UNITED STATES ITEMS.

LATER FROM UTAH.

Brigham Young, Heber Kimball, and Others, Indicted for High Treason.

St. Louis, Feb. 25.—Elder G. Brown, the Utah correspondent of the N. Y. Tribune, arrived here last night in company with U. S. Attorney Hockaday. They left Camp Scott on January 5th.

The health of the army continued good, and the weather was remarkably mild for the region. Very little snow had fallen and in the immediate vicinity of the camp the ground was almost bare.

The U. S. District Court have indicted Brigham Young, Heber Kimball and others for high treason.

The Mormon Legislature was still in session.

The latest dates received from the States were to the 1st of October.

Much anxiety was felt to hear from the East in consequence of the rumored money panic.

It is evident, says the N. Y. Herald, from the recent developments, that there is a vast conspiracy ramifying throughout Europe, and menacing the life of the Emperor of the French; and that many of the most influential and intelligent persons are opposed to the present dynasty. We are quite prepared to hear at any moment that it has been overturned. We are, therefore, not surprised to hear that persons who have invested in any kind of property in France are gradually transferring it to more secure localities.

THE ATLANTIC TELEGRAPH.—The U. S. steam frigate Niagara will probably sail from this port some day next week for London, on her second voyage in aid of the great Atlantic Telegraph enterprise. She will be on this, as on her former and first voyage, under command of Capt. Wm. H. Hudson. Since her return she has been caulked and refitted, the main rigging has been changed by the substitution of larger chains, and the fore and maintopsail yards—which were found to bee too light—have been replaced by heavier ones. She has also been repainted, and now looks "as good as new."

Her muster-roll embraces 401 men, all told. Her compliment on the previous trip was 500 men, but experience demonstrated that such a number could not be comfortably accommodated in consequence of the great space required for the telegraph cable. The marine force consists of 50 men, and about an equal number belong to the engineer department.—The remainder, including officers, are picked sailors.

New York, Feb. 26th.

SUFFERING AT SEA.—The Hamburg emigrant ship Howard arrived at this port after a passage of 96 days. She set sail with 286 passengers, of whom 37 died on the passage from sickness resulting from the scarcity of provisions, and a large additional number were in such a state as to demand conveyance to the hospital at Staten Island. Their supply of water only lasted six weeks, and the surviving passengers owed their preservation to the fact that the captain had a machine on board for eliminating the saline particles from salt water, and making it palatable and suitable to drink. This contrivance cleared enough water to maintain life among the crew and passengers for the rest of the voyage, 44 days in length.

IS IT POSSIBLE!—The New York Express in an article on church troubles in England has the following:—

"The truth is, her Majesty has always had decidedly low church tendencies, and these have, no doubt, been intensified latterly by the strong leaven of Lutheranism on the side of Prince Albert. Nor is it forgotten that, on her visits to Scotland, she had the bad taste not only to go to a Presbyterian conventicle, but actually complimented the clergyman next day upon the excellence of his discourse. Hence, no wonder even the evangelical London Times exclaims, 'Her Majesty is no safe guide,' and that 'her disregard of Lent is proverbial.'

"Bad taste to go to a Presbyterian conventicle;" and "actually complimented the clergyman next day upon the excellence of his discourse." And this too in a secular American journal. And the "evangelical London Times!" That is the richest of all

ABOLITION OF THE POST OFFICE.—The Hon. F. E Spinner, Representative from this District, submitted the following resolution to the House, on the 9th inst., which was read, considered and agreed to:—

Resolved—That the Committee on the Post Office and Post-Roads be instructed to inquire into the expediency of abolishing the Post Office Department; and if they deem it inexpedient, then that they report on the propriety of repealing all the laws that restrain individuals or corporations from carrying mails or mail matter.

There is more propriety in the resolution, and less that is startling, on a moment's reflection, than one would think. There are things occurring in various departments of the service, which are radically wrong, and call loudly for repeal or reform. Why should the Government make a monopoly of this non-paying concern?

The Incendiary of the Pacific Hotel Arrested—An Atrocious act.

St. Louis, Feb. 25.

