very satisfactory, there being $79.86 on hand. In fact all branches of the work in this church make a very creditable showing indeed.

The Hopeville correspondent of the Durham Review is evidently sore about something. What it is we leave our readers to guess. In last week's issue he said: "The Farmers' Institute meeting was held here last week and was fairly well attended the officers and speakers come from Osprey and Artemesia in Centre Grey Riding although we are in South Grey and are not some of them appointed by the government? if so what is the matter that Dr. Jamieson our member cannot get some to attend to this matter in the riding he represents?"

There is no Quinine, nothing whatever harsh or sickening in Preventics. These little Candy Cold Cure Tablets act as by magic. A few hours—and your threatening Cold is broken. Candylike in taste, Preventics please the children—and they break the feverishness always. And least of all is the economy. A large box—48 Preventics—25 cents. Ask your druggist. He knows! Sold by all dealers.

The band will give a grand concert in the town hall on Tuesday evening, Feb. 2, when Miss Evelyn Davis and James Doughty, reader and entertainer and humorous vocalist, of Toronto, will render the program. This talent comes from the Harry Rich entertainment bureau, from which only good things emanate. Miss Davis has been heard at Markdale and Kimberley and has given the best satisfaction. Mr. Doughty can produce some very flattering press reports. He is a master in comic songs, stories, monologues, etc. Hear him sing his novelty song, "The Toy Peddler." Admission 25 and 15 cents.

If your Stomach, Heart, or Kidneys are weak, try at least a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by all dealers.

There are three level crossings on the Proton—Walkerton branch of railway that need looking after. They are a direct menace to life and property. Two of these are on the Durham road on this side of Priceville and the other four miles west of it. The first mentioned is especially annoying to travellers, the sleigh plunging down to the tracks and straight up again to get out, with just sufficient width to hold a sleigh. It is impossible for an ordinary team to take a heavy load over this crossing. The third bad one is south of the six corners, near the Durham Road. All of these are dangerous from the fact that an approaching train from at least one direction cannot be seen until it is upon one. The township fathers should see that something is done before a second Grimsby accident occurs.

Married

Clark—Vessie—At the Manse, Durham, Wednesday, Jan. 13th, by Rev. Wm. Farquharson, William Walter Clark to Minnie Jackson Vessie, both of Bentick. The groom is a nephew of Mrs. Arch. Boyd of this place.

Croup And Whooping Cough.

The mothers of young children have no need to fear these diseases if they keep Chamberlain's Cough Remedy at hand. Mr. M. Davenport, of Pauls Valley, Ind. Ter., writes: "I have used Chamberlain's Cough Remedy in my family for several years and have found it especially effective for croup and whooping cough." For sale by W. E. Richardson.

Mrs. Geo. Buskin Dead

Another pioneer of Artemesia township has passed to the great beyond in the person of Mrs. Geo. Buskin, who died at her home in Markdale on Thursday last, January 21, at the age of 74 years. The funeral took place to Markdale cemetery on Saturday afternoon, Jan. 23 Mrs. Buskin's maiden name was Hannah Savage. She was born in Markham of Yorkshire parents in 1835 and married George Buskin in 1855. They moved to Artemesia in 1862, settling on the west back line, where they lived until 1893, when they retired and took up their residence in Markdale. The deceased lady was highly esteemed and was a lifelong member of the Presbyterian church. She leaves behind an aged husband and four children—John of Wodehouse, farmer; William, machinist, of Guelph; Wesley on the homestead, and Maria (Mrs. Frank Blair) of Manitoba.

Don't Take The Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis, or developes into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough tRemedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of he United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. For sale by W. E. Richardson.

A seedless apple bearing a sweet apple that looks something like the sheep nose has been found on the farm of C. E. Bell, at Eskridge, Kan.

Farmers Represented at Ottawa.

The farmers of Canada are to have a representative in the House of Commons during the session. The Family Herald and Weekly Star of Montreal has engaged a practical farmer to attend the session and write a weekly letter to that paper, telling the farmers of Canada how Parliament is conducted, as he sees it. The man engaged is not only a practical farmer, but is well able to write such a letter. He is said to be a man absolutely free from political prejudice, and, no doubt, his weekly letter will be of great interest to all Canadian farmers.

The Family Herald and Weekly Star only costs one dollar a year, or will be sent on trial to new subscribers for the session (about six months) for only twenty-five cents.

