Prepared by J. B. Thorn, Chemist, London, and for sale wholesale and Retail, by J. A. Tarrant, sole agent for the United States, 278 Greenwich street, New York.

The serious attention of the afflicted is respectfully invited to a trial of

DR COE'S FAMILY VEGETABLE PILLS,

The best and safest Cathartic Pill for popular use ever offered to the public.

For the cure of Sick Head-ache, Dyspepsia Constipation, functional derangements of the Liver, Spleen and other viscera, they stand unrivalled. These are not crude and untried remedies experimentally placed before the public, but they have stood the test of years. The proprietor is a practising Physician, and they are the same remedies he relies upon to sustain his wide-spread reputation as a competent and successful guardian of the public health. The Harmattan has stood the test of 50 years, the original formula having been obtained from the Indians by an ancestor of the present proprietor, who has improved and brought it to its present degree of perfection.

The Syrup and Pills originated with himself and during twelve year's extensive practice thousands have had cause to feel grateful for their efficacy.

For wounds and sores on horses, the world is challenged to produce anything equal to the Harmattan.

For full directions and explanations, see pamphlets accompanying the medicines.

The Original and only Genuine

SIR ASTLEY COOPER'S
MILD APERIENT ANTI-BILLIOUS PILLS
FOR THE CURE OF
Bilious Disorders, Liver Complaint, Indigestion or Dyspepsia, Habitual Costiveness, Sick Headache, Giddiness, Heartburn, Flatulency, Loss of Appetite, Irritability, Nervousness, Languor, Lethargy, Low Spirits.

THE distinguished Patronage with which these sterling Pills have long been honored, the beneficial effects which have constantly resulted from their use, the purity of the ingredients which enter into their composition, their careful and peculiar mode of preparation, and the great and increasing demand for them from every quarter of the globe, prove at once their superiority over all similar preparations in Europe or America. Prepared from the original recipe of the distinguished Physician and Surgeon, the late SIR ASTLEY COOPER.

IMPORTANT CAUTION.

In consequence of the great demand for these most excellent Pills, they have been extensively counterfeited by several unprincipled persons both in Canada and the United States, and in order to secure the public for the future from all danger or risk of counterfeits, the proprietors have caused to be engraved at great expense, a highly finished label, which is placed on the outside of the wrapper, and also on the top of each box, and on which is engraved the likeness of the late Sir Astley Cooper, from the celebrated painting by Lawrence, with the words "SIR ASTLEY COOPER'S APERIENT ANTI-BILIOUS PILLS."

And in order to afford the public a still further protection, the proprietors have placed the facsimile of their signature on the outside wrapper, and also on the directions which accompany each box; without these marks of authenticity, they are spurious and an imposition.

To all who consult their own Interest.

THE Subscriber begs at the commencement of another season to inform his numerous supporters and the public generally, that owing to the facilities afforded by the greatly depressed character of the Money Markets of late, of securing goods below their legitimate value, in conjunction with the very important improvements more recently effected in the style and workmanship of his clothing, by the employment of none but the best mechanics in its manufacture, he is consequently now in a better position than ever to combine advantages to the public, equally appreciated by both rich and poor, and which although constituting the great disideratum of every branch of manufacture, has not been hitherto enjoyed by the citizens of Kingston, at least in the Tailoring and Clothing department, viz:—The combining all the modern improvements in elegance of style fit, finish and durability, of workmanship, at unprecedently low charges, so that such Gentlemen in particular as are ever accustomed to regard exorbitance in price as necessarily identified with real excellence would do well to dismiss their prejudices and by a practical test discover to their agreeable surprise that the demand of the most fastidious taste can be fully met at this establishment at least 20 to 25 per cent below the usual charges of Merchant Tailors The advantages will appear particularly manifest in the measure department; to which the most scrupulous attention is unremitingly paid. The stock will be found to comprise every variety of winter clothes suitable for over coats, business coats, &c., seasonable trouserings in great variety of pattern; rich, plain, figured and embroidered vestings; an extensive supply of ready made clothing together with a complete assortment of Hosiery, &c., &c., &c.

TIRAGE AU SORT.

