SPECIAL NOTICE.

FRANGIPANNI.—Mr E. W. Palmer advertise the genuine Frangipanni—a most exquisite perfume. Its name has a history which we copy from Notes and Queries:—

"There is in Rome a family bearing the patronymic of Frangipanni, as famous in Italy as the Plantagenets and the Tudors in England. The origin of the name of this family is traced to a certain office which an ancestor filled in the church—that of supplying the holy bread, the water in one of the ceremonials. Frangipanni literally means 'broken bread,' and is derived from Frangi, to break, and Panis, bread. Hence we have the Frangipanni puddings, which good housewives know are made with broken bread. One Mercutio Frangipanni, who lived in 1493, was a famous botanist and traveller, famous as being one of the Columbus expedition when they visited the West India Islands. The sailors, as they approached Antigua, discovered a delicious fragrance in the air. This, Mercutio told them, must be derived from sweet smelling flowers. On landing they found vast quantities of the Plumeria Alba, in full blooom, rendering the air redolent with rich odor, and from this plant, which the present inhabitants of Antigua call Frangipanni flower is distilled that exquisite fragrance which is now so popular in fashionable circles."

We cannot refrain from calling the attention of our readers to an advertisement in this day's paper of the "Hair Restorative" of Prof O. J. Wood & Co., of St. Louis. It will be seen that he has numerous certificates from persons of the highest character, to the merits of his Restorative. From positive knowledge we are also enabled to say, that it is in every sense what it professes to be, and we do not hesitate to pronounce it the finest preparation for the head and hair which has so far been devised by human ingenuity. We have seen it arrest threatened baldness, and restore to the head its original profusion of natural and glossy hair, and when the latter has been prematurely tinged with gray, we have seen it like magic, restore the colors of youth and health. The distinguished propriety of this, we might truly say, miraculous "Restorative," is that it gives to the person who uses it, the same head of hair that they wore in youth, thus acting in strict compliance with the rules of the first and greatest of all toilet makers—Nature. No one who has used it will hesitate to unite with us in this testimony to its peculiar merit.—[Covington (Ia.) People's Friend.

DR. SANFORD'S LIVER Invigorator. It has become an established fact that Dr. Sanford's Invigorator will cure Liver Complaint, Jaundice and general debility. Many people, personally known to us whose word cannot be doubted, have given their certificates to prove this, and with such a mass of evidence who can doubt.

It is truly the invalid's friend, and will give relief when all other remedies fail, and in some instances that have come under our observation it seemed the means of snatching its victim from the grave. We wish all our readers who need medicine would try one bottle, for it will surely give relief.—True American. 252

WOOD'S HAIR RESTORATIVE.—We have never known any other medicine win as large a share of public confidence in so short a time as this has done. It has not been more than a year since we first heard of it, and it now stands at the head of all remedies of the kind. We have never used any of it ourselves, having no occasion, as our "crown of glory" not only as yet retains its original color, but gets more so—but some of our friends have, and we have never known it to fail in restoring the hair to its original color. We advise such as are becoming prematurely gray, to give the "Restorative" a trial.—Chester (Illinois) Herald. Sold by all good Druggists.

Kingston, Feb. 8, 1858. 21

God save the Queen.

To the Free and Independent Electors of Cataraqui Division.

GENTLEMEN:—

Under the new Law as, you are doubtless aware, members of the Legislative Council, or Upper House, are to be elected by the people, instead of being appointed, as heretofore, by the Crown. The Writ for the election of a Representative of "Cataraqui Electoral Division" which includes the Counties of Frontenac and Addington, and the City of Kingston, will issue before September next, but the exact day is not known, and may be much earlier than is generally supposed.

I have consented to become a Candidate, and will stand, no matter what the professions, or politics of my opponents may be. Those who are tendering me their support, have been kind enough in their requisition to say they are doing so, "Because that, having closely watched the conduct of their candidate as a public man, they are satisfied with the result; that he has ever displayed an ardent attachment to Canada, his native country; that for the last several years he has always been in the ranks of the foremost in almost every public undertaking for the prosperity, and the restoration of rights to this neighborhood, and with this object has never hesitated to spend time or means; that he is deeply interested, even in a worldly point of view, in the prosperity of Cataraqui Division; that, having studied the Law, he is possessed of that knowledge of the existing statutes of the Land; which cannot be otherwise than an advantage to one who aspires to be a Law-maker, and that the objection which is sometimes raised, whether properly so or not, is a question against the return of practising Lawyers to represent the people cannot apply to him as he long since retired from the Profession and that if returned, his voice, as it ever has been will be heard whenever the interests of his Constituents require it."

