IN MEMORIAM

CROFT — In loving memory of our dear husband and father, Robert Croft, who entered into rest Jan. 31st, 1930.

There is someone who misses you daily,
But tries to be brave and content.
Deep down in our hearts lies a picture
Of a loved one laid to rest.
But in memory still we keep him,
For he was one of the best.
Our lips cannot tell how we loved him
Our hearts cannot tell what to say;
God only knows how we miss him,
In a home that is lonesome to-day.

Sadly missed by wife and daughters.

IN MEMORIAM

NEILSON — In loving memory of my dear mother, Mrs. James Neilson, who passed away January 27th, 1930

Oft and oft our hearts do wander
To a grave not far away
Where we laid our dear, kind mother
Just a year ago today.

Sleep on, dear mother, your caresare ended,
Rest in peace, your work is done;
You have gone where those who love you
Will some day meet you, one by one.

Ever remembered by daughter Jessie.

FEVERSHAM

The annual meeting of the Osprey Farmers' Milling Co. was held in the Orange Hall her eon Tuesday, Jan. 20, when the shareholders of the Co. met to receive and adopt the auditors' report for the year 1930. The report was received and some discussion was staged before it was adopted as some of the shareholders thought that there would have to be a check put on the credit account, as the credit accounts on the books had increased from $1737.84 in 1929, to $2027.82 in 1930, an increased credit in book accounts of $289.98, with a credit of note account of $220.35, all added onto the assets of the Company. Then they have an outstanding doubtful account of $374.50. In 1930 the Company had to borrow $1,833.60, and had the good luck to be able to pay it back. They have $530 02 on hand, but they will again have to borrow money to buy western wheat, of which their stock is exhausted, and they must manufacture bread flour and Miller Wiley is turning out a good quality. The directors for the coming year are as follows: Fred Spofford, John Hudson and E. Hawton. Two of the above directors have said they will put a check on the credit business of the Company this year. The directors meet in the mill office on Saturday to attend to business of the Company and appoint a Chairman for the Board of Directors and also a Secretary-Treas. for 1931. So you will see that the notice in last week's Advance re the appointment of a Sec.-Treas. for the year 1931 was a little previous.

We are sorry to report that Mr. Will Corrigan suffered a bad accident while working in the bush on Mr. Armstrong's farm on the Artemesia townline last week. It is reported that he had the misfortune to nearly sever all the toes on one foot by a glancing stroke of his axe.

Miss Sproule of Collingwood is visiting with her sister, Mrs. Wm. Davidson, Jr.

Mrs. Mullin Sr. received word a short time ago that her sister, Mrs. Mowatt of Peterboro had passed away.

MAN

Man that is born of woman is of a few days and full of trouble. He cometh into the world without his consent and leaveth against his will. During his stay on earth his time is spent in one continuous round of misunderstandings. In his isfancy he is an angel, in his boyhood he is a devil, in his manhood he is everything from a lizard up; if he raises a family he is a chump; if he raises a check he is a thief; if he is a poor man he is a poor manager and has no sense; if he is rich he is dishonest; if he is in politics he is a grafter and a crook; if he is out of politics you can't place him as he is an "undesirable citizen"; if he goest of church he is a hypocrite, if he stays away from church he is a sinner, if he donates to foreign missions he does it for show; if he doesn't he is stingy and "tighwad." When he first comes into the world everybody wants to kiss him: before he goes out they all want to kick him. If he dies young thewe was a great future before him, if he lives to a ripe old age he is in the way, only living to save the funeral expenses. The Lord be with us till we meet again! — Exchange.

Robert White Is Warden

Robert Whte of St. Vincent was elected Warden of Grey County on Tuesday evening at the convening of Grey County Council.

Royal Purple Poultry Specific
Keeps Poultry Free from WORMS

Mr. Wm. Jarrott, of Brigden, wrote us a year ago stating that his poultry had become badly infected with worms. We advised him to use 2 lbs. of Royal Purple Poultry Specific in each 100 lbs. of Laying Mash for two weeks and continue throughout the Winter with 1 lb. After using it for three weeks he wrote us stating that in three days he noticed blood streaks in the droppings, and that his egg production had gone up 100%. During the Fall, Winter and Spring months he purchased 600 lbs. of this Poultry Specific. We received a letter from him the latter part of August, stating that he was amazed at the results he obtained, that his poultry were entirely free from worms, and that during August of this year his production was 100% larger than last year.

It will pay every poultryman, no matter what feed he is using, or if he mixes his own, to add one pound of Royal Purple Poultry Specific to each hundred pounds of feed during the whole season the poultry are shut in. While this great tonic destroys the worms, it at the same time tones up the birds, keeping their digestive organs active the same as if they were on range, compelling them to take from 15% to 20% more good from the feed they eat. This is naturally reflected in increased egg production.

Worms in poultry is often mistaken for other diseases. The birds become very thin and show symptoms of diarrhoea. When badly infested they will die.

Put up in 30c. and 60c. packages, $1.75 and $6.00 tins, also 100-lb. air-tight bags—$14.00. For sale by 4,600 dealers in Canada. If your dealer cannot supply you, write direct.

Royal Purple Laying Meal

We can supply you with Royal Purple Laying Meal with or without the Poultry Specific mixed in. Mr. T. L. Matheson, Innerkip, Ontario, tells us that he fed Royal Purple Laying Meal to 600 pullets last year with the Royal Purple Poultry Specific and got an average of 74% production from the middle of December until the middle of March. He also states that he has received the largest production of eggs he has ever had during the twelve months he has been using Royal Purple Laying Meal, and that it keeps his poultry healthy during the entire season. If your dealer cannot supply you we will be pleased to quote you a price, freight paid to your station.

VIMLITE (formerly known as Vitalite) We are sole distributors for this wonderful wire-filled product used for windows in poultry houses, barns, sun-rooms, etc. It lets through the ultra-violet, growth rays from the sun that will not pass through ordinary glass. Write for descriptive circular.

FREE We will be very pleased to send you one of our 32-page books with illustrations in colour, describing the common diseases of Stock and Poultry with particulars of the Royal Purple remedies for each, and details of all the different lines of feed we manufacture. It deals with 138 subjects of vital interest to every farmer and poultryman. 10