Engineers Already at Work

The following is from the Goderich Signal: A. McD. Allan arrived in town last Friday from Great Britain, where he had been engaged for some time in promoting the Huron and Ontario Railway project. In conversation with The Signal he stated the work of construction on this railway would be proceeded with in the spring. Engineers have already been at work at various points, Owen Sound, Meaford, Toronto, etc. Goderich and Kincardine are on the proposed routes of the railway, but just when the railway company will build this part of the road is a matter of conjecture. The undertaking is a big one, as $30,000,000 of a bond issue indicates.

Continuation Classes

The new school law doing away with high schools encourages the amalgamation of school sections with a view to taking up high school work. Some of the boards in this township are making a move in this direction and a meeting to discuss the question will be held in the school house here on Wednesday evening, Feb. 3, next, when Inspector Campbell will be present to explain the advantages in connection with such a move and the requirements necessary. It is hoped the boards of every section in the township of Artemesia will be represented at this meeting. There will be a large amount of useful information given, and the interested public are invited to be present as well as the school boards. The meeting will be held at 7 30.

The February Rod and Gun.

Varied in its contents, but redolent throughout of the many delights of the Canadian Winter, the February number of "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, Woodstock, Ont., brings with it the breeziness attached to this particular season of the year. The record of a fine snowshoe tramp, an Indian tale of a moose race on the ice, the story of a winter in Northern Ontario and an article on Snow Blindness by Marin Hunter, an ex-Hudson Bay Factor, show how many sided are the beauties of the Canadian winter and how thoroughly the inhabitants of the Dominion appreciate and enjoy them. A fine illustrated account of the Qualification Climb of Mt. Hermit, in connection with the last meeting of the Alpine Club of Canada, is contributed by Mr. D. B. Taylor, who has been touring the West as representative of the Magazine since that event. It is evident from this article that the spirit of the mountains seized the writer and made him an enthusiast. One of the best papers written by Mr. Bonnycastle Dale, 'Chief Canim Tikope of the Skagits," with the author's illustrations, tells of an old Indian Chief out in Vancouver Island, who makes canoes with primitive tools and disposes of them at unheard of prices. Notes on the last deer season, a couple of grave indictments against the alleged inefficiency of the Ontario Fish and Game Department, one of the Rev. A. Murdoch's capital hunting stories, Some Old Time Reminiscences of Ontario, intensely interesting as telling of pioneer days, and stories of camping and fishing trips, are some of the further papers making up a number strong in every department of outdoor life with which the magazine deals. It is Canadian throughout, imbued with the spirit of the Dominion, and all good.

A mishap occured in the C. P. R. yard, Dundalk, about 10.30 on Monday morning by which six cars of the south bound way freight were derailed. The train was taking the west switch at the north end when it is supposed some obstruction at the frog raised the flange of the wheel. Four cars loaded with poles and two cars of wheat went off. The switch track was torn up for some distance and one rail on the main line was badly bent. It required about twelve hours work with the assistance of a gang from Owen Sound to put matters right.—Herald.

Where is Tavistock? Tavistock doesn't know. The village was incorporated some time ago and want the Provincial Secretary to tell it. Its territory is partially in Perth and partially in Oxford. As an incorporated village, it must be in one county or the other. Just to complicate matters, its Reeve has been duly elected and thereby qualifies for a seat on one of the county councils. But which? The Ontario cabinet will have to decide.

At a regular Sunday service held recently in a rural church in the vicinity of Prescott, the congregation was asked for a liberal contribution for a special purpose. While the collection was being taken up the choir sang the hymn entitled, "I Surrender All." On preceiving that the entire collection amounted to only 34 cents the pastor stopped the singing of the hymn, saying that he could not permit them to go on singing what was so obviously untrue.

When You Take Cold

One way is to pay no attention to it; at least not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway.

Ayer's We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor

When the bowels are constipated, poisonous substances are absorbed into the blood instead of being daily removed from the body as nature intended. Knowing this danger, doctors always inquire about the condition of the bowels. Ayer's Pills.

—Made by the J. C. Ayer Co., Lowell, Mass.—

We Have It

What? The best stock of fresh Groceries Flour and Feed of all kinds, and at all prices, and everything else in our line, that is on sale in Flesherton.