Charles L. Taylor, alias Sanders, has been arrested for setting fire to the Pacific Hotel, after murdering Ephraim Doane, one of its inmates. Dr. Strader, the landlord, and Charles Woldrap the Watchman, have also been arrested. The examination takes place to-morrow, when one of the most atrocious and diabolical acts ever committed will be developed.

Have you used the Persian Balm? If not, you have missed the great luxury of life.—For chapped hands or face, healthy mouth, sweet breath, there is nothing equal to it. 28

HOLLOWAY'S PILLS.—Am I sick? is the only question you need ask yourself, as a preliminary to taking this comprehensive remedy. No matter what your complaint is, or which of the internal organs it may have attacked, here is the antidote. Your stomach may be powerless to digest food, your liver to secrete bile, your mesgra blood to supply the wants of nature. Still, here is your remedy. And why? Simply because it does not conflict with the mere indications of disease, but infuses its curative influence into the great feeders of the system, toning the stomach, regulating the action of the liver, purifying the animal juices, invigorating the circulation, and reinforcing nature at every point where she is contending with the morbid principle that clogs her movement and poisons her life-sustaining fluids. 28

DR. SANFORD'S LIVER Invigorator. It has become an established fact that Dr. Sanford's Invigorator will cure Liver Complaint, Jaundice and general debility. Many people, personally known to us, whose word cannot be doubted, have given their certificates to prove this, and with such a mass of evidence who can doubt.

It is truly the invalid's friend, and will give relief when all other remedies fail, and in some instances that have come under our observation it, seemed the means of snatching its victim from the grave. We wish all our readers who need medicine would try one bottle, for it will surely give relief.—True American. 29G

SPECIAL NOTICE.

FRANGIPANNI.—Mr E. W. Palmer advertise the genuine Frangipanni—a most exquisite perfume. Its name has a history which we copy from Notes and Queries:—

"There is in Rome a family bearing the patronymic of Frangipanni, as famous in Italy as the Plantagenets and the Tudors in England. The origin of the name of this family is traced to a certain office which an ancestor filled in the church—that of supplying the holy bread, the wafer in one of the ceremonials. Frangipanni literary means 'broken bread,' and is derived from Frangi, to break, and Panus, bread. Hence we have the Frangipanni puddings, which good housewives know are made with broken bread. One Mercutio Frangipanni, who lived in 1493, was a famous botanist and traveller, famous as being one of the Columbus expedition when they visited the West India Islands. The sailors, as they approached Antigua, discovered a delicious fragrance in the air. This, Mercutio told them, must be derived from sweet smelling flowers. On landing they found vast quantities of the Plumeria Alba, in full bloom, rendering the air redolent with rich odor, and from this plant, which the present inhabitants of Antigua call Frangipanni flower is distilled that exquisite fragrance which is now so popular in fashionable circles."

WOOD'S HAIR RESTORATIVE.—This wonderful preparation is having an extensive sale in all parts of the Union. It is one of the few patent medicines which are now sold over the country, that are really what their inventors claim for them. Wherever it has had a fair trial, the result has been precisely as Wood predicts. It has never failed to turn the white hair back to its natural color, where the directions have been strictly followed, and in numerous cases it has restored the hair upon heads that had been bald for years. It is not pretended that it will make the hair grow in every case, but where it fails there is certainly no remedy. The restoration of the hair has been effected in so many instances where the case seemed utterly hopeless, that it is certainly worth while for all who have lost their hair to try the experiment of using a bottle or two of Wood's Restorative.—Moline Workman.

Sold by all respectable Druggists. 28

INVIGORATE THE LIVER.

It is a most undoubted fact that Dr. Sanford's Invigorator, or Liver Remedy is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr. during twenty years' practice to find what particular organ, when diseased, caused the greatest number of ills or pains, and his conclusion is, that the liver is the greatest regulator of the system and the most liable to disease, while if kept free from disease is a preventive of Dyspepsia, Jaundice, general debility, &c., while last but far from least we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventive. The Invigorator as such a remedy, is by no doubt with who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.—Princeton Press.

Lightning Rods and Iron Ladders.

