A recent federal law prohibits the use of tobacco in any form to boys under 16 years of age, the penalty for first offence not to exceed ten dollars. This is a law that was long needed and will be a means of saving many a boy from the pernicious cigarette habit. In the larger places especially such a law was badly needed. It was not unusual in cities to see children of ten years of age puffing their cigarette. In Toronto a father was fined $7 and costs for giving his own little son a cigarette. Yes, the law is a timely one.

o o o

The Good Samaritan is evidently an unknown individual down around Guelph. One day last week a farmer on his way to town saw a man lying in a fence corner in snow and water, sick and unable to travel. At night when the farmer returned the sick man was still there. When a constable was at last sent to the man's relief the latter was found dead. This is a sad commentary on a civilized country—on a country that is supposed to know the Bible and its teachings. This poor man lay within two miles of a city all day with numberless people passing and repassing, and died without anyone so much as raising a hand to help him. Verily the people of that section have no reason to be proud of themselves,

o o o

Mr. Lucas' resolutions, published in another column, is a move in the right direction. Nothing will make the telephone so popular, or bring it within reach of the mass of people, as government control. Private companies are numerous and connections are annoying. Government ownership would overcome these drawbacks and doubtless give a cheaper service, which would result in a much wider range of usefulness for this modern necessity.

o o o

If it is thought wise to spend a few millions on protecting our own shores, this paper has nothing to say against it; but we would rather object to giving those millions to the mother country in the form of war vessels. The time may come when this country will need more protection to her shores than she has at the present time, and perhaps this is the best time possible in which to commence our works of defence, when the British war cry is echoing among the colonies. We do not want war in any shape or form, but if ...ry is forced to the wall it is well to have a sword hanging at the hip.

On Tuesday the Dominion House passed the following resolution:—"This House fully recognizes the duty of the people of Canada, as they increase in numbers and wealth, to assume in larger measure the responsibilities of national defence. The House is of opinion that under the present constitutional relations between the Mother Country and the self-governing dominions the payment of regular and periodical contributions to the Imperial Treasury for naval and military purposes would not, so far as Canada is concerned, be the most satisfactory solution of the question of defence. The House will cordially approve of any necessary expenditure designed to promote the speedy organization of a Canadian naval service in co-operation with and in close relation to the Imperial navy, along the lines suggested by the Admiralty at the last Imperial conference, and in full sympathy with the view that the naval supremacy of Britain is essential to the security of commerce, the safety of the Empire, and the peace of the world. The House expresses its firm conviction that whenever the need arises the Canadian people will be found ready and willing to make any sacrifice that is required to give to the Imperial authorities the most loyal and hearty co-operation in every movement for the maintenance of the integrity and the honor of the Empire."

Osprey Council.

The Council of Osprey met at Singhampton on March 20. The members were all present. Minutes of last meeting were read and adopted. Communications were read from: W. H. Thurston, account $15 for printing; Isaac Traynor, account $46, Feversham bridge, Menzie ditch and Drain No. 2; Henry Down, certifying that Jas. Jackson's account for $3 for building a culvert, was correct; John Conn produced a certificate from the pathmaster for the year 1906, that the statute labor for that year was performed; Dr. A. H. McFadden, on behalf of the Singhampton public library, asked for the usual grant.

Orders were issued on the treasurer to pay Jas. Jackson $3, building culvert; Isaac Traynor $26, service on Drain No. 2, $12 for service on Menzie ditch, and $8 for service on Feversham bridge; W. H. Thurston, $15 for printing.

Taylor—McCallum—That the clerk order from the Sawyer Massey Company one set of ten-inch tile moulds with extra bottoms. Carried.

McCallum—Buie—That each of the road commissioners be appropriated $150 each for roads and bridges in 1909. Carried.

McCallum—Thompson—That the clerk notify the county treasurer to receive the taxes charged against lot 21, con. 11, for the year 1906, less $6.05, being amount charged against said lot for statute labor and interest, and now certified to as having been performed. Carried.

Bylaw No. 518, appointing pathmasters, fenceviewers and poundkeepers, was passed, viz.:

Council adjourned to meet at Feversham as a Court of Revision on May 25th.

