Tiger Remembered Friend's Kindness

Animals Usually Attack Man Only Through Fear

Whether the story of Androcles and the lion is true or not, it is a very pretty one; and if the lion had the disposition of Carl Hagenbeck's tiger the story might not be such a myth after all. Everyone has heard of the great Hagenbeck menagerie in Germany, where hundreds of animals are kept in surroundings as near as art could make them to their native haunts. The Hagenback brothers did a big trade in animals, supplying private and public collections with anything from a lizard to an elephant. Apart from being dealers they had a real love for their wares, as the following story will show.

Carl Hagenbeck once bought two young tigers. One of the little creatures had caught a sort of influenza cold, which so affected its eyes that for some time it lost its sight. Hagenbeck nursed his invalid carefully for several months, visiting its cage daily, and so successful were his ministrations that the patient completely recovered. Later on both his purchases were sold to the Berlin Zoo, where they stayed many years. From time to time Carl Hagenbeck called at the gardens and never forgot to pass the tiger's cage. As soon as the animal caught sight of him it would show great excitement. Even if it merely heard his voice, it showed pleasure and would purr like a cat, nor would it be satisfied until he had entered the cage and sat with it as friend to friend. People used to watch these meetings of the two friends with interest mingled with fear, but there was no cause for alarm. The tiger had not forgotten its benefactor. Hagenbeck had a water-color portrait of his striped friend and always cherished the memorial. The tiger is one of the most dreaded of jungle dwellers, for its ferocity is a by-word; but with all its ugly reputation this incident shows that it can remember kindly treatment and a kindly master. Most animals attack man through fear of him, and very few will attack him if left alone. Here and there we read of isolated cases of unprovoked attack, but these cases are rare, and it is the exception rather than the rule. —The Humane Pleader.

Sour Stomach

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

New German Plane

Dessau, Ger.—The Junkers airplane, G-38, claimed to be the largest land plane in the world, started May 14 on its first extended cross-country flight, with 20 passengers aboard. After the trip the Luft-Hansa Company will take the plane over to use as a freight carrier.

The craft measures 148 feet between wing tips. It is practically without body or tail, and gives the impression of being all wings. There are four Junkers motors aggregating 2400 horsepower, and it can carry 6000 pounds useful load. The cabins are built in the wings.

THE REASON WHY

Thin, Weak Children Need Baby's Own Tablets.

Malnutrition, or inability to derive nourishment from food, is a common trouble with little children and is entirely due to stomach and bowel weakness. Another cause of loss of flesh and sleep is worms.

To correct stomach and bowel troubles and thus banish constipation and indigestion, break up colds and simple fevers; expel worms and allay the pain which accompanies the cutting of teeth is what Baby's Own Tablets were designed for. They never fail to be of aid and can be given with safety to the youngest babe.

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

He's Fifty-two And Teething

Beverly, N.J.—James J. Carr, fifty-two years old and the father of four children, is teething again. He has cut fourteen of his third set, all strong and healthy teeth.

Dr. Parry Scott, Carr's physician, and Dr. Harold Winkelspecht, his dentist, say there is no doubt that the third set of teeth is natural. Dentists have known of third sets, but usually they occur at such an advanced age that the person dies before completing the set.

Mr. Carr, who is a newsdealer in this small community, twenty miles from Philadelphia, lost many of his second or permanent teeth early in life, when, despite constant care, they decayed one by one. Some were pulled out, and some stubs remained.

Now new teeth have shoved through the gums and the stumps took on new life again. There is little pain, such as children suffer.

Mr. Carr now has twenty-eight teeth, half of them new and half old, or four less than the average adult has. Whether to expect a new set of wisdom teeth is the question which still confronts him.

Keep Trying

The visitor to the suburbs was doing his best to keep up the conversation. Finally he said:

Visitor—"I hear your volunteer fire company has bought a new engine."

Native—"Yep."

Visitor—"Have you tried it out yet?"

Native—"Nope."

Visitor—"What, no fires at all?"

Native—'Oh, yep. Had five fires."

Visitor—"Then why haven't you tried your engine?"

Native—"Houses burn down 'fore we get there."

THE ANAEMIC GIRL

Who Has Lost Her Charm and Beauty

"She seems to be losing her looks." This remark is often heard about girls who were once noted for their sparkling eyes, their rosy cheeks and their vitality. The cause is not far to seek—they have become anaemic; that accounts for the pallor and the loss of charm. The anaemic girl, if she neglects her health, may be a sufferer all her life.

Take heed, you pale, anaemic girls. Plenty of fresh air, nourishing food and rest will help you, but what you need most is good blood. Those wretched headaches; that fickle appetite and those terrible heart palpitations can only be banished if the blood is rich, red and pure.

Good blood—the kind that brings good health, is created by Dr. Williams' Pink Pills. The whole mission of these Pills is to build rich, red, health-giving blood. The Pills are sold by all dealers in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Vote For Women" Coming in Japan

Tokyo.—The House of Representatives May 10 passed a bill permitting women of 25 years or older to vote in elections for municipal and prefectural assemblies.

Although the measure likely will be defeated in the House of Peers, advocates of woman suffrage hail it as a victory presaging full enfranchisement for women in a few years.

The bill made no provision for women voting for members of the National Parliament.

The Cabinet withheld support of the measure but representatives adhering to both the Minseito (majority) and Seiyukai (chief opposition) parties joined the large majority standing for an uncounted vote.

When the bill was in the committee stage the Home Minister, Kenzo Adachi, said that although the Cabinet approved the theory of woman suffrage, it preferred slower progress in the matter.

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within. The sane and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red pkgs.

DADDY CAN NOW EAT ANYTHING

He dearly loved a rich tit-bit. The spirit was willing, but the flesh was weak. Whenever he ate anything rich, his boys used to say, "Poor dad, he will pay the penalty to-morrow." Read the sequel in his own words:—

"Since taking the regular dose of Kruschen Salts it is quite different, and my boys enjoy themselves seeing me eat what I dare not touch before. My eldest son was the same, but since he has taken Kruschen Salts he can eat and enjoy whatever is put in front of him."

Modern artificial conditions, errors of diet, overwork, lack of exercise, and so on, are bound to have injurious effects in the long run providing due precaution is not taken.

Kruschen Salts should be your safeguard. Besides cleansing the body of impurities gently, surely and painlessly, they possess a vital power of giving new life and vitality to the countless millions of cells of which every body is composed. That is why physicians never hesitate to recommend Kruschen Salts.