THE Subscriber would inform the Citizens of Kingston and surrounding country, that he is prepared to erect LIGHTNING RODS UPON BUILDINGS, This ensuing Season, on the most improved and modern plan. Having been engaged in the above business for the last ten years, I feel confident that I can do as good and perfect work in that line as can be done in Canada or elsewhere.

I am also manufacturing and erecting a new kind of

STATIONARY IRON LADDERS,

Upon Buildings, which in point of safety, neatness and durability, as a House or Building Ladder, cannot be surpassed by any other Ladder now in use.

All orders, by Mail or otherwise, promptly attended to.

GEORGE A. RUMRILL.
Kingston, March 1st, 1858. 53

CERTIFICATE.

This is to certify that G. A. RUMRILL, of the City of Kingston, has lately erected Lightning Rods for us, which we highly approve of, and believe to be the best and most approved Rods now in use, and we believe them to afford a sure protection against the sad effects of Lightning. Judging from the manner in which he executes his work, we are confident that he is well qualified for that business, and would recommend him to the Public in general as worthy of patronage.

SPECIAL MEETING OF THE BOARD OF TRADE.

A SPECIAL MEETING of the KINGSTON BOARD OF TRADE, will be held at the Council Chamber, City Hall, on Wednesday the 3rd instant, at half past seven o'clock, p. m. The first business will be the Election of Officers for the ensuing year, immediately after which, the following important Commercial Questions will occupy the attention of the Board.

1st. The present unsatisfactory state of the Tariff.

2nd. The abolition of the Usury Laws.

3rd. An interesting communication from the Hon. H. Merritt, regarding a Daily Line of Steamers.

4th. A Communication from the Montreal Board of Trade, regarding the Hudson's Bay Territory.

5th. To consider the expediency of Petitioning Parliament for a repeal of the obnoxious law passed last Session, relating to Promissory Notes.

6th. Several other questions of importance to the Local Trade of Kingston.

As the above are all questions of great importance to business men individually as well as collectively, the Board of Trade invites the Merchants and Tradesmen of Kingston generally, to attend this meeting, take part in its deliberations, and unite with it in any course which it may adopt.

R. R. R.

LET not the sick die! for in Radway's R. R. R. Remedies there is new life for all who have faith in them!!

LET THEM BE TRIED!

RADWAY'S METHOD OF CURE IS *SIMPLE, QUICK, SAFE AND EFFECTUAL.*

There is no pain, however tortuous or excruciating, but that a simple application of Radway's Ready Relief will instantly stop and quickly allay the most violent spasms, inflammations and congestions. There is no disease, however long it may have become established in the system, whether constitutional, chronic, humorous or of a loathsome character, but that Radway's Renovating Resolvent will exterminate and infuse new life, new blood, and a new existence throughout the broken-down and emaciated organizations of the body.

If by irregularity or otherwise the organs of the system become deranged and incapable of performing their several functions;—if the Liver, Heart, Bowels, Stomach, Bladder, Kidneys, Skin, Nerves, Blood, etc., are at fault, a dose or two of Radway's Regulators will restore health and regularity to every organ throughout the body. They force each and every organ to the natural performance of its duty, and thus keep up a regular and healthy circulation of the blood.

If a dose of Radway's Regulators were swallowed the moment a person feels unwell, or when any unpleasant symptom appears, there would be no further trouble, for the diseased action would be arrested, and a healthy action be obtained of the Undersigned. On one fact the sick may depend—that disease cannot grow in the system fortified and under the influence of the R. R. R. Remedies.

MALARIA.

In countries where malarious diseases prevail, Fever and Ague, Dysentery, Cholera, Cholera Morbus, Typhoid, Typhus, Pneumonia, and other Malignant Fevers, Radway's Ready Relief, taken as a preventive, will securely protect the inhabitants of an infected district against any serious attacks; and if the infection has already spread, a prompt use of the Ready Relief and Regulators will quickly cure the patient and expel the infectious malady entirely from the system.

CONSTITUTIONAL DISEASES.

