J. CARRUTHERS & CO.
Kingston, Jan. 20th, 1858. 11

God Save the Queen.

To the Free and Independent Electors of Cataraqui Division.

GENTLEMEN:—

Under the new Law as, you are doubtless aware, members of the Legislative Council, or Upper House, are to be elected by the people, instead of being appointed, as heretofore, by the Crown. The Writ for the election of a Representative of "Cataraqui Electoral Division," which includes the Counties of Frontenac and Addington, and the City of Kingston, will issue before September next, but the exact day is not known, and may be much earlier than is generally supposed.

I have consented to become a Candidate, and will stand, no matter what the professions, or politics of my opponents may be. Those who are tendering me their support, have been kind enough in their requisition to say they are doing so, "Because that, having closely watched the conduct of their Candidate as a public man, they are satisfied with the result; that he has ever displayed an ardent attachment to Canada, his native country; that for the last several years he has always been in the ranks of the foremost in almost every public undertaking for the prosperity of, and the restoration of rights to this neighborhood, and with this object has never hesitated to spend time or means; that he is deeply interested, even in a worldly point of view, in the prosperity of Cataraque Division; that, having studied the Law, he is possessed of that knowledge of the existing statutes of the Land; which cannot be otherwise than an advantage to one who aspires to be a Law-maker, and that the objection which is sometimes raised, whether properly so or, not, is a question against the return of practising Lawyers to represent "the people cannot apply to him, as he long has been retired from the Profession and that, if returned, his voice, as it ever has been, will be heard whenever the interests of his Constituents require it."

Politics have nothing to do with the selection of a Member for the Upper House. The duty of which is without bias to endeavor to conserve every existing benefit and reform every abuse. By the British Constitution that House was intended to act as an arbitrator between the People and the Crown—to moderate the exactions of both and reconcile their differences as far as possible: The Members were chosen for merit, vested interest in, and devoted attachment to their country:—the political element never entered into its ingredient, and should not at the present time. If both Houses were to be partizan would not the greatest danger exist of their constantly coming in political antagonism, in case one party had a preponderance in the Council and the other in the Assembly? Or, if the composition of both Houses was intended to be the same, why the necessity of the two? The man, therefore, who through the instrumentality of a Political Convention avows himself as the Candidate of a particular party, and that party only is, by his own avowal, unfit for the position he aspires to fill. Let those who desire advancement, as the would-be representatives of any political sect, go to the Lower House, the legitimate arena in which their merits will be appreciated, and their partizanship be recognized; but let them not obtrude such unseemly strifes upon the Upper House.

For the Legislative Council the Election at the Polls is the only true Convention There every man who votes is entitled to do so, and exercises his own unbiassed judgement—

"Canada," our beloved country, my native land, shall always be my motto, and I defy living man to point to one public act of mine which has been tainted with selfishness, or to name the time when I hesitated to devote every influence and energy I possessed to further the interest of our Country in general, and of Cataraque Division in particular. Born and bred in the Division, known to almost every man of you, if not personally at least by reputation, I boldly point to my past public actions as a criterion to judge my future conduct, should I be elected as your Representative for the Legislative Council.

I remain,
Yours Faithfully,
OVERTON S. GILDERSLEEVE.

I have been personally known to most of you for many years, during which time ample opportunity has been afforded to you of knowing my political principles and character, it is therefore unnecessary for me, at the present time, to state my views more fully than to say, that I always have been, and now am, desirous of maintaining the connection of Canada with our Mother Country, and of promoting the welfare of the Province by such Liberal Measures as may be necessary for its prosperity.

Should I be favored with your support, the interests of Cataraqui Division will always receive my best attention.

900 QUILTS, HORSE RUGS and Donnor Paves at J. HICKEY'S.

LEGISLATIVE COUNCIL.

To the Electors of Cataraqui Electoral Division.

GENTLEMEN:

In the Summer or Autumn of the present year, you will be called upon to elect a member of the Legislative Council for "Cataraqui" an Electoral Division composed of the Counties of Addington and Frontenac, and the City of Kingston.

It is proposed, I believe, to hold a convention at an early day to nominate a Candidate.

I should not have deemed it necessary to address the Electors in any way, prior to the holding of this Convention, did I not understand that an active personal canvass had been already commenced by another candidate.

Being unable to see you personally, I am urged by my friends in various parts of the Electoral Division, to adopt this mode of informing you that I hope to receive the Nomination of the Convention, and will be a Candidate at the Election in question, and to solicit your votes and support.

I do not deem it necessary at this time to enter into the discussion of the political questions of the day; my course as a private elector amongst you for many years is well known, and free from inconsistency.

Should I be nominated, it will be with the full knowledge on the part of the Convention that I cannot go into a personal canvass, and that my election must depend on the exertions of others more than on my own.

If, laboring under such a disadvantage, I am honored with the nomination, I shall continue the contest with an assured prospect of success, and if elected, will endeavor to carry into public life the principles which have so far, I would fain hope, secured me the confidence and good will of the general body of the Electors.

I am,
Gentlemen,
Your obedient servant
A. CAMPBELL.
