Holloway's Ointment and Pills a certain remedy for Erysipelas.—Thomas Hilton, of Toronto, was a most severe and hopeless sufferer from this powerful and irritable disorder for upwards of four years, which rendered him absolutely pitiable, large purple blotches came all over his body, and made him a complete object of horror to himself, as well as to all his friends. He consulted many medical men, in the hope of being benefitted, but without success. Determined not to be baffled, and in spite of what the faculty had told him, he determined as a last resource, to commence using Holloway's Ointment and Pills: these two remedies, used conjointly, for a short space of time, effected a perfect cure, and he now enjoys the most robust health, after years of intense suffering.

The following, clipped from a recent English paper, shows strikingly the effects produced upon personal appearance by a recent discovery, well worthy of being called *the greatest discovery of the age*. But to the quotation.

"In the fall of 1853, a distinguished friend of ours, Lord C——, visited the United States, and while there spent some time in the city of St. Louis, where his attention was called, by means of a circular, to the testimony of a well-known and distinguished statesman of Illinois in favor of a restorative for the hair, together with the testimony of many other distinguished gentlemen and ladies, all going to the same point. The statements were so extraordinary in regard to its effects that he was led to make some inquiry, when he learned that the honorable gentleman alluded to was stopping at the same hotel, viz: the Planter's House. He sought and obtained an interview with him, when he soon became convinced that this was no pretended discovery but a real bona-fide reality. Our friend at once procured half a dozen bottles, and commenced using it, and continued to do so until he reached London, in the fall of 1854, and positively such was the change in his appearance that many of his acquaintances were really puzzled to recognize him. His head, the top of which was bereft of its covering when he left, was now covered with a rich and glossy suit of hair, and all his white locks had disappeared; indeed, many a high-born dame who had formerly looked upon him as too antiquated, now seemed to have few smiles for any one else. But as soon as the secret of this change came out, our druggists were so overwhelmed with inquiries for the preparation that they at once commenced and imported a large amount. It is now for sale by all the popular druggists in London. We make this statement so that all who desire can avail themselves of so important a discovery, and thus preserve their youthful appearance and beauty. It is known by the name of Prof. Wood's Hair Restorative.—[St. Louis Pilot.

A WORD ABOUT SICKLY SEASONS.—The lives of thousands of children and grown persons might be saved and restored to perfect health by the timely use of Dr McClintock's Diarrhea Cordial. By its use Diarrhea, Cholera Morbus, Dysentery, Cholera Infantum, and Summer Complaints are instantly relieved and speedily cured. Discovered, and administered to over two hundred cases in a single day, at the City Cholera Hospital and City Prison, Philadelphia, during the dreadful epidemic of 1832.

While Thousands of Scientific Men have kept the result of their discoveries a secret, or laid away in musty books on publishers' shelves, Dr. Jas. McClintock, late Dean of Philadelphia College of Medicine, brings out his discoveries in medicine in the way of a real scientific remedy for each disease. His Dyspeptic elixir and his Tonic Alterative cures dyspepsia and indigestion, and purifies the blood, invigorates the system, and prevents disease.

Dr. Jas. McClintock is known wherever profound science and vast experience are appreciated, as the most successful of living physicians in the treatment of Pulmonary complaints. His Cold and Cough Mixture removes Colds, Coughs, Hoarseness, and all Ordinary Irritations of the Respiratory System, as certainly as water quenches flame; while his Pectoral Syrup is the only reliable cure for Consumption, Bronchitis, and all serious diseases of the Trachea and other portions of the breathing apparatus.

The Pale, Emaciated, Broken-down victim of Fever and Ague, derives immediate relief from Dr Jas. McClintock's Fever and Ague Specific. In the first place, the chills are broken, and the subsequent effect of the medicine is to fortify the system against any further attacks of the disease. Scarcely less celebrated are Dr McClintock's Anti-Bilious Pills, for their extraordinary operations upon the Bilious secretions; they impart a healthy tone to the liver when all other remedies fail.

Also Wheeler's Rack and Pinion Power.

Joseph Connoly begs to call the attention of the farmers in these Counties to the latest improved Threshing Machine of New York State, which he can confidently recommend as a saving of 30 per cent on horse flesh and time; as the friction is greatly reduced by the size of the wheel that carries the floor.

R. M. ROSE.

JOE PENTLAND'S CIRCUS.

Numbering 150 MEN and HORSES.
By far the Largest and most Perfect Establishment of this Season.

NEWLY EQUIPPED, and greatly augmented for the year 1856, it is confidently believed, will be found to present a combination of novel and attractive features, which will more than sustain the high reputation which it has attained in former years. Now, as heretofore, the management will endeavor to deserve success, by giving the public a full equivalent for their money, and perform even more than they promise, thinking that a well deserved popularity, honestly gained by fair proceedings, must more desirable in the end than any mere temporary advantage, which may be obtained by resort to clap trap and humbug. In short having received the appellation of the Model Circus of America! they are resolved to maintain it by giving performances which it shall be impossible to excel.

JOE PENTLAND IS CLOWN!

And his name will be a sufficient guarantee that wit without coarseness, fun without vulgarity, and mirth without end, will charecterise the comic department of the exhibition.

Joe Pentland's Circus
Will exhibit at KINGSTON on Friday, September 5th, 1856.

Prominent among the great troupe of Star Riders and Gymnasts attached to this establishment, will be found the names of the

HERNANDEZ,

The greatest of living Riders! who has just returned from a protracted tour throughout Europe and who, in all the capitals of the Old World, as throughout the length and breadth of North America, is universally acknowledged to excel in grace, daring and skill, any equesterian who has ever appeared before the public. The enthusiasm excited by his extraordinary feats in London and Paris was positively without parallel, and now that he re-appears in his native land, after an absence of seven years, he will doubtless meet with a reception which will remunerate the management for the vast expense they have incurred in securing the services of this incomparable artiste.

MAD'ELLE ELOUISE,

The youthful and accomplished Lady Esquestrian, the most dashing and spirited female rider, that has ever appeared in this country, and whose startling acts of equestrianism, executed upon a Bare Backed Steed, have gained for her the undisputed title of Fairy Queen of the arena.

The Nicolo Family, From the Gymnase Comique, and Cirque Olimpique, Paris; the Theatre-Royal Drury Lane, and Astley's Amphitheatre London; beyond doubt the most versatile and accomplished gymnastic performers upon earth. A full description of the wonderful feats of these artists would occupy more than the entire space devoted to this advertisement, there is only room to state that for originality, classic elegance, and perfect execution, they surpass anything of the kind ever witnessed on this side of the Atlantic.

Mr S. P. Stickney, the unequalled Four and Six Horse Rider, the best in the world, is also included in the troupe, together with a host of Scene Riders, Trick Riders, Tumblers, Acrobats, Posture Masters, Equilibrists, &c., &c., &c., too numerous to particularise by name.

A Juvenile troupe of Infantile Performers is included in the array of talent attached to the company, and the performances of these prodigies of equestrian and gymnastic skill, form an eminently novel and attractive feature of the entertainment. The brilliant performances given by this Troupe include every imaginable variety of Daring and Extraordinary Acts of Horsemanship, Wonder Inspiring Gymnastics and Acrobatic Feats Comic Equestrian Burlesques, Miracles of Sagacity by Trick Horses, Educated Ponies and performing Dogs. The company on entering town on the morning of the day of exhibition, will make a Grand Procession through the principle streets headed by the Gorgeous Music Car, Devoted to the conveyance of Washington Brass Band, led by the celebrated composer and conductor, Sig. Kopp.

As any quantity of superfluous gas has, and is still escaping from minor and inferior establishments, we deem it unnecessary to give brief sketches of unequalled performers attached to this establishment, but say that we have the best Clown in America, Joe Pentland, who in off-hand repartee, sarcastic humor, exuberant wit, exquisite polish, classic attainments fastidious inuendoes, and inexhaustible originality—rare qualities in clowns—has no equal. His bon mots, wise inundoes and witty sayings, have been set to music by his brother merrymen, in all parts of the country. A descriminating public will be pleased to have assurance of the exclusion of the vulgarity, ignorance, and often indecency with which the important department of clowning is unfortunately disgraced.

We have the best Single Rider in America. We have the best Female Rider in America. We have the best 4 and 6 Horse Rider in America. We have the best Scene Rider in America. We have the best Acrobats and Tumblers in America. We have the best stud of Horses and Ponies in America. We have, beyond dispute, the best exhibition in America, and we have the company that performs all it advertises, which is the most remarkable feature in the equestrian business in America.

For further particulars see large and small bills at the Hotels.

Will also exhibit at
Prescott, Aug. 25th; Kemptville, 26th; Rossiters' Tavern, 27th; Ottawa City, 28th & 29th; Richmond, 30th; Perth, Sept. 1st; Smiths Falls, 2nd; Brockville, 3rd and Gananoque, Sept. 4th.

Doors open at 2 and 7.—Performance to commence at 2½ and 7½ o'clock P. M. Admission 25 cents.
