MEN-WE CAN CURE YOU

FINEST MEDICAL INSTITUTE IN AMERICA

OWNED AND OCCUPIED BY DRS. K. & K.

YOUNG OR MIDDLE-AGED MEN who need the services of expert specialists why waste your money in treating with doctors you know nothing of, why waste your money with worthless electric belts or drug store nostrums, when you can get guaranteed, reliable, successful treatment from these Master Specialists. Drs. K. & K. have treated patients throughout Canada for over 20 years and are responsible financially. They accept only curable cases and should your case prove incurable it need not cost you a cent. If you are unable to call at our office for a personal examination we will send a Question List for you to fill up from which we can diagnose your case and tell you whether you are curable or not. Then we will prescribe specific remedies for your individual case which you can take at home. We have no cure-all remedy that we send to everybody alike as most specialists do, but we prescribe the remedies required for each individual case to complete a cure. That's one of the secrets of our wonderful success when others fail. Send for our Free Booklet on Diseases of Men (Illustrated.)

Destroys Hair Germs

Recent discoveries have shown that falling hair is caused by germs at the roots of the hair. Therefore, to stop falling hair, you must first completely destroy these germs. Ayer's Hair Vigor, new improved formula, will certainly do this. Then leave the rest to nature.

Does not change the color of the hair.

Ayer's — Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says

Recent discoveries have also proved that dandruff is caused by germs on the scalp. Therefore, to cure dandruff, the first thing to do is to completely destroy these dandruff germs. Here, the same Ayer's Hair Vigor will give the same splendid results.

Mrs. Angus McLeod met with a rather serious accident on Monday. She and her daughter, Kate, were going down to their farm to plant some potatoes. The team was frightened in passing some stock, one end of the neckyoke became loose, and striking against the horses' legs they became unmanageable. Mrs. McLeod was thrown against a telegraph pole and received several nasty bruises and cuts about the face. Dr. Dixon was called and sewed up the cuts. Her face is very sore but we trust nothing serious will result.

Mr. W. J. Beatty is very low with pneumonia at McLaughlan's, hotel here. Dr. Dixon attends him. He is also carefully attended by a trained nurse, assisted by his mother and sister from Sturgeon Falls.

Messrs. McLaughlan and McDonald are erecting an implement shed at the corner of Front and Bell streets as a necessary adjunct of their growing business.

Miss Maude Schell has returned to Mr. Jas. Pattison.

Mr. Brown of Durham visited his sister, Mrs. Wm. Hargrave, on Sunday.

Mrs. McLaughlan is very poorly with a very sore throat, and is otherwise under the weather.

Mr. and Mrs. Cushnie of Kansas are here. We believe they will not return to Kansas but will locate in Ontario.

Feversham.

The garden party and concert given by the Feversham public school on the evening of Victoria Day was a decided success. After the tea was over, a large number assembled in the schoolhouse to hear an excellent program which consisted of choruses, readings, recitations and dialogues by the children, solos by Mrs. C. E. Long and Mrs. H. Alexander, readings by Misses Hale and Paul, and several well-selected instrumentals by the Feversham orchestra. Short, interesting and humorous addresses were given by Mr. F. Brownlee (chairman), Captain Price, and Revs. A. P. Stanley and Duncanson. The proceeds of the evening will be expended in providing suitable games and amusements for the children.

A Correction and So Forth

Stoughton, Sask., May 24, '09

To the Editor of The Advance.

DEA SIR,—The Advance came to hand last week and this, and I thank you for insertion of my communication. And it is considered a good and truthful statement here. But listen! There is one serious misquotation; it is where I say "thousands of business men were driven to distraction"—not "destruction" as printed. Please make correction, plain. You have many readers here in the west. Whilst there were certainly many young business men who had to go out of business, still I would not think of making such a sweeping assertion as to say thousands. It is wonderful what a difference there is between those two words that are so much alike in writing. My word was correct—"distraction."

