Where Do You Keep Your Valuable Papers ?

The whereabouts of your valuables is nobody's business but your own, and for that very reason they should be placed beyond the reach of meddling persons, thieves or elements which compromise their security. Use a safety deposit box in your nearest branch of the Bank of Commerce. It is the most convenient method of safe keeping for documents, jewels and other small objects of value.

WODEHOUSE

This community was shocked on Monday morning to learn of the sudden death of Fred Clarke of Markdale following a few days illness of pleuro-pneumonia. Fred and his wife resided here some four years, coming here from Dundalk, and had the store at the corner. He moved to Markdale three years ago to take up his old trade, the barbering, which he has followed since. He was a genial big-hearted fellow, who was ready to lend a hand whenever he could and both he and Mrs. Clarke made many friends here who are grieved to hear of his sudden passing and extend to his wife, his aged mother and two brothers and sister, sincere sympathy.

His address was an exceptional one and he stated that more reading should be done as the culture of the mind must precede the successful culture of the soil. Space forbids the making of as detailed a report as we wouuld desire. There was a large audience out to greet him and they were well pleased with his observations, as he has travelled extensively and studied conditions in other countries.
