The Power of an Idea

A man of one idea died lately in Boston at an age which lacked but a little of ninety years. He had nursed that one idea and cherished and educated and enriched it, until it became the sole interest in his life.

The man was George Thorndike Angell, president of the Massachusetts Society for the prevention of Cruelty to dumb animals, and the idea was that dumb creatures should be treated kindly. Taken together, the streng h of the man and the power of the idea have helped to modify public sentiment toward animals all over this country, and they may not have been without their influence abroad as well.

Americans do not realize how far ahead they are of European nations, except Great Britain, in the kind treatment of animals. That this is so is due almost wholly to the work of Henry Bergh of New York, the founder of the American Society for the Prevention of Cruelty to Animals, and to the work of the late Mr. Angell of Boston. It was the hideous cruelty which he had s en practised upon dumb brutes on the Continent of Europe that gave Mr. Bergh the idea to which he devoted the rest of his l fe.

Among the concrete things accomplish- by these two philanthropic men are the passage of laws protecting animals and punishing cruelty; the law against docking horses' tails, shamefully unenforced; the establishment of drinking fountains, horse ambulances, derricks for lifting fallen horses, more care in shoeing horses, especially in slippery weather. But more important is the gradual growth of public sentiment, which has made intolerable sights that a generation ago would have attracted little attention and for which there was no legal remedy. The idea has leavened a great lump already. It will leaven the whole in time.—Youth's Companion.

Crushed Stone Roads

With a view to the possibility of there being a few objectors to the recent purchase by our council of a stone crusher for the township of Artemesia, we give the following opinion from the Grand Valley Star, as the experience of East Luther with the stone crusher owned by them:

"The opposition to putting crushed stone on roads instead of gravel is rapidly vanishing, in face of the economic value it has over gravel, its durability, and the splendid results given. Last fall the village council put a light coating on the hill to the station, with the result that the road is more solid and smoother and is not the least bit cut by the heavy traffic. Similar results are to be found throughout East Luther, where the work has been done in a patchwork system. Now Amaranth has awakened to the benefits of crushed stone, and is negotiating with East Luther for the rental of their stone crusher. When it is remembered that this crusher was the object of contempt by a number of people, a useless, unnecessary and too expensive article, it looks as though Scotch foresight was to be vindicated, and that which was rejected will be a revenue producer, as well as a doer of good in the community. There is some talk of Grand Valley using crushed stone throughout the village instead of gravel, and results justify the change. Crushed stone at 85 cents a yard is cheaper than gravel at 45 cents, the average price in Grand Valley.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little, if any swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. You are certain to be pleased with the quick relief which it affords. Price, 25 cents; large size, 50 cents. For sale by W. E. Richardson.

Hon. Clifford Sifton of Ottawa and his two sons, students of Toronto University, were in town on Monday. Mr. Sifton is a decided horse fancier and he came here to inspect Mr. H. H. Miller's Arab colt with a view to purchase. After seeing the animal, a change of ownership was quickly consummated at a fancy figure. The colt will be shipped next week, and Hon. Mr. Sifton purposes exhibiting it at the Montreal Horse Show next month. He will also exhibit at Montreal a couple of horses which he recently purchased in England. This Arab colt in question is the only pure bred Arab horse in Canada.—Hanover Post.

Preventics—those Candy Cold Cure Tablets—will safely and quickly check all colds and the Grip. Try them once and see! 48-25c. Sold by all dealers.

CENSUS OF ALGOMA.

(From the Globe of April 26, 1861.)

We are informed that the population of the new County of Algoma will foot up more than 5,000 when all the census returns are in. It extends from French River to Fort William, and will soon have enough population to entitle it to a representative. It is a matter of regret that it should not send a member to Parliament now to look after its interests. Mr. Cartier desires territory to be taken into account in distributing the representation. How many members would Algoma have, if that rule were adopted?

THE OWEN SOUND TRADE OF 1861.

The shipping trade at the port of Owen Sound fifty years ago was of very limited proportions compared with that of the present day. The newspapers back about 1860 made a practice of publishing a list each week of articles imported and exported. This list was not so extensive that it taxed the capacity of the papers in any sense. Such an undertaking would, however, be beyond their powers at the present day Following is a list for one week as published in the Owen Sound weekly Comet of June 14, 1861.

Imports—Steamer Ploughboy—Ten barrels for J. Riddell. Steamer Josephine—30 tons Blosburg coal, 25 tons Lehigh coal for H. Secord; 96 bags salt for S. S. Curtis; 100 barrels salt, 2 barrels plaster, 1500 lbs. merchandise, 1800 lbs. sugar, 14 barrels whisky, for J. Miller.

Exports—Steamer Ploughboy—Lot of H. H. goods, 7 bags clothing, span horses and wagon, for A. North; 9000 bricks for J. G. Gale; 7 bags potatoes, 3 boxes eggs, 5 barrels lime, 3 cows and 2 calves, 1 sheep, 13 bags flour, 600 brick, 2 tubes, 2 bags oatmeal, for Kennedy & Wylie; 126 bags flour for J. Riddell; 6 bags flour, 1 bag seed, for P. Lenefety; 3 bags flour, 3 bags potatoes, for D. Lamont; 20 bags flour, 2 boxes eggs, 2 barrels whisky, for H. Secord; 1 bag potatoes, 3 boxes, 1 bag flour, 1 bale, for J. Rogerson; 10 barrels salt for L. Smith; 3 sheep, 1 cow, for L. Ormiston · 2 barrels, 1 barrel pork, 1 box eggs, for J. Chisholm; 6 sheep, 2 pigs, for S. Beatty.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give a quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price, 25 cents; large size, 50 cents. For sale by W. E. Richardson.

Mr. Henry M. Douglass, the well known horse man of Vandeleur and Meaford, who recently purchased Mr. Laing's farm adjoining the corporation of Stayner has moved to his new quarters. Mr. Douglass is a young man of enterprise and has gained an enviable reputation as a horse-man. He has exhibited at all the leading shows with great success from Grand Rapids, Mich., to Sherbrooke, Que., and owned stallions that sold for $3,000 and a harness gelding that Mrs. Vanderbilt of New Xork paid $1,400 for. Some of his notable winnings are the gold medal at Ottawa in 1907 for the best heavy draft stallion Clyde or Shire, the gold medal at Sherbrook, Que., in 1907 for the best carriage stallion, any breed, with four of his gets But the crowning feature of his show yard career was the winning of the champion silver cup valued at $100 in 1908 at the Michigan State Fair, Detroit, on his French coach stallion which he still owns.

Rheumatic poisons are quickly and surely driven out of the blood with Dr. Shoop's Rheumatic Remedy—liquid or tablet form. The oldest man in the county of Simcoe, in the person of Stephen Thos. Priddle, died at Barrie recently at the age of 103 years. He was born in Kent county, Eng., in 1806 he came to Canada, settling in Oro township in 1849. For 30 years he lived in Muskoka, near Utterson. During the last four years he had lived in Utopia, nine miles west of Barrie, mostly alone. Three weeks ago, not being able to look after himself, he was brought to the hospital in Barrie where he died. He was a total abstainer throughout his life, and his wife died ten years ago in her 78th year.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative
