Life Insurance.—The British Commercial Life Insurance Company of London, established in 1820, capital and assets over one million sterling, affords the highest security to persons desirous of insuring their lives. Bankers, Glyn, Halifax, Mills & Co. Proposals for Assurance in the above-named Company received and all information given by S. Rowlands, No. 4 Wilson's Buildings.

Holloway's Pills a certain cure for Asthmatic Complaints.—The astonishing effect these wonderful Pills produce in the above class of diseases, would appear incredible if the truth were not confirmed by so many living witnesses; scarcely a day passes without some one making favorable mention of these extraordinary Pills, and their wonderful efficacy in all complaints. Indeed, there cannot be any doubt but that they will restore to health after every other means have failed, and will be found a certain antidote for most of the disorders affecting the human system.

A Sweet Breath, White Teeth, and Healthy mouth a revirtues, most desirable all these can be obtained by using Blodgetts "Persian Balm," for a Dentifrice. Wet your brush with water, drop on it 2 or 3 drops of the Balm, and apply to the teeth; its result will be all you can desire, it preserves the teeth from decay, and leaves the mouth in a healthy state. Please try it, at E. H. Parker's & E. W. Palmer's Druggists.

A Word About Sickly Seasons.—The lives of thousands of children and grown persons might be saved and restored to perfect health by the timely use of Dr McClintock's Diarrhea Cordial. By its use Diarrhea, Cholera Morbus, Dysentery, Cholera Infantum, and Summer Complaints are instantly relieved and speedily cured. Discovered, and administered to over two hundred cases in a single day, at the City Cholera Hospital and City Prison, Philadelphia, during the dreadful epidemic of 1832.

While Thousands of Scientific Men have kept the result of their discoveries a secret, or laid away in musty books on publishers' shelves, Dr. Jas. McClintock, late Dean of Philadelphia College of Medicine, brings out his discoveries in medicine in the way of a real scientific remedy for each disease. His Dyspeptic elixir and his Tonic Alterative cures dyspepsia and indigestion, and purifies the blood, invigorates the system, and prevents disease.

Dr. Jas. McClintock is known wherever profound science and vast experience are appreciated, as the most successful of living physicians in the treatment of Pulmonary complaints. His Cold and Cough Mixture removes Colds, Coughs, Hoarseness, and all Ordinary Irritations of the Respiratory System, as certainly as water quenches flame; while his Pectoral Syrup is the only reliable cure for Consumption, Bronchitis, and all serious diseases of the Trachea and other portions of the breathing apparatus.

The Pale, Emaciated, Broken-down victim of Fever and Ague, derives immediate relief from Dr Jas. McClintock's Fever and Ague Specific. In the first place, the chills are broken, and the subsequent effect of the medicine is to fortify the system against any further attacks of the disease. Scarcely less celebrated are Dr McClintock's Anti-Bilious Pills, for their extraordinary operations upon the Bilious secretions; they impart a healthy tone to the liver when all other remedies fail.

Leaving London punctually on the 23d July,
FOR MONTREAL DIRECT.

The powerful First Class Screw Steamer

CHESTER,

A 1, 567 tons register,

William Harrison, Commander,

Loading in the London Docks.

It has always been a disadvantage to London the want of steam communication direct between the Metropolis and the American Colonies, as well as the want of punctuality in the time of sailing of the regular liners.

Alfred Hill has the honor to intimate to his friends in Canada, that he has at last succeeded in the laying on of a first class Steamer, to leave London on the 23d July for Montreal direct; and if sufficient encouragement be given, other Screw Steamers will follow, at stated times. A. H. is so impressed with the importance of vessels sailing to the day, which is the real essence of the undertaking, that the public may rest assured that these vessels will be despatched on the day named.

JOE PENTLAND'S CIRCUS.

Numbering 150 MEN and HORSES.

By far the Largest and most Perfect Establishment of this Season.

NEWLY EQUIPPED, and greatly augmented for the year 1856, it is confidently believed, will be found to present a combination of novel and attractive features, which will more than sustain the high reputation which it has attained in former years. Now, as heretofore, the management will endeavor to deserve success, by giving the public a full equivalent for their money, and perform even more than they promise, thinking that a well deserved popularity, honestly gained by fair proceedings, much more desirable in the end than any mere temporary advantage, which may be obtained by resort to clap trap and humbug. In short, having received the appellation of the Model Circus of America! they are resolved to maintain it by giving performances which it shall be impossible to excel.