Oh, yes, we were rocked in the cradle of mother earth Saturday night, 17th inst., 10.20 p.m., when she took a fit and quaked. As for me, I was sitting by the table with my elbow on the table and my head on my hand, when suddenly I got a couple of rocks and my head slipped off my hand. The cupboard rocked and the dishes rattled. I was alone at the time and my first impression was that a runaway had dashed by, but nothing was in sight. Then I thought of earthquake and laughed at myself. Wouldn't Thurston think me silly for thinking of such a thing in this prosaic Canada of ours? But in a few minutes the wires told the story. The whole Northwest had been stirred into commotion like bees in a hive when you give it a good resounding kick, and the earthquake buzz went round. But no damage was done. Still it was an actual experience of "rocked in the cradle of the"—earth.

The wheat seeding is over, and a large acreage is in to await fruition and harvest. Now for the oats and barley. But with fine weather now the work will rush along merrily. —F. T. CARR.

Who Was This Man?

Up in Grey County some years ago there was a farmer who had the name of being a wicked and worldly man. He caroused and loved a fight. But he was a fairly successful man.

One year there was a famine for fodder, and it was feared that cattle would starve to death. As the season wore on and the situation grew desperate, it was found that this man was supplied well beyond his needs. Ond day two men drove in to his place and offered him a big price for hay and oats.

"Do you mean cash?" he asked.

"Cash down."

"Have you got the money with you?"

They said they had.

"Let's see it," he demanded, and they produced it.

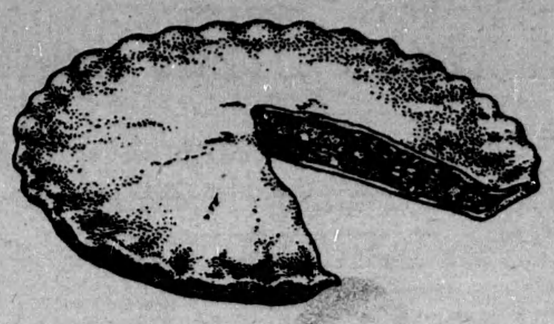
"Well," he said, "I won't sell you a cent's worth. You've got the money, and can buy fodder from other people, but some of my neighbors have neither fodder nor money, and I ain't goin' to see their stock starve." And he was as good as his word.—Toronto Star.

No Need Suffering from Rheumatism.

It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It make sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. Many sufferers have been surprised and delighted with its pain-relieving qualities. 25 and 50 cent sizes for sale by W. E. Richardson.

The are some who believe that the mountain to the west of Collingwood contains wealth in the form of gold. So confident are a number of local capitalists that such is the case they have formed a syndicate for the purpose of making a test, which it is believed will either substantiate the reports or settle for once that they are wholly without foundation. The test is to be made on the Horton farm, north of the Valley road, in the township of Collingwood, and a short distance from the post office of Pretty River Valley. The decision to go into this matter thoroughly is said to be due to the fact that a recent assay of a sample taken from an opening made and sunk some eighty or ninety feet showed ore containing at least $40 of gold and $2 of silver per ton. To carry on the test pumping and drilling machinery is to be installed and the work gone about in a business-like and practical method.

Pain anywhere stopped in 20 minutes sure with one of Dr. Shoop's Pink Pain Tablets. The formula is on the 25 cent box. Ask your Doctor or Druggist about this formula! Stops womanly pains, headache, pains anywhere. Write Dr. Shoop, Racine, Wis. for free trial to prove value. Sold by all dealers.



Twenty-five years ago it was difficult to sell spring wheat flour for pastry at any price.

People didn't want it—they were using soft, winter wheat flour, and saw no reason for changing.

But hard wheat flour was persistently pushed. The women tried it and succeeded with it,—to-day hard wheat flour is the favorite for Pastry as well as for Bread.

Ogilvie's Royal Household

is hard wheat flour at its best—milled by modern methods, retaining all of the good of the wheat. It is without an equal for every kind of baking in which flour is used. 16
