The District Around Us

Events as Chronicled in Our Exchanges

Smallpox still exists in Normanby near Ayton.

The directors of the Ayton Twine and Cordage Factory have announced that institution has gone out of existence, and those who sank their money on the enterprise are being rebated at the rate of 2½ cents on the dollar.

Mrs. John Spanhouse, who was so badly injured in that terrible tragedy on February 7th, 1909, has so far recovered as to be able to visit her daughter, Mrs. W. J. Loudon, Shelburne.

The township council of Nottawasaga has passed a bylaw to appoint appraisers to value sheep killed by dogs in that municipality. The appraisers will receive $1 for each inspection (not each animal) and ten cents per mile one way.

We regret to learn of the serious illness of Jennie, the four year old daughter of Mr. and Mrs. John Whittaker. The child took the whooping cough last winter and never seemed to recover from its effects. A couple of weeks ago serious complications set in and we understand, there is little hope for her recovery. Mr. and Mrs. Whittaker lost their youngest child last winter from the same trouble, and are the recipients of much sympathy in their double affliction.—Chronicle.

Mrs. Holman is a wonderful woman. She lives with a son near Monkton, and although she is nearing her 103rd birthday her faculties are bright and her health was never better. Her memory is wonderful and she relates with interest events that occurred ninety years ago. The most extraordinary thing about her is, that some time ago she cut three new teeth, and they will soon be full grown.—Mitchell Advocate.

Coughs that are tight, or distressing tickling coughs, get quick and certain help from Dr. Shoop's Cough Remedy. On this account Druggists everywhere are favoring Dr. Shoop's Cough Remedy. The tender leaves of a harmless lung-healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Those leaves have the power to calm the most distressing Cough, and to soothe, and heal the most sensitive bronchial membrane. Test it once yourself and see! Sold by all dealers.

Lunacy is increasing to an alarming degree in this quarter of the country, and one evidence of this is the fact that in the county jail there are no fewer than ten mentally deranged persons at present confined. Yesterday Constable Shute journeyed to a farm near Jackson and took in charge an old man over 70 years of age, named Joseph Freeston. The officer had his hands full, for the old man was a difficult subject to deal with. He had previously threatened to kill a number of his relatives, his mind being filled with the idea that he was the victim of persecution. Freeston appeared before George Menzies, J.P., and was remanded to jail. The lunacy situation is rapidly drawing near a crisis. The asylum at Hamilton can hold no more patients, while the county jails have more of these unfortunates than they have room for—O. S. Advertiser.

Andrew Oberle had a car load of hogs ready to ship on Monday, but for some reason or other the train went off without them. Then Oberle got mad, and raised a row, and the agent had to telegraph to Mildmay to send the engine back for Oberle's load of hogs. In due course the engine came back and hitched onto the hog train. There was no caboose and consequently no place for Oberle to ride. He proposed getting onto the engine, but the engineer objected, as being against the rules, and he had no alternative but to walk, or crawl in with the hogs. The average Grand Trunk train does not go very fast, still Mr. Oberle figured it out that it might get a spurt on, and get there ahead of him, and he concluded that it would be safer to accept the hog proposition. So in he crawled and away went the train. They landed him safely but it was a pretty mad man that crawled from the hog car at Mildmay station—Walkerton Telescope.

The annual meeting of Centre Grey license commissioners was held in Markdale on Thursday, April 22nd, all the members present, viz.: Messrs. Joseph Ferguson, Feversham; F. A. Smelser, Clarksburg; and Inspector S. J. Halbert, Markdale. There were no objections to the renewal of any of the seven licenses, and they were all renewed with the exception of that of the late John J. Murphy of Markdale, and in this case the time was extended for one month from the first of May. Following are license holders in Centre Grey for another year: Wm. McKinley, Holland Centre; Frank Connors, Williamsford. Allan McDougall, Chatsworth; W. J. Montgomery, Desboro; Frank Maher, and George E. Gray, Markdale.

Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by W. E. Richardson.

Word was received this week of the death of Mr. James Roseborough, at Vermillion, Sask., on Saturday, April 17th. Mr. Roseborough was the father of Mrs. W. T. Rundle, of this village, and was 79 years of age. He was for a number of years a very highly respected resident of Proton township.—Dundalk Herald.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments, the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart, or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then these organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's restorative. Test it a few days, and see! Improvement will surely follow. Sold by all dealers.

For the past month representatives from the various churches in Grand Valley have held several meetings with the view of bringing on a vote on Local Option at the next municipal election. At the last meeting held on Thursday night it was decided to form a joint stock company to either buy one of the existing hotels or build a house, and thus be able to provide accommodation in the event of local option carrying, and those in the business refusing to do so. Nothing definite will be done until their charter is granted.—Star

Rheumatic poisons are quickly and safely driven out of the blood with Dr. Shoop's Rheumatic Remedy—liquid or tablet form. Dr. Shoop's booklet on Rheumatism plainly & interestingly tells just how this is done. Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy, and said it gave his customers the best of satisfaction. We found it as he said; and can recommend it to anyone having children troubled with whooping cough," says Mrs. A Goss, of Durand, Mich. For sale by W. E. Richardson.

Local Option Souvenirs

Norwood, May 1.—To-day is the first anniversary of local option in this town, and the record of the year is such that some avowed opponents of the measure have been made its friend and advocates. The day is being marked by an amusing affair. Last Hallowe'en the toughs of the town gathered up all the old liquor bottles they could find, and at midnight deposited them on the lawn surrounding the residence of Rev. W. H. Adams, who had been an active worker in the local option movement. Although much indignation was expressed at the time, that gentleman took the matter good-humoredly, and the bottles, turned into tasteful mantle ornaments, are being sold by him this afternoon, through Duffield's Jewellery store, at thirty-five cents each. The demand for these interesting souvenirs exceeds the supply, and some persons have to content themselves with a grouped photograph of the bottles. The clergyman gets his fun, and a nice pound sum into the bargain, from the Hallowe'en donation.
