F.T.HILL & CO., - Markdale

Bring Us Your Wool This Year

And we in return are prepared to offer you some of the biggest values in General Merchandise that has ever been offered, having three stores which means buying goods in large quantities. We wish to demonstrate and positively convince you that we are in a position to offer and sell you many lines of Goods at a lower price than many stores can buy in a wholesale way for, and you also have the advantage of getting everything you want in the line of HARDWARE at the lowest prices without having to go outside this store, as we have one of the finest Hardware Departments in Grey County. Sell your Wool to F. T. Hill & Co. and be satisfied.

Big Values in Muslins and Prints

To be able to sell you these fine Muslins at such a low figure the quanti y we had to buy would frighten the average storekeeper or merchant, but having three stores to buy for makes it easy for us to handle quantity as long as the quality and price is right. Look carefully into these and see if the sense of what we are telling you is ot correct.

FINE IMPORTED MUSLINS, REGULAR 10 and 12½c VALUE, ON SALE AT PER YARD 5c

100 different patterns to make your selections from, 28 inches wide. They come in checks, spots, stripes, and neat floral designs, all the season's newest colorings and patterns such as blues, pinks, greens, navy blue and white grounds. During the Wool Season per yard.....5c.

FINE IMPORTED PERCELAINE MUSLINS, FULL YARD WIDE, ON SALE AT 7½c

Nearly 200 patterns to pick from in this fine muslin, which is full yard wide. Just note the width and then ask yourself if these do not appeal to you. EAST GREY HONORED.

"This is so sudden! And it makes me nervous! But then I don't have to ask pa." Mr. I. B. Lucas, M. P. P., might have thus remarked last week when he was invited by the Ontario government to join his fortunes (political), heart and hand with the administrative power in Toronto. The Advance has known for a long time that the government was "making eyes" at I. B. and intended to annex him, but really the news, when it came last Thursday, was in the nature of a surprise, because we did not think Mr. Whitney had the house ready. It seems, however, that that gentleman decided he could not wait any longer, so he took our good looking member from right under our noses and gave him a cabinent to live in without anything special to do, and that is the reason he does not have to ask pa, or in other words, it is not necessary for him to go to his constituents for re-election, because he has no portfolio. The Advance heartily congratulates the happy combination.

Atemesia Council

Artemesia Council met on Saturday last as a Court of Revision on the assesment of 1909. All the members were present. After the members had subscribed and made the required oath as members of said court, the court was opened. The Georgian Bay Power Co. appealed against the assessment of the property at Eugenia Falls as being too high, $40,000 being the value it is placed at for this year. Mr. F. Deagle appeared for the company, and upon hearing him and considering the agreement between the council and the company, the appeal was dismissed.

Norris Bros. appealed against the assessment on their property as being too high. No person appearing, the appeal was dismissed.

A McCabe appealed against the assessment of lots 8 and 9, con. 1, S.D R, as being too high, and improperly assessed. The said ass essment was amended by making the property 100 acres instead of 98 as shown on the roll. The valuation was sustained.

Charles Irwin was entered on the roll as tenant for lot 156, con. 1 N. E. The roll was then by resolution confirmed and ordered to be certified as the assessment roll for all purposes for 1909.

After the close of the Court of Revision the Council met for general business, the Reeve in the chair. The minutes of last session were read and confirmed.

Communications we received from R. Williams notifying the council that R. Gorley had enclosed and occupies part of the public highway; from Good Roads Co. re stone crusher; Municipal World, account for birth, marriage and death register, $2.50; Sawyer & Massey, account, $10.

Carson—Wright—That the account of Municipal World for register, $2.50, be paid. Carried.

Carson—Duncan—That this council grant the village of Ceylon $40,00 for building sidewalks, to be supplemented by a grant of 20,00 from commissioner of Div. No. 3. Carried.

Wright—Duncan—That the account of the Sawyer Massey Co., for blade, bit, bolts and spring, amounting to $10,00 be paid. Carried.

McKenzie—Carson—That the Reeve be refunded the sum of $5,00, being for expenses advanced and services in connection with unloading and moving rock crusher.—Carried.

Wright— ——That Chas. Bellamy be paid salary $100 and $15 for equalizing union school sec Nos. 12 and 16, Artemesia and Glenelg, and No. 15, Artemesia and Proton; Total, $115,00 Carried.

Council adjourned.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a Stomach nerve, or it may have given strength and support to the Heart or Kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the Stomach nor to temporarily stimulate the Heart or Kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by all dealers.

Drainage Demonstrations for Grey County.

Mr. O. C. White, of the Ontario Agricultural College, will hold drainage meetings as follows:

Geo. Stokes, Dundalk; John A. Scott, Dundalk, about June 14th.

N. Fowler, Ventry, about June 16th.

J. W. Christie, Hopeville; Jas. Black, Hopeville; O. H. Ostrander, Hopeville; Jas. Dingwall, Hopeville, about June 24.

Wm. H. Arnott, Wareham; John A. Arnott, Wareham; S. J. Arnott, Wareham, about June 28th.

Geo. Burk, Maxwell, about June 30th.

Wm. G. Shannon, Vandeleur; T. S. Sproule, Markdale, about July 5th.