Politics have nothing to do with the selection of a Member for the Upper House. The duty of which is without bias to endeavor to conserve every existing benefit and reform every abuse. By the British Constitution that House was intended to act as an arbitrator between the People and the Crown—to moderate the exactions of both and reconcile their differences as far as possible. The Members were chosen for merit, vested interest in, and devoted attachment to their country:—the political element never entered into its ingredient, and should not at the present time. If both Houses were to be partizan, would not the greatest danger exist of their constantly coming in political antagonism, in case one party had a preponderance in the Council and the other in the Assembly? Or, if the composition of both Houses was intended to be the same, why the necessity of the two? The man, therefore, who through the instrumentality of a Political Convention avows himself as the Candidate of a particular party, and that party only is, by his own avowal, unfit for the position he aspires to fill. Let those who desire advancement, as the would-be representatives of any political sect, go to the Lower House, the legitimate arena in which their merits will be appreciated, and their partizanship be recognized; but let them not obtrude such unseemly strifes upon the Upper House.

For the Legislative Council the Election at the Polls is the only true Convention. There every man who votes is entitled to do so, and exercises his own unbiassed judgement:—

"Canada," our beloved country, my native land, shall always be my motto, and I defy living man to point to one public act of mine which has been tainted with selfishness, or to name the time when I hesitated to devote every influence and energy I possessed to further the interest of our Country in general, and of Cataraque Division in particular. Born and bred in the Division, known to almost every man of you, if not personally at least by reputation, I boldly point to my past public actions as a criterion to judge my future conduct, should I be elected as your Representative for the Legislative Council.

I remain,
Yours Faithfully,
OVERTON S. GILDERSLEEVE.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD
Compounded entirely from Gums,

IS one of the best Purgative and Liver Medicines now before the public, that acts as Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault, the bowels are consequence of one organ ceased to do its duty, system suffers in consequence—the Liver—having that organ, one of the For the diseases of proprietors has made for years to find some remedy wherewith to counteract the many derangements to which it is liable. It is found remedy is at last found with Liver Complaint but to try a bottle, and

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and, what is better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

One dose taken before retiring prevents nightmare.

One dose taken at night lessens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of two teaspoonfuls will always relieve Sick-Headache.

One bottle taken removes the cause of the female obstruction disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while two will prevent the attacks, while it relieves all painful feelings.

☞ Only one dose is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose taken at short time before eating gives vigor to the appetite and makes food digest well.

One dose often repeated cures Chronic Diarrhœa in its worst form, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

☞ A few bottles cures Dropsy by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of Billious Type. It operates with a certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR

is a Scientific Medical Discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, of all which are the result of a Diseased Liver.

PRICE ONE DOLLAR PER BOTTLE.

LEGISLATIVE COUNCIL.

To the Electors of Cataraqui Electoral Division.

GENTLEMEN:

In the Summer or Autumn of the present year, you will be called upon to elect a member of the Legislative Council for "Cataraqui" an Electoral Division composed of the Counties of Addington and Frontenac, and the City of Kingston.

It is proposed, I believe, to hold a convention at an early day to nominate a Candidate.

I should not have deemed it necessary to address the Electors in any way, prior to the holding of this Convention, did I not understand that an active personal canvass had been already commenced by another candidate.

Being unable to see you personally, I am urged by my friends in various parts of the Electoral Division, to adopt this mode of informing you that I hope to receive the Nomination of the Convention, and will be a Candidate at the Election in question, and to solicit your votes and support.

I do not deem it necessary at this time to enter into the discussion of the political questions of the day; my course as a private voter amongst you for many years is well known, and free from inconsistency.

Should I be nominated, it will be with the full knowledge on the part of the Convention that I cannot go into a personal canvass, and that my election must depend on the exertions of others more than on my own.

In laboring under such a disadvantage, I am honored with the nomination, I shall continue the contest with an assured prospect of success, and if elected, will endeavor to carry into public life the principles which have so far, I would fain hope, secured me the confidence and good will of the general body of the Electors.

I am,
Gentlemen,
Your obedient servant,
A. CAMPBELL.
