Richard Ottewell will hold a sale of his farm stock and implements on lot 9, con. 11, Osprey, on Friday, March 19, at 1 o'clock. Wm. Kaitting, auctioneer.

VICINITY CHIPS

Mr. and Mrs. Fred McClocklin visited their former home at Durham over Sunday.

Great quantities of poles still continue to come in and the buyers are taking all that offer.

Fred Karstedt, jr., Miss Ella, and Miss Vida Rundle, of the postoffice, visited with Dundalk friends on Sunday.

Tuesday was a great day for moving loads. A sleet storm made the roads very easy to travel with heavy burdens.

The Meaford Mirror, one of our newsiest local exchanges, has entered upon its 28th year of publication. May its bright reflecting properties remain undimmed for another 28.

According to the minutes, Artemesia township council have arrived at the point where they consider the purchase of a stone crusher a work of necessity and economy, but nothing definite has yet been done.

A baptism on a wholesale scale was solemnized at the residence of Mr. John Bellamy on Wednesday afternoon of last week, when six little ones received the ordinance, Rev. Dr. Caldwell presiding. Afterwards a choice supper was served to the guests, about eighteen in number.

The A. O. U. W. held a well-attended open meeting in the town hall on Tuesday evening. Several speakers were present from a distance who put forth the claims of the society in a convincing manner. There was a short musical program. Mr. M. K. Richardson occupied the chair.

Mr. Ed. Thompson, who underwent an operation for apendicitis in the general hospital, Toronto, was discharged from that institution on Monday and is visiting for a couple of days with his brother at Stouffville. He will be home this week. We are pleased to learn that his recovery has been rapid.

Duncan, the 8 year old son of Mr. John S. McMillen, Ceylon, met with a painful accident on Wednesday of last week, by getting his thumb in the wheels of a cream separator. The thumb was so badly mangled that it had to be amputated, Dr. Dixon of Priceville performing the operation. The hand was also considerably lacerated.

Thimble Party

Mrs. W. A. Armstrong gave a unique party to about twenty ladies of the town on Friday evening of last week, the nature of which will be better understood by quoting from the printed invitation, which read as follaws:

Ye matron, Mrs. W. A. Armstrong, sends
her greeting unto you, and begs your
presence at her home,
When other friends will congregate in
friendships true and hearty
And join her in ye pleasures of ye olde
time Thimble Party.
'Twill favor her if you'll recite ye dear
old-fashioned rhymes,
Or sing ye song, or tell ye tale of long
forgotten times.
Perhaps some bit of old-time garb upon
your form will be:
But surely bring your sewing, and prepare to stay to tea.

The ladies all pronounce Mrs. A. a most charming hostess and the evening as one of unalloyed enjoyment.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

One wonders what would be the position of the fraternal societies, and Masons, Oddfellows and others, if they depended upon the general public for maintenance —if members, instead of paying their dues, advised the master or noble grand to hold entertainments for the benefit of the lodges, to meet the direct obligations which rightfully only belong to the members? Does not the very independence of the lodges add to their respect and prestige, which, alas, the church in many places cannot gain on account of the beggarly condition she is obliged to hold? The church needs emancipation from the entertainment fad, and that her people may imbibe the blessedness in direct giving.—Ontario Churchman.

Artemesia Council

Artemesia township council met on Saturday with all the members present, the reeve in the chair. Minutes of session of Feb. 6 last were read and confirmed. An account from Mrs. McArthur for gravel used on roads was presented and read. Messrs. McKenzie and Carson as a committee to inquire into the treasurer's securities presented their report. The securities consist of a bond of the London Guarantee Company for $4000 with premium paid to February 1910. Bylaws 711, to appoint certain municipal officers, and 712, to amend Bylaw 710, were introduced and read a first and second time. Bylaw 711 was read a third time and ordered to signed, sealed and entered on the Bylaw book.

Duncan—Wright—That the committee report on the treasurer's security be received and adopted. Carried.

Carson—McKenzie—That Mrs. McArthur be paid $8.90 for gravel used on road, as certified by overseer for 1907 and 1908. Carried.

