Our New Hair Vigor
Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, new improved formula, is better. It is the one great specific for falling hair. A new preparation in every way. New bottle. New contents. Ask your druggist to show it to you, "the new kind."
Does not change the color of the hair.
Ayer's — Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says
As we now make our new Hair Vigor it does not have the slightest effect upon the color of the hair. You may use it freely and for any length of time without fear of changing the color. Stops falling hair. Cures dandruff.
—Made by the J. C. Ayer Co., Lowell, Mass.—

NERVOUS DEBILITY
Thousands of young and middle aged men are annually swept to a premature grave through EARLY INDISCRETIONS, EXCESSES AND BLOOD DISEASES. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes, with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings restless nights, changeable moods, weak manhood, premature decay, bone pains, hair loose, sore throat etc.
BLOOD POISONS Blood Poisons are the most prevalent and most serious diseases. They sap the very life blood of the victim, and unless entirely eradicated from the system may affect the future generation. Beware of Mercury. It only suppresses the symptoms—OUR NEW METHOD cures them.
OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches, and ulcers disappear, the nerves become strong as steel, so that nervousness, bashfulness and despondency vanish, the eye becomes bright, the face full and clear, energy returns to the body, and the moral, physical, and vital systems are invigorated; all drains cease—no more vital waste from the system. Dont let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

The District Around Us

Events as Chronicled in Our Exchanges

Leaving a family of nine children, fifty grandchildren and fifteen great grandchildren, one of the oldest pioneers of of the township of Proton, passed away on the old homestead some miles north of Mount Forest on Thursday, the 29th ult., in the person of John Mulhall. Deceased had attained to the great age of ninety years had been a farmer of Proton. Born in Wicklow, Ireland, he came to Canada with his family in the prime of life, and some years after his arrival took up land in Proton, where he has since lived and prospered, bringing up a large family of hardy sons and daughters to bless his advancing years. His aged partner in life also lived many years, predeceasing her husband five years ago. A man who lived for his family and the betterment of his own home, deceased was well known and highly respected To the family the sympathy of the community goes out. The funeral took place on May 1st to St. Patrick's cemetery, Proton, with six sons acting as pall bearers. The surviving sons are: James, of Guelph; Michael, Dakota; John, Thomas, Patrick, William and Peter, of Proton.

Our village merchant is telling a yarn regarding a five dollar bill that was brought in to him recently in a very mutilated condition. The customer on being questioned, said he was working in the field one day and lost the bill out of his pocket. The day following another member of the household went out to look for it and was surprised to see a squirrel running along the fence with the bank note in its mouth. He succeeded in running it down and got the money, which was all right except that the animal had chewed the edges considerably.—Mansfield cor. Alliston Herald.

There was an earthquake in the Northwest on Saturday last. The vibration extended from Medicine Hat to a little east of Winnipeg. The shock travelled from west to east, as was shown by general reports of the rocking of furniture. The tremor was particularly strong in the southern portion of the three provinces, while in the north it was scarcely perceptible. Moose Jaw and Regina were apparently the centres of the disturbances, as the shock was longer and more pronounced.

Owen Sound is protesting against the action of the town of St. Marys in stealing a cement factory from the Georgian Bay town by special inducements. There is a law on the statute books of Ontario forbidding the offering of a bonus by a municipality, with the object of inducing the industry to remove. The Owen Sound people believe that St. Mary's is violating the spirit, if not the letter of this law, but it is not likely any attempt will be made to stop the deal. It is a mighty poor business however, for a town to secure industries by such methods. It aggravates the bonus evil by encouraging bonus hunters to set one town against another in bidding for industries, to the manifest advantage of the bonus hunters.—Goderich Signal.

There are events occuring in every community which, if reported in a local paper, would create a commotion little dreamed of. What to report and what not to report perplexes the editor He is often unjustly accused of cowardice and favoritism, when all the time he is looking toward the good reputation of the town where his lot is cast. The local editor from necessity almost constantly finds himself between two fires, and whichever way he turns he is sure to be unjustly treated. This is one of the pleasures of the newspaper business. Our correspondents are often in the same predicament, and the editor occasionally deems it prudent to tone down or cut out items.

Shareholders of the defunct Ontario Bank have some hopes that they may not be called upon for the double liability to make up the estimated present deficiency of $576,000. One of the assets is 25,000 acres of land near Fort William, which may soon command a big sum. That the shareholders have some prospects of that seems to be the chief reason for the protracted litigation that has been going on for two years and a half over the bank's affairs. It is to be hoped that their expectations will be realized.

The manufacturing end of Markdale is now presenting increased animation. Steam is on at the furniture factory, and in a fortnight a number of skilled mechanics will be employed. H. J. Armstrong & Co. are finishing up at their machine shop some very modern machinery for Henry Bros.' tannery, while M. & C. E. Armstrong's new veneer factory is nearing completion and will be in operation in another week. That part of the town bids fair to being a hive of industry very soon.—Standard.

Jose Gaudaloupe Aleitd, Jalostitlan, State of Jalisco, Mexico, is said to be the oldest man in the world. The record of his birth as contained in the archives of the parish church, shows that he was born in 1770, which makes him 139 years old. He is in good physical condition.

No one ever dreams of offering mail order houses produce in exchange for goods. The local merchant is expected to do that and take all risks whether he wins or loses. Meanwhile the mail order house gobbles up the cash and people wonder why it is the local dealer can't pay them more cash for their produce! There are two sides to every question.—Burks Falls Arrow.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments, the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart, or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then these organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's restorative Test it a few days, and see! Improvement will surely follow. Sold by all dealers.

One day recently while William May was handling a revolver in a barber shop at Thornbury it accidentally went off and lodged a bullet in the palm of his hand. He went to Collingwood hospital where the bullet was located between the knuckles of the first and second fingers. He was able to return home on Saturday and the wound is progressing favorably,

One afternoon recently Wig Cheesman and J. Robertson started out from Stayner for a little running practice and before they finished they had gone to Collingwood and back, a distance of some 23 or 24 miles. They made the distance in 2 hours and 53 minutes. They started at the Globe Hotel, Stayner, and ran to the Toronto House, Collingwood, in the very good time of 1 hour and 15 minutes, where they took refreshments.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for saleby W. E. Richardson.

Dundalk.

Miss Vida Rundle, of Flesherton, spent Sunday at her home here.

While James Carson of the suburbs, was setting his windmill into gear the spring crank slipped out of his hands and in the recoil hit him a furious blow on the chin inflicting a clean cut to the bone. The dressing of the wound required several stitches. Though the injury was bad enough he was fortunate that his jaw was not broken.

The Citizens' Silver Band gave the first of the series of outside summer programs from the balcony of the town hall Saturday evening. The turnout was 22 strong and considering the majority were "greenhorns" and beginning of the season the music rendered was quite creditable.

At a special meeting of Dundalk school board the trustees considered the advisibility of establishing another primary form in order to relieve the crowded state of Miss Hull's room. There are at present 82 pupils on the roll in the one room with an average attendance for April of 65.
