T. Mercer of Markdale was banqueted at the Markdale house Friday evening last, when about 75 people were present to do honor to the guest of the evening. License Commissioner Ferguson of Feversham occupied the chair.

The Advance has treated itself to a new heading this week. Now when spring is at hand, and nature will bud and bloom and grow, is a fitting time for us to throw away the old scarred veteran beading. How do you like our new expression?

East Grey Agricultural Society will hold their annual spring show of entire stock on April 24. This comes on Saturday and follows that of Dundalk, which takes place the day before Nominal prizes will be given this time and a government judge will preside. See bills for full particulars.

I. Harvey Perigoe's business interests in other places will not interfere with the interests of clients at Feversham and vicinity. He pays cash for past due notes and accounts and all insurance is placed with only the very best companies A number of genuine farm bargains on tap. Better see him at Feversham.

Mr. Heath, late principal of our school, bade farewell to the pupils yesterday. He leaves to-day for the London district to visit friends, after which he will go to British Columbia, where a brother resides. Mr. Heath was one of the best teachers we have ever had here, and had his qualifications been such as are required we are safe in saying that he would not have been allowed to go.

Rev. L. F. Kipp issued bills announcing an apron social at the residence of Mr. Martin Phillips, east of Rockvale, for Friday night last, and as a result the house was crowded to its utmost capacity with a good natured, struggling mass of humanity, who took their luncheon as best they could get it. The program was only available to a portion of those present and the representative of this paper was not of that portion, consequently our report is limited. It was a good natured crowd, however, and everybody appeared to be happy—especially pastor Kipp, who announces the proceeds as amounting to the handsome of $16 25

Mrs Wm. Sharpe and daughter Olive attended the funeral of Mrs. Frank Turner of Corbetton on Saturday of last week.

Mr. James Buckingham of Osprey writes us that he has a lamb three weeks old that weighs 38 pounds, and, of course, would like to know if any of our farmer friends can beat it.

D. D. G. M. Henry of Orangeville has been here in the interests of the A. O. U. W. during the past week. On Friday evening last a special meeting was held when a couple of candidates were initiated into the mysteries of the order and on Tuesday ten new members interviewed the goat. This influx is a result of the special public meeting held in the town hall recently, and will place the lodge here in a more prosperous condition than ever, with a membership of about fifty.

A five mile marathon race from the railway at Duntroon to the Globe Hotel corner, Stayner, on Saturday afternoon aroused great interest among admirers of athletic sports. There were eight entries but two dropped out along the way. S. Haverson, New Lowell, finished first, covering the distance in the remarkably good time of 29 minutes, considering the very bad state of the road. He was followed by Hewson, Graham, Robinson, Fryer and Rose in the order named. The first prize was $10, and the second was the amount of the entrance fee. There was a big crowd in town and great interest was manifested in the event. —Creemore Star.

Mrs. Robert Fawcett, sr., died at her son's residence near Heathcote on Tuesday last at the ripe age of 88 years. She leaves a family of six sons and three daughters, one of the latter being Mrs. Henry Down of Hatherton. Mr. J. R. Fawcett of Kimberley is one of the sons, and A. R. Fawcett, editor of the Burk's Falls Arrow, is another. Mrs. Fawcett lived with her husband in Flesherton for some years and was beloved by all who knew her. It was with regret that her many warm friends here heard of her demise. She was one of the most cheerful and warm hearted old ladies that we have ever met and had a strong abiding faith in an expanding existence beyond this world's environment Her life was full and complete in good works and she has gone to reap her reward.

Mr. M K. Richardson returned Monday from a business trip to Muskoka and Parry Sound districts. He finds some pretty hard cases. For instance some twenty miles from Huntsville he found five children, the eldest only 13 years of age, cared for by an old grandmother 82 years of age. The only thing they had in the house was corn meal and water. One little girl had her arm badly broken and this had not been set and was in a bad state. The mother had died two years ago. The father is living but does not provide properly for them. None of the children had any seasonable clothing. The injured child was cared for by a surgeon and the rest taken away to find better homes. This is only one of many heartrending cases Mr. Richardson is called upon to look after. It is sad indeed to know that we have so many cases of this kind in our land of plenty.

The Advance was misinformed as to the condition of hotel affairs in Durham. The Chronicle of last week says both hotels were not shut up as the Central hotel was open all the time, and afforded all the accomodation possible during the time the Hahn House was closed, and Mr Hahn never "succeeded" in getting him to close, nor have we heard of any attempt made by him to do so. In fact, Mr. Hahn denies to us that he ever defied the authorities. He says he never told his boarders to leave, nor did he ever try to induce the other hotel to close up. He said it was none of his business what the other man did and he never interfered with him in any way. We think Mr. Hahn made a mistake in closing up his house as he did, but we presume he had a right to do so if he felt that way. It is high time for not only the temperance people, but the citizens of Durham as a whole, to make provision against any similar emergency in the future. The success or failure of the local option movement here depends largely upon the temperance people themselves, but the fact that it takes more than wind to build and run hotels must not be lost sight of.

Flesherton Will Celebrate.

A meeting of citizens was held in the town hall on Friday evening last to discuss the holding of a monster celebration on July 1, when it was unanimously decided to go ahead with the scheme. The treasurer's statement showed that there was on hand from last year nearly $535.

The following officers were appointed for this year: President, Geo. Mitchell; Vice-President, John Runstadtler; Sec., John A. Boyd; Treas., W. A. Armstrong. Committee of Management—Mark Wilson, E. C. Murray, Ed. Thompson, W. J. Boyd, John Wright, Thos. Blakeley, W. H. Thurston, W. L. Wright, Wm. Somers, C. H. Munshaw. The committee of management will meet in the town hall on Wednesday, April 7, to take into consideration the nature of sports to be provided, but it has already been decided to make horse races a prominent feature.

A public meeting will be held later on to endorse the action of committees and offer suggestions.

The amount of money on hand should ensure the biggest day here that we have ever experienced.

Auction Sales.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little, if any swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. You are certain to be pleased with the quick relief which it affords. Price, 25 cents; large size, 50 cents. For sale by W. E. Richardson.

Preventics—those Candy Cold Cure Tablets—will safely and quickly check all colds and the Grip. Try them once and see! 48-25c. Sold by all dealers.

The Shallow Lake Cement company are said to have orders ahead sufficient to keep them going night and day until next Christmas.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments, the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart, or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then these organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will surely follow. Sold by all dealers.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics.

Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you