Fire At Durham

The business section of Durham came within an ace of being wiped out by fire about eleven thirty o'clock Thursday last when a frame building, situated to the north of McIntyre and McKechnie blocks, took fire and aided by a north-westerly wind, gained considerable headway, before the firemen could reach the scene. The fire was discovered by Night-watchman Brooks on the premises occupied by Jones and Rickett, butchers, and as the building was an old one, it burned quickly. Had it not been for the excellent work of the local fire department, the whole business section of the town would probably have been destroyed. As it was, Webster's jewelry store and J. P. Telford's law office next to the burned building took fire in two or three places, but the flames were soon put out. The former place, especially, was badly damaged by water. The loss will be about $3,000, and, is understood, only partially covered by insurance.

Government to Control Phones.

Mr. I. B Lucas (Centre Grey) presented an important resolution in the Legislature on Tuesday. The resolution calls for an address to be presented to the Governor-General praying that his Excellency will cause to be laid in due course and form before the Parliament of Canada the desires of the Legislature that such legislation may be passed by the Parliament of Canada as may be necessary to enable the Province of Ontario to expropriate upon fair and equitable terms all the property within the Province of Ontario of any person, company or corporation carrying on a telephone business within the province.

An alternative power is also sought. In case the foregoing request is not granted, then Mr. Lucas wants the Imperial Government to vest in the Legislatures of the several provinces, or the Legislature of the Province of Ontario, full power and authority to control and regulate within the territorial jurisdiction of each province, or the province of Ontario, all persons, companies or corporations carrying on a telephone business therein, reserving to the Parliament of Canada the control and regulation of inter-provincial business only.

Mr. Lucas explained that the object of his resolutions was to start a movement for Government-owned telephones. Manitoba and Alberta owned their own 'phone systeme, he said, and a few weeks ago Hon. Geo. Graham stated at Ottawa that if Ontario wanted Government-owned telephones the Legislature should take some action in the matter. That action is now being taken. Mr. Lucas also stated that if the Government would take over the trunk lines, the whole province would become a net work of wires strung by rural telephone companies.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give a quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price, 25 cents; large size, 50 cents. For sale by W. E. Richardson.

Best Editorial Page In Canada

Toronto Daily Star Has Strong Combination in John Lewis and Jos. T. Clark.

In the judgment of many readers the most interesting editorial page in Canada is that of The Toronto Daily Star. Mr. John Lewis, author of the life of George Brown, and for many years chief editorial writer on The Globe, is The Star's chief writer, and the staff has recently been increased by the accession of Mr. Joseph T. Clark, "Mack," formerly editor of the Saturday Night. Mr. Lewis and Mr. Clark stand in the first rank of their profession in Canada, and the combination of two such writers on the staff of the same paper is something unique in Canadian journalism.

The Star's editorials are always sane, progressive, exceptionally free from bias, political or otherwise, and always eminently readable. Special contributions, in which "Mack's" personality is particularly noticeable, are now an outstanding feature of the page, so that altogether it is little wonder that it is popular.

For Whooping Cough.

Give Chamberlain's Cough Remedy. It will keep the cough loose, expectoration easy and render the fits of coughing less frequent and less severe. It is safe and sure. For sale by W. E. Richardson.

For conspiracy to defraud, G. T. R. conductors Corrigan and McCallum were each sentenced to three years in Kingston Penitentiary.

On Saturday afternoon Chief Cringle drove out to a swamp on Chas. Duncan's farm in Proton and arrested James Smellie on a charge of uttering a forged note. It appears that he had given A. T. Stewart of this town a note for $250 in payment for a horse, rig and some furniture as Smellie was about to be married. The note bore the signature of Wm. J. Greer of West Luther, who denied that he had signed the note. The preliminary hearing of the case came off here on Tuesday. It would appear from the evidence that business transactions between Greer and Smellie had been somewhat mixed up. The accused was committed to stand his trial at Guelph, and was taken to jail yesterday, where he will remain until trial unless he can secure bail.—Mount Forest Confederate.

Notice to Creditors

In the matter of the estate of Samuel Pedlar, late of the Township of Artemesia in the County of Grey, Farmer, deceased.

NOTICE is hereby given pursuant to the revised Statutes of Ontario, 1897, Chap. 129 that all the creditors and others having claims against the estate of the said Samuel Pedlar who died on or about the first day of December, 1908, are required on or before the 24th day of April, 1909, to send by post prepaid or deliver to W. H. Wright, Owen Sound, Ont., solicitors for the executors of the last Willand Testament of the said deceased, their christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities (if any) held by them.

AND FURTHER TAKE NOTICE that after such last mentioned date the said executors will proceed to distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which they shall then have notice, and that the said executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution. Dated March 22nd, A. D. 1909.

W. H. WRIGHT, Owen Sound, Ont., Solicitor for the Executors.