JOE PENTLAND IS CLOWN!

And his name will be a sufficient guarantee that wit without coarseness, fun without vulgarity, and mirth without end, will charecterise the comic department of the exhibition.

Joe Pentlands' Circus

Will exhibit at KINGSTON on Friday, September 5th, 1856.

Prominent among the great troupe of Star Riders and Gymnasts attached to this establishment, will be found the names of the

HERMANDEZ,

The greatest of living Riders! who has just returned from a protracted tour throughout Europe and who, in all the capitals of the Old World, as throughout the length and breadth of North America, is universally acknowledged to excel in grace, daring and skill, any equesterian who has ever appeared before the public. The enthusiasm excited by his extraordinary feats in London and Paris was positively without parallel, and now that he re-appears in his native land, after an absence of seven years, he will doubtless meet with a reception which will remunerate the management for the vast expense they have incurred in securing the services of this incomparable artiste.

MAD'ELLE ELOUISE,

The youthful and accomplished Lady Esquestrian, the most dashing and spirited female rider, that has ever appeared in this country, and whose startling acts of equestrianism, executed upon a Bare Backed Steed, have gained for her the undisputed title of Fairy Queen of the arena.

The Nicolo Family, From the Gymnase Comique, and Cirque Olympique, Paris; the Theatre-Royal Drury Lane, and Astley's Amphitheatre London; beyond doubt the most versatile and accomplished gymnastic performers upon earth. A full description of the wonderful feats of these artists would occupy more than the entire space devoted to this advertisement, there is only room to state that for originaliay, classic elegance, and perfect execution, they surpass anything of the kind ever witnessed on this side of the Atlantic.

Mr S. P. Stickney, the unequalled Four and Six Horse Rider, the best in the world, is also included in the troupe, together with a host of Scene Riders, Trick Riders, Tumblers, Acrobats, Posture Masters, Equilibrists, &., &c., &c., too numerous to particularise by name.

A Juvenile troupe of Infantile Performers is included in the array of talent attached to the company, and the performances of these prodigies of equestrian and gymnastic skill, form an eminently novel and attractive feature of the entertainment. The brilliant performances given by this Troupe include every imaginable variety of Daring and Extraordinary Acts of Horsemanship, Wonder Inspiring Gymnastics and Acrobatic Feats Comic. Equestrian Burlesques, Miracles of Sagacity by trick Horses, Educated Ponies and Performing Dogs. The company on entering town on the morning of the day of exhibition, will make a Grand Procession through the principle streets headed by the Gorgeous Music Car, Devoted to the conveyance of Washington Brass Band, led by the celebrated composer and conductor, Sig. Kopp.

As any quanity of superfluous gas has, and is still escaping from minor and interior establishments, we deem it unnecessary to give brief sketches of unequalled performers attached to this establishment, but say that we have the best Clown in America, Joe Pentland, who in off-hand repartee, sarcastic humor, exuberant wit, exquisite polish, classic attainments fastidious inuendoes, and inexhaustible original ity—rare qualities in clowns—has no equal. His bon mots, wise inundoes and witty sayings, have been set to music by his brother merrymen, in all parts of the country. A descriminating public will be pleased to have assurance of the exclusion of the vulgarity, ignorance, and often indecency with which the important department of clowning is unfortunately disgraced.

We have the best Single Rider in America. We have the best Female Rider in America. We have the best 4 and 6 Horse Rider in America. We have the best Scene Rider in America. We have the best Acrobats and Tumblers in America. We have the best stud of Horses and Ponies in America. We have, beyond dispute, the best exhibition in America, and we have the company that performs all it advertises, which is the most remarkable feature in the equestrian business in America.

For further particulars see large and small bills at the Hotels.

Will also exhibit at

Prescott, Aug. 25th; Kemptville, 26th; Rossiters' Tavern, 27th; Ottawa City, 28th & 29th; Richmond, 30th; Perth, Sept. 1st; Smiths Falls, 2nd; Brockville, 3rd and Gananoque, Sept. 4th.

Doors open at 2 and 7.—Performance to commence at 2½ and 7½ o'clock P. M. Admission 25 cents.
