Barn raisings have been the order of the day the past week. Mr. Wm. White, jr., who had his barn burned last year, raised another bent to the one that he moved on to the old foundation, which completes a very fine barn. After the raising the men turned in and worked like bees and finished the boarding in.

Mr. James Reid had also a very successful raising Friday and Saturday. This is a splendid barn and reflects great credit on both owner and workmen. Mr. John McDonald did the framing and Mr. Conn, who is quite an expert at the business, did the raising with block and tackle. The usual concourse of ladies brightened the occasion with their presence and they also deserve no less praise for the way in which they did their part.

Rev. L F. Kipp's student assistant preached at our school Sunday evening and gave a very interesting address, his subject being "Who can be saved ?" and he showed very explicitly the privilege of all who are willing to turn from sin.

Durham.

The Durham cement mills are again in operation.

Mr. Kelly's dog had the misfortune Tuesday morning to be run over on the railway bridge crossing the Saugeen here. He was completely cut in two.

On the 16th of October, about 4 o'clock in the afternoon, it will be 59 years since Mr. Nat Whitmore first saw Durham. He was then nearly ten years of age and making his way to a bush farm in Glenelg. He came from Smith's Falls by way of the Rideau canal, and on his trip here passed through Kingston, Toronto, Hamilton, Dundas and other places that have since risen to importance. Fifty-nine years ago, and yet Mr. Whitmore has never since been even to Toronto or Hamilton, notwithstanding our railway facilities and the many cheap fares and excursions to these places. When he came to Glenelg fifty-nine years ago, there was no Mt. Forest, and Durham was a wilderness with the exception of one or two houses in the vicinity. Notwithstanding the fact that Mr. Whitmore has travelled but little, he is a great reader, and has a wide range of historical knowledge, and a good idea of things in general.—Chronicle.

The Methodist people feel very sorry over the removal of their pastor, Rev. Mr. Laidlaw, as during his pastorate at Eugenia he made a great many warm friends amongst all classes. Mrs. John Loughead has been enjoying a visit from her sister and children, Mrs. Clark, late of Saskatchewan, but now of Collingwood.

Miss Lillico and Mrs. Down visited with the Misses Buckingham recently.

Miss Sadie Seeley is spending a few weeks with her sister near Markdale.

Rev. Stanley preached an excellent sermon to the Foresters of Maxwell last Sunday evening and a large congregation.

We are pleased to see Mr. J. Winters able to be around again after his recent severe illness.

Six weeks ago Mrs. Cooledge, of Peterborough, was carrying an armful of wood into the house. A needle was sticking in the breast of her dress, and as she dropped the wood, one of the sticks caught the needle, drove it into her breast, and broke it off about the middle. Doctors were unable to locate the part. Sometime ago Mrs. Cooledge experienced sharp pains in her right shoulder, and later from time to time were felt in her right arm. Last Friday afternoon the needle "sailed" into the second finger of her right hand, and was easily drawn out.

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy, made at Des Moines, for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. This remedy is for sale by W. E. Richardson.