MR. JOSHUA BATES, of Sly's Rapids, Canada West, respectfully brings before the attention of the Public his Scheme for the disposal of his Real Estate, situate in the united counties of Leeds and Grenville, and of Lanark and Renfrew, C. W., valued by disinterested and competent parties at $61,000, which will be done by *Tirage au Sort*, at $5 per Ticket, and to contain in all 640 Prizes, from the value of £3125 to £1 5s, thus making a prize for every 20 numbers. The highest prize being a Grist Mill, of the most perfect and best finished in Canada, or the United States, and which can be leased for £400 per annum; it is situated at Sly Lock Station, on the Rideau Canal; it has four run of stones; the size of the building is 40 by 60, and it is built of Stone, in the most substantial manner. Each run of stones has a separate water-wheel, the two smut machines, two setts of elevators and two separators having a water-wheel for themselves, and all central discharge wheels made of iron. The shafting is all iron from the bottom to the top throughout, the machinery is all perfect and in goodworking order; and the remainder of the property at Sly's Lock Station is water power lots, of much value, some with buildings thereon, and others vacant averaging downwards to £5 per lot. The other properties are all divided into lots, valued at £6,932 10s., and the lowest value of anyone is £5. In laying this Schemes for the disposal of such valuable property before the public, the proprietor would not have done so, unless circumstances compelled him so to do, under certain pecuniary embarrassments in which he and many of his friends have been led and hoping thereby to get alleviated therefrom; the cause of which embarrassments is attributable to the death of James Sykes, of Sheffield, in England, who was, before his death interested in the contemplated Railroad known as the Brockville and Ottawa Road, in which the undersigned's all was at stake To allow processes at Law to go against his property and sold by Sheriff's sale would be ruinous to all his property, and not realize such sufficient balance as to relieve him of all his difficulties; it is a sacrifice which the undersigned feels greatly, but if he can honestly discharge his liabilities, although incurred for others, he is willing to give up his hard earnings, which have taken over 40 years of his labor and economy to earn, and which he expected to have for the latter days of his and his family life, and recommence the hardships of the world anew. The public need not fear entering into this scheme, because it bears the name of a *Tirage*, for, although very many deprecate the general principle of *Tirages*, yet there are instances in which they ought to be recommended and adopted, which is, when it is intended to carry out some good purpose, as in this instance, which is got up solely for the purpose of relieving the proprietor and his friends, who are responsible with him for liabilities which cannot be met in time by any other plan. The drawing will take place on the 28th May, 1856, under the superintendence of gentlemen of the highest respectability, character, and standing in society, who will see that anything connected with the drawing is fairly and honorably attended to, and the names of those gentlemen are Adiel Sherwood, R. P. Colton, and John Kilborn, Esquires, of Brockville, who have kindly come forward to undertake the responsible part, and see the matter carried to a final result.

Having appointed Mr Thos. Wilson of the City of Kingston, my authorized agent to dispose of Tickets, &c., any information required touching the above lottery can be obtained on application to his office, King street, Kingston.

FARMER'S GUIDE.

GREAT REDUCTION IN THE PRICE OF LATTER PUBLICATION.

Leonard Scott & Co., New York, continue to re-publish the following leading British Periodicals, viz:—

1.
THE LONDON QUARTERLY, (Conservative.
2.
THE EDINBURGH REVIEW, (Whig.)
3.
THE NORTH BRITISH REVIEW, (Free Church.
4.
THE WESTMINSTER REVIEW, (Liberal.)
5.
BLACKWOOD'S EDINBURGH MAGAZINE, (Tory.)

The great and important events—Religious Political, and Military—now agitating the nations of the Old World, give to these Publications an interest and value they never before possessed. They occupy a middle ground between the hastily written news items, crude speculations and flying rumors of the newspaper, and the ponderous tome of the historian, written long after the living interest in the facts he records shall have passed away. The progress of the War in the East occupies a large space in their pages. Every movement is closely criticised whether of friend or of foe, and all shortcomings fearlessly pointed out. The letters from the Crimea and from the Baltic in Blackwood's Magazine, from two of its most popular contributors, give a more intelligible and reliable account of the movements of the great belligerents than can elsewhere be found.

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical—but politics form only one feature of their character. As Organs of the most profound Writers on Science, Literature, Morality, and Religion, they stand as they have ever stood, unrivalled in the world of Letters being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

The receipt of Advance Sheets from the British publishers gives an additional value to these Reprints, especially during the present exciting state of European affairs, inasmuch as they can now be placed in the hands of subscribers about as early as the original edition

MESSRS. STEARNS & MARVIN. Nos. 144 and 146 Water-St., N.Y. GENTS:—Our city was last evening visited with the most destructive fire since its existence, and you may well think we felt interested and anxious to know the result of several safes of yours and others in the fire. We need hardly tell you yours came out of the fiery ordeal triumphant over all others. Immediately under Anderson's office was 50 or 60 tons of tallow and of course made the hottest kind of fire; and in another Safe of yours, in the same building was $20,000 in Bank bills, checks, &c., all of which came out in perfect order, after lying in the ruins ten hours. All that have seen the effects of the fire on the different kinds of Safes, are satisfied of the superiority of your "Rich's improvement on Wilder's Patent Safes." Yours respectfully,
