F.T.HILL & CO., - Markdale

Immense Purchase and Sale of Children's, Girls and Women's Hosiery.

3000 Dozen In the Lot

3000 dozen of Women's, Girls, and Children's Stockings. Just think what that means, 36,000 pairs, that is the exact figures for one of the biggest purchases we ever made in hosiery. This big lot of Hosiery we purchased last February when cotton hose was not seasonable and the manufacturers wanted money. Having three stores and being able to sell part of the lot to one of the keenest wholesalers in Toronto, made it possible for us to handle the quantity and now we are selling Hosiery 35 to 40 per cent less than we could sell them if we paid the manufacturer regular prices.

1200 Pr. Women's Fine Lisle Hose.

1200 pairs women's Fine Lisle spring needle ribbed Hose, tripple knee, spliced heels, warranted fast dye. A beautiful fine stocking. Regular 35c value. All sizes from 6½ to 9. The way we bought them makes it possible for us to sell them at 19c a pair or 2 pair for 35c

Women and Girls Two Thread Fancy Lace Hose

In colors of Black, Tan, and White, also plain Black Silkolene; very fine gauge. Regular 25 to 30c stockings. This big purchase made it possible for us to sell them at per pair..... 11c

Women's Fine Black Cotton Hosiery

Fleece Lined, sale price 11c a pr.

1600 pairs of Women's Fine Black Cotton Hose in seemless feet, fleeced lined. This hose sells regularly at 18c pair, but the way we bought this lot we are able to sell them at per pr 11c

Women's Hose in Black and Tan

With Fancy Pattern. 2 pr for 25c.

800 prirs Women's light weight fine black Hose, seemless feet. In fancy patterns of white, mauve, blue and Tan decorations. Special 2 pr for ..... 25c.

It is some weeks now since we have heard from the Niagara peach crop. No doubt it was so badly injured by January frosts that it is scarcely worth mentioning.

o o o

At last accounts the Kinrade family was in Montreal. It is safe betting that the man who killed Ethel Kinrade will never be discovered.

o o o

Ex-President Rossevelt, the great hunter, is keeping his people well informed as to his prowess in the wilds of Africa and telegrams that under ordinary conditions would require days to reach United States civilization arrive regularly within a few hours of their occurence. How it is done is a mystery, but there is a lingering suspicion that the telegrams are manufactured right at home and pay no cable toll.

o o o

The Lord's Day Act has been doing good work in restricting Sunday labor. The railways have to a large extent had to cut out Sunday labor since the Act came in force. Out of the total number of cases of Sabbath desecration complained of to the Alliance, 98 per cent. have desisted from work on the first day of the week by the Alliance drawing the attention of the parties concerned to the infringement of the Act. The Railway Co's have on six occasions requested the Laurier Government to allow the Lord's Day Act to go by default but so far without success.

o o o

With wheat around $1 25, beef at $7.00 and all other farm productions soaring, the farmer ought to be in a good financial position. As a matter of fact he is not getting the cream out of most of it. His wheat was sold at 90 cents some time ago, his cattle at 5 cents in the winter, oats last fall at 38 cents, and those who have been able to hold large stocks are the ones who made the money. It is many a moon since wheat has been as high as it is to-day, but large numbers of farmers are placed in the position of consumer rather than producer and suffer from inflated prices along with the rest of us. No doubt as our western correspondent says, it is the poor prospects in foreign wheat fields that cause the abnormal price of wheat. With a good yield in the west this year the western farmer would reap an enormous reward, as the product is sure to bring a good price.

Drainage Experts Will Come

To the Editor of The Advance.

DEAR SIR,—Would you please state that Centre Grey Farmers' Institute is paying Prof. Wm. H. Day's expenses to this riding, and all who require his assistance in laying out drains and drainage surveys can have him by taking them from and to the station and boarding them while at work.

This offer is not likely to occur again. He says: "It is our custom to hold a drainage demonstration or field meeting in each locality visited, inviting all the people interested in drainage to be present." Applications have been received from four township societies so far. It will be well on in the summer before he comes here. —J. I. GRAHAM.

P. S.—Would like papers in our riding to copy.—J. I. G.

Our Scrap Book

We continue to receive from nearly every locality in the district accounts of the extensive destruction of property by fires in the woods. In St. Vincent, Sydenham, and on the Peninsula, considerable damage has been done. At Colpoy's Bay a great quantity of land has been burnt over, several houses destroyed, and great damage done to the crops. We learn that Mr. Skinner and Mr. Scales have had their houses and crops almost entirely consumed.—Owen Sound Times, July 18, 1862.

A little girl named Mary Middlebro and her brother, of Owen Sound, were on Thursday last sliding down a hill with a little hand-sleigh, at the bottom of which was a well without any protection. When the sleigh got near the well the children fell into it; the little boy fell on the ice and his sister into the water. The little fellow held his sister up for a considerable length of time, but at length became wearied and let her go, and she went under the water and was drowned. When found the little girl was lying on her back dead, and the little boy, standing on the ice in the well.—O. S. Advertiser, April 29, 1862.

