F.T.HILL & CO., - Markdale

Our Great February GRANITEWARE SALE

Commencing this week our annual Graniteware Sale takes place and for the next fifteen days we will sell all kinds of Kitchen utensils in Graniteware at a big saving in cost to you. In many cases the prices will represent one-half to one-third less than you regularly pay, and the goods are made by one of the best firms in Canada, The McClary Manufacturing Co., of London. This sale represents part of a big purchase we made some time ago and our prices to you are away below anything that can be purchased in the line in a wholesale way to-day. It will pay you to take advantage of this sale.

F. T. HILL & Co., = Markdale

The Flesherton Advance

Is published every Thursday at $1.00 per annum if paid in advance, $1.50 if not so paid.

A new method of promoting human endurance has been discovered, known as the oxygen treatment. A test is recorded in England, where a football team that was practically beaten at half time, submitted to the oxygen absorption, went in and won the game in the last half. This plan opens up a world of possibilities in various directions. But then, people used to think that whiskey in proper doses would do the same thing.

o o o

Last week the people of the United States celebrated the birthday of Abraham Lincoln. Even in Canada the newspapers devoted considerable space to this event, and with reason. Lincoln was too great a man to deserve alone the honor of his own country. His sympathies were as broad as humanity, and wherever his name is known throughout the civilized world, that name is held in veneration. Pity the Republic cannot produce more such men. There has been but one Lincoln. If George Washington was the father of his country, Lincoln was the mother—one father and one mother. A reminiscent mood of this nature reminds us that time is passing. We remember distinctly the cry of horror that went up over the world when Lincoln was assassinated on April 14, 1865, by John Wilks Booth, and the grim joy when his slayer was dragged from his hiding place under a barn, riddled with bullets.

o o o

Canada and the United States both have large public works on hand, and in this regard Canadians have reason to plume themselves on the fact that ours is a much larger proposition than is that of Uncle Sam, when resources are considered. Ours is the Grand Trunk Pacific railway, his is the Panama canal. Our undertaking will cost us probably $150,000,000; his canal will be built at a cost of $300,000,000. The population across the border is eighty millions, ours between six and seven millions. Both of these great works will be completed inside of five years. There is food for thought in this comparison, and Canada will not suffer by the contrast.

o o o

Old age pensions are receiving much attention now in England, and an attempt is being made to popularize something of a like nature in this country. So far as can be judged here, the scheme is not taken up by press or people with the enthusiasm that was hoped for by the government. An idea is abroad that the aim is rather to aid the government by supplying it with funds, rather than to assist old age. Most governments appear to be afraid to do anything that will have a semblance of competition with existing banking or insurance systems, and until they can succeed in getting away from that idea we are not likely to see a system adopted that will be very beneficial to the community. According to "The World's Work" Belgium appears to have succeeded in this regard. It is said there is not a pauper in Belgium, and the reason given is the systematic effort put forth by that government to encourage the saving of money from childhood up, with the result that everybody lives within his income. It is doubtful if we in this country could be made as thrifty as the Belgians, but it might be accomplished by continued perseverance through a few generations.

If things keep going the way they are heading, it will not be long before one third of the schools in the country are closed for want of teachers. A few years ago Hepworth wanted a teacher, advertised and had 175 applications. This year they wanted one, advertised, had one application, accepted it right off but didn't get the teacher after all. Big Bay, a very strong school section, is without a teacher. It is very well to boost teachers salaries, but there does not seem to be teachers no matter what salary is paid.—Wiarton Echo.

Charlotte H. Hutton, of the township of Bentinck, county of Grey, in her statement of claim in an action against Cyrus T. Leeson, of the township of Normanby, Grey county, for $5,000 damages for breach of promise of marriage, says that between 1899 and 1908 he several times promised and agreed to marry her within a reasonable time, and that she was willing at any time to marry him, but that in October 1908, he married another woman, to plaintiff's great distress of mind,

The Stewart Tragedy

Stewart, the insane man who murdered J. Spanhouse and his son at Shrigley last week, has since been confined in Orangeville jail. Owing to his violence it was found impossible to bring him to Shelburne for trial. He is now a raving maniac, possessed of the one desire to kill, with quiet intervals.

John Spanhouse who was murdered, was born in Canada 65 years ago. When a young man he spent some time in the United States. In the neighborhood of forty years ago he settled on the east half of lot 29, con. 4, Old Survey, township of Melancthon, the farm on which he met his death. It was a bush farm, and the usual strenuous work of the pioneers fell to his lot. He was one of the most highly respected men of the township, and was in well-earned comfort and enjoyment of the evening of life, after years of indefatigable labor. At the time of his death he was one of the pillars of the U. B. Church at Shrigley. His wife's maiden name was White. Two sons and seven daughters survive: James Spanhouse, the murdered man, was unmarried and about forty-two years of age. He was a good worker on the farm, well liked by the neighbors, and in addition to his good working qualities on the farm is described as a mechanical genius.

Charged With Horse Stealing.

As the result of a threat made by his wife in the polic court at Owen Sound recently, Thomas H. Webb, a local farmer, has got himself into trouble. Webb's wife was giving evidence in a charge of assault which she brought against her husband when she made a remark to the effect that she could put her husband in penitentiary if she cared to do so as he had stolen a horse and rig while he was at Calgary during the summer. Chief McAuley was present when this statement was made and he immediately afterwards wrote to the chief of Police at Calgary and was informed that there was a warrant out for the arrest of Webb on charge of stealing a horse and rig. Chief McAuley was instructed to arrest Webb and an officer is at present on his way here from Calgary to take Webb back to that place. Webb appeared in the police court on Tuesday morning and was remanded. Webb admits having hired a horse and rig in Calgary and that he paid $10 in advance and set out to locate. He declares that when he was about two hundred miles from Calgary the horse and rig fell over a precipice three hundred feet high into the Rosebud River. He had written to Calgary to that effect and had promised to pay for the loss.

Bible Society Meeting

The annual meeting of the Executive of the Flesherton Branch of the Bible Society was held in the Baptist church on Friday evening, with President, Chas. Stewart, in charge. The new officers elected were:—Pres., T. R. McKenzie; Sec., Rev. L. F. Kipp; Treas. and Keeper of Depositary, W. H. Bunt. Executive Committee—C. Stewart, F. Chard, F. Cairns, W. J. Bellamy, W. Clayton, Jos. Buchanan, R. Allen, S. Hemphill, M. Philips, W. A. Morton, H. Williams, R. Plantt, N. McCannel. Auditors—Frank Chard and Richard Allen.

Public meetings are to be held in June in Ceylon, Vandeleur, Eugenia, Proton, Mount Zion and Rockvale, in an endeavor to increase the interest of these localities in Bible Society work. It was decided also, that the Executive meeting should be held each year on the first Monday after the 24th of May.

Collectors for the different districts were named, but will not make their collections until after the June meetings arranged for.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the Heart or Kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the Stomach nor to temporarily stimulate the Heart or Kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see. Sold by all dealers.

Ceylon's Meat Market.

All kinds of fresh and smoked meats, head cheese, sausage, always on hand.

CASH PAID FOR HIDES.