Many diseases that afflict humanity are inherited as heirlooms from the diseased bodies of sickly sires. Scrofula, Consumption, Syphilis, Fits, are among the most common of constitutional diseases. Now we care not how many generations the seeds of these diseases may have been established in the system, corrupting the blood, Radway's Renovating Resolvent will eradicate from the bodies of the afflicted every particle of diseased deposits, and fill the veins with new, pure and healthy blood.

Radway's Renovating Resolvent should be hailed as a blessing by every mother throughout the land whose infants are afflicted with Sores, Humors, &c. These breakings out (then early) are evidences of disease transmitted from the parent stock. A few doses of the Renovating Resolvent will eradicate every vestige of the disease and insure the child a sound and healthy body.

A LONG CABLE OF CERTIFICATES.

(Since 1847, when we first commenced our good work of discovering remedies for the relief of the pain-ridden and diseased, and preparing the same for public use, we have the gratification of claiming to have received more letters of thanks and certificates of cures than all other medicine manufacturers and medicine practitioners in the world, put together)

Among the immense number of certificates are:

120,000 Rheumatism cured in from ten minutes to twenty-four hours.
90,000 Chronic Rheumatism cured in from one week to six weeks. Pain relieved in a few moments, after its first application.
100,000 Cases of Tic Doloureux and Neuralgia. Pains stopped in a few moments, and cured in from half an hour to a few days.
100,000 Cases of Burns, Scalds, Bruises and other accidents. Pains stopped in a few moments, and cured in a day or so.
500,000 Cases of Diarrhœa. Pains stopped in a few moments.
50,000 Cases of Fever and Ague.
1,000 Cases of Scarlet Fever.
100 Cases of Yellow Fever, reported to us. Hom many of this fatal disease have been cured by the aid of the Relief, not reported, we are unable to say.
100,000 Cases of Toothaches, Earaches, Sprains, Lumbagos, and pains in the legs, back, etc., in from five to twenty-five minutes.
3,000 Cases of Asthma.
10,000 Bronchitis, Catarrh, Lung Complaint, etc.
10,000 Cases of Syphilitic Rheumatism, Nodes, and other venereal taints.
200,000 Cases of Sick and Nervous Headache, Rush of Blood to the Head.
5,000 Cases of Cholera (Asiatic) in from fifteen minutes to six hours.

Besides thousands and tens of thousands of everyday complaints of no given name, that every one is more or less subject to.

5,000 Cases of Dyspepsia.
10,000 Cases of Skin Diseases, Salt Rheum, Sore Heads, Eyes, Legs, Face, Pimples, Blotches and Humors of all kinds—cured by the use of Renovating Resolvent. A change for the better is felt by the sufferer of the most loathsome disease, in a few hours after a dose of the Resolvent is taken.
20,000 Cases of Costiveness, Indigestion, Liver Complaints, Heart Diseases, Kidney, Bladder and Urethra difficulties, cured by a few doses of Radway's Regulators, a dose of which once a week will keep every organ in the system in a healthy condition, and force them to a due performance of their duties.

JOHN HOGG, ESQ., OF COLLINGWOOD, CANADA WEST.

The following communication, addressed to us by John Hogg, Esq., Editor of the Collingwood, C. W., "Enterprise," should be a solemn warning to parents to have recourse to our life-saving remedies when their children are attacked by that dreadful disease Croup, the cause of such a great mortality among children. No mother should be without a bottle of Radway's Relief in the house:—

Collingwood, C. W., June 1st, 1857.

Messrs. Radway & Co.

Gentlemen—A child of mine, about eight weeks old, was taken with a very severe cold. Not being attended at once, it settled on the chest, and ultimately turned into Croup in its worst form. The best medical practitioner in the town was called in, and after doing everything in his power to relieve her—but all in vain—then gave her up as dead. I now took her in hand myself, and rubbed her chest and back with Radway's Relief thoroughly, when, in the course of a few hours, she was well again, and now is as well and hearty as a child could be.

I am, Gentlemen,
Your obt. servt.,
JOHN HOGG,
Editor and Proprietor Collingwood "Enterprise."

Mr. Hogg in conversation likewise informed Mr. John P. Moore, our traveler, that it cured his wife of a severe