LOST IN THE WOODS

A few days ago a boy named James McLaren, aged 13, with two other boys, settlers in Muskoka, were returning from fishing, and when near their home McLaren struck off into the woods to shoot partridges. It was then near evening, and the night having set in and the boy not returned, the family became alarmed and started in search of him. The usual alarm by firing off guns was given to no purpose. For two or three succeeding days the neighbors scoured the woods in every direction for miles but not a trace of him was discovered. The Rama Indians was subsequently employed, and paid for their services, but they also failed. How the poor poy met his death remains a mystery. If by wolves or bears, fragments of his clothes, or the gun would most certainly be found, but in the absence of either, it is thought he must have fallen into the Severn and was drowned. This sad calamity must be felt deeply by the poor mother of the lad, she having only a day or two before buried her husband.—Barrie Advance, Oct 30, 1862.

James Boyle, the kidnapper of Willie Whitla, has been sentenced to life imprisonment, and his wife to twenty-five years and a fine of $5,000.

Cemetery Notice.

Plotholders in Flesherton cemetery are requested to have all rubbish, stones, etc., removed from their plots not later than 24th May, and if not then removed and plots generally cleaned up they may be done so at the cost of owners.

There are still a few desirable plots for sale, not very many, which may be had on application to the secretary,

—WM. CLAYTON

Good Liniment.

You will hunt a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. In case of rheumatism and sciatica it relieves the intense pain and makes sleep and rest possible. In case of sprains it relieves the soreness and restores the parts to a healthy condition in one-third the time required by the usual treatment. It is equally valuable for lame back and all deep seated muscular pains. 25 and 50 cent sizes for sale by W. E. Richardson.

During the week between Christmas and New Years, Mr. and Mrs. John Whittaker were mourning the death of their little daughter seven months old. On Saturday last they were forced to bear additional sorrow when the hand of death beckoned home their bright little daughter, Jennie Florence, at the age of four years, six months and fifteen days. The child had whooping cough, but partially recovered, when other complications set in and caused a lingering illness of several weeks duration. Interment took place to Durham cemetery on Monday afternoon last Our sympathies are with the bereaved parents, who alone can feel the burden of their sorrow.—Chronicle.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by W. E. Richardson.

Miss Edith Miller, the "Manitoba Nightingale," who has achieved distinction as a vocalist both in America and Europe, is a niece of Mrs. James Giles, of Mount Forest, who attended the concert in Massey Hall, Toronto, on Monday evening of last week, and was seated next an elderly gentleman, a stranger to her. At an intermission in the concert the latter addressed her: "Excuse me, madam, but do you know where Miss Miller is staying. I am a relative of hers and would like to call on her?" "What relative may you be of Miss Miller?" He told her the nature of the relationship. "Why," said Mrs. Giles, "you must be a brother of my mother!" And so it turned out. The gentleman was an uncle of Mrs. Giles who had gone West about 1873, who is at present in Ontario on a visit, and whom she had never before seen. The coincidence is nearly as noteworthy as the following that has gone the rounds of the world's press recently: Doctor Sven Hedin and Doctor Stein, both Tibetan explorers were guests at a dinner in London not long ago. Dr. Stein took from his pocket a small tape measure in an alumium drum, and as he exhibited it remarked that when in eastern Tibet in 1906 he picked up the measure at the foot of a ruin. He had carried it ever since. Dr. Hedin took the measure, looked at it and said, "This is mine. I lost it in Tibet in 1901," and he named the spot where he dropped it. Doctor Stein said that was where he found it. This incident illustrates the durability of aluminum, as well as the curious crossing of the paths of men as they go up and down the world.—Mt. Forest Confederate.

Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by W. E. Richardson.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Dr. Shoop's Cough Cure

"ALL DEALERS"

LORD ROSS, 35673

A. T. R., the unbeaten horse on Canadian soil. Sired by full brother of Dare Devil, 2:9, by Mambrino King, 1279, the handsomest horse in the world.

JOHN FINDLAY, Proprietor and Collector. P. O. Box 430, Meaford, phone 70. Jacob Hunt in charge. 1 July

The American Standard Bred Stallion

DEMOTTE

29842

The property of J. Rudl Matthews, Markdale, Ont. TERMS—$12

Demotte will make the season of 1909 as follows:

MONDAY evening—Berkeley.
THURSDAY evening—Flesherton.
The rest of the week Markdale House Stables.

Demotte, 29842, is a handsome, game, level headed horse with a perfect disposition; to see him is to like him, and after looking over his pedigree all must admit that he is one of the best bred horses imported. Where will you find another in this country with as fast a sire and dam? His grandsire, Gambetta Wilkes, sired Gambolier, the sire of the great Eel 2.2¼. His grandsire on his dam's side, C. F. Clay, has more to his credit in the 2 10 list than any other horse in Kentucky, and is also one of the, if not the greatest, sires of high actors in the United States. Demotte is a beautiful high going horse with a great turn of speed himself, having been a close 2nd in 16¾. I have put this horse's fee very low, within reach of the owner of the ordinary mare, while the owners of the best mares will get the service of a $25 horse for just $12. Those wishing to bargain for living colts can do so by applying to me. I have also made arrangement for pasture close to town for mares sent a distance.

Markdale Steam Laundry

Andrew Wilson, Agent, - Flesherton