W. H. Sewell, Blantyre, about July 7th.

F. J. Eaton, Oxmead; Stuart Hovey, Clarksburg, about July 12th.

A. McGowan, Ravenna, about July 14th.

The present wet season has shown the value of underdrainage more forcibly than anything else in recent years. Drained land has been dry enough that in spite of the wet weather seeding might be done, while on undrained land in the the same localities seeding was much delayed. Many who see its value are dedeterred from underdraining by uncertainty as to whether they have sufficient fall, the best system to adopt, the size of tile to use, how deep they will have to go for an outlet, how to determine the grades and depths for their drains, etc. The Department of Physics at the Ontario Agricultural College is endeavoring to help farmers solve these difficulties by describing simple methods and simple instruments, and also demonstrating these methods and instruments in actual use. Mr. White, of the Department of Physics, O. A. C., is about to spend three or four weeks in Grey county making drainage surveys, beginning about June 10th, and during the time he will hold meetings on the farms mentioned above and demonstrate methods of drainage surveying, determining fall of the land, working out the grade of the ditch, digging the ditch true to grade, etc. Drainage matters in general will be discussed. All who are interested in drainage are cordially invited to attend.

Hanover

Hector Mearns lost his dandy two year old colt last Sunday. The doctor and he had taken it out to pasture, when it endeavored to jump a 6 foot fence, catching one of its hind feet on the top rail, and throwing it to the ground. The hip bone was broken in four places and it died shortly from internal bleeding. The colt was from Saranac and was splendidly bred, and was a little beauty.

Hugh Kalls died in Normanby Township on Tuesday of last week at the age of 102 years and six months. He was born in Belfast, Ireland, and came to Canada 80 years ago, settling in Peterboro for a short time and then going to Normanby. Mr. Kalls never had a sick day in his life. Five sons and two daughters survive.—Post.

Dundalk.

A case of some importance was heard by Police Magistrate McGregor on Saturday, when four salesmen of the "Old Homestead" range, who have been making their headquarters in Dundalk for nearly two months, were up charged with breach of county by-law in selling their wares without a license. Constable Hemphill laid the information. Evidence was taken as to sales made and the connection of the salesmen with the manufacturers. The magistrate imposed a fine of $20 and costs against each salesman. Mr. Van Norman, the manager, intimated his intention of appealing against the decision.

Last week Mr. James Maxwell, of this place, who is well up to 90 years of age, took the notion that he would see Ireland his native land, once again. He started on Saturday morning on the long journey. He is a remarkably smart man for his years and he felt quite able to make the trip alone. He will take the steamer at Quebec. It must be about half a century since he left the "Emerald Isle."

A break of a seven hundred pound steel casting in the engine at Howes' sawmill caused the shutting down of the mill this week until repairs can be made. —Herald.

George Buskin Dead

Mr. George Buskin, another of the old pioneers of Artemesia, died very suddenly of apoplexy at the home of his son, Mr. John Buskin, Wodehouse, on Tuesday of last week, the funeral taking place to Markdale cemetery on Thursday afternoon. Mr. Buskin was a native of Somersetshire, England, where he was born 81 years ago. In 1855 he was married to Hannah Savage of Markham, who preceded him to the grave in January last. Together they moved to Artemesia in 1862, settling on the west back line about three miles south of Flesherton, where they lived until the year 1895, when the old couple removed to Markdale, leaving the homestead with their son Wesley. The home at Markdale was broken up last winter after Mrs. Buskin's death. The surviving members of the family are: John, at Wodehouse; Wm., of Guelph; Wesley on the homestead, and Mrs. F. Blair of Manitoba. The deceased gentleman was a man of strong personality and held municipal offices in the early days of the township. He was a Presbyterian in religion and a Liberal in politics.

Mr. A. W. H. Lauder captured a 13 inch trout in the Rocky on Tuesday that weighed a pound and eight ounces. Wednesday morning Fred Gibson secured another good one, measuring 17 inches in length, nine inches in circumference, and tipping the scales at two lbs.—Chronicle.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

DEMOTTE

29842

The property of J. Rudd Matthews, Markdale, Ont. TERMS—$12.

Demotte will make the season of 1909 as follows:

MONDAY evening—Berkeley.
THURSDAY evening—Flesherton.
The rest of the week Markdale House Stables.

Demotte, 29842, is a handsome, game, level headed horse with a perfect disposition; to see him is to like him, and after looking over his pedigree all must admit that he is one of the best bred horses imported. Where will you find another in this country with as fast a sire and dam? His grandsire, Gambetta Wilkes, sired Gambolier, the sire of the great Eel 2.2¼. His grand-ire on his dam's side, C. F. Clay, has more to his credit in the 2.10 list than any other horse in Kentucky, and is also one of the, if not the greatest, sires of high actors in the United States. Demotte is a beautiful high going horse with a great turn of speed himself, having been a close 2nd in 16¾. I have put this horse's fee very low, within reach of the owner of the ordinary mare, while the owners of the best mares will get the service of a $25 horse for just $12. Those wishing to bargain for living colts can do so by applying to me. I have also made arrangement for pasture close to town for mares sent a distance.