The C. P. Railway Company's engineers served on the council copies of plans of railway crossings on the W. & L. branch of the C. P. R. for approval or objection within ten days.

McKenzie—Duncan—That the reeve and Mr. Carson examine the railway crossings on the W. & L. branch of the C. P. R. and forward a copy of their report to the chairman of the Railway Committee through the township solicitor by the 14th inst. Carried.

Wright—Duncan—That in the opinion of this council the time has come when this council should invest in a stone crusher, and the clerk is hereby authorized to communicate with different manufacturers with a view of purchasing the same. Carried.

McKenzie—Carson—That $1240 be appropriated to be expended on the highways of this township in 1909, as follows, said sum to include work on town lines: Div. 1, $300; Div. 2, $300; Div. 3, $340; Div. 4, $300; and the members of this council are appointed commissioners to expend the same in their respective divisions, this appropriation not to include work on bridges costing over $25. The said commissioners are required to submit their report in writing to this council of such expenditure before being paid their commission; that the sum of $125 be expended on the valley road between Loucks' mill and the townline of Euphrasia, and the reeve expend the same. Carried.

The reeve and commissioner of division in which work on bridge costing over $25 be a committee to oversee the work, and no further expenditure be made on new bridges except in cases of emergency, save by resolution of this council, and that a bylaw be prepared and submitted at the next meeting of this council.

Council adjourned.

The Stratford Beacon says: The township of Fullarton is a model township. It has not a dollar of debenture debt, local improvements being paid out of yearly revenues. Last year it spent $2,500 on permanent culverts and cement covers to bridges; built three new bridges out of the township funds, and two under the good roads plan. There are now less than three miles of township roads not gravelled, and these will probably be dealt with this year. The township rate is somewhat high, but the ratepayers prefer to pay as they go rather than go in debt. In a few years the municipal taxes will be so small that they will hardly be felt by the authorities.

Origin of Rhode Island Reds

Answering a question as to the origin of the Rhode Island Red breed of fowl, the editor of Farm Poultry says:

The Rhode Island Red is a fowl that has been produced in and about Little Compton, Rhode Island. The community is largely engaged in the production of eggs for market. Rhode Island Red is the fowl kept by nearly all of them, but you occasionally see a few Light Brahmas and Barred Plymouth Rocks, and we are told that at one time you could see some R. C. Brown Leghorns. All these varieties, and more, have been used in making the Rhode Island Reds. Some Red Malays are said to be chiefly responsible for the color of this breed. Years ago these males were introduced and crossed on different birds in this vicinity. The poultry farmers took a fancy to the red color and always bred from red males. Whenever they introduced a cross they always saved the red males from this cross and bred them. It time the breed established had this red color, no matter whether the foreign blood introduced had been Light Brahma or Barred Plymouth Rock; but whatever it had been, the red always predominated, and these poultry raisers always clung to it. It should be borne in mind that this was years ago--twenty, thirty, or in some cases even fifty years ago. The introduction of the R. C. Brown Leghorn variety is said by many to be responsible for the rose-comb variety. The fact that these farmers were not as particular in the selection of the females as they were in the selection of the males, is undoubtedly what has caused this breed not to breed as true as others, until possibly very recently.

Charles Wilson, Everett, Ont., has been missing since November 15, 1908. A description of him is: Height about 5 feet 8 inches, weight 140 lbs., dark curly hair and heavy black mustache; dark eyes; occupation, mariner; age about 38 years. He was last seen in Fort William about November 15th, 1908. Any person having any knowledge of the said Charles Wilson will confer a favor by sending it to Mrs. Noble Thomas, Collingwood, or or Harry Wilson, Everett.

THE MARKETS.

Potatoes per bag	50 to 50
Geese	10 to 10
Ducks	10 to 10
Chickens	6 to 8
Turkeys	14 to 14

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

"ALL DEALERS"

Administrator's Sale OF Farm Property IN THE Township of Osprey

Under and by virtue of the powers vested in the Administrator of the estate of William Spencer, late of the Township of Osprey, in the County of Grey, farmer, deceased, there will be offered for sale by public auction at the Temperance Hotel in the Village of Feversham in the County of Grey on SATURDAY THE 3rd DAY OF APRIL, A.
