Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

MEN-YOU NEED NERVE

Wonderful Nervous System

EARLY INDISCRETIONS AND EXCESSES HAVE UNDERMINED YOUR SYSTEM

The nerves control all actions of the body so that anything that debilitates them will weaken all organs of the system. **Early Indiscretions** and **Excesses** have ruined thousands of promising young men. **Unnatural Drains** sap their vigor and vitality and they never develop to a proper condition of manhood. They remain weaklings, mentally, physically and sexually. **How you feel?** Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, debilitating dreams, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, premature decay, bone pains, hair loose, etc.

This is the condition our New Method Treatment is GUARANTEED TO CURE

We have treated Diseases of Men for almost a lifetime and do not have to experiment. Consult us **FREE OF CHARGE** and we will tell you whether you are curable or not.

We guarantee curable cases of NERVOUS DEBILITY, VARICOSE VEINS, BLOOD AND SKIN DISEASES, GLEET, BLADDER URINARY AND KIDNEY COMPLAINTS

Address and Presentation

On Thursday, July 6, the passenger train crew of the Walkerton branch met at the house of Mrs. Watson of Saugeen Junction and made her the recipient of a handsome rocking chair, accompanied by the following address, this being the anniversary of her 56th birthday, which made the event of greater interest. Mrs. Watson was entirely taken by surprise, but responded in suitable terms. This crew will always have a warm place in their heart for Mrs. Watson, who has been so kind to them.

To Mrs. Watson:

DEAR MADAME,—We have met here at your beautiful home to-day for the purpose of helping you to celebrate your 56th birthday. We cannot forget your many kindnesses to us during the past year, and might style you a "mother" in that respect. We trust you may be long spared to be the head of your noble family, and have many more such celebrations as the present one. We are mindful of the fact that during our time of waiting over at Saugeen, while not convenient to any place of stopping, you have supplied us in a pleasant manner with all necessaries and this has been done in a manner to lead us to know that you do not be kind from either a selfish motive, or for the intrinsic value, but purely through having a large heart, and keeping in mind the Golden Rule. Words cannot express our gratitude to you, so we have to show you in some other way our appreciation of your many deeds of kindness to us. Please accept this rocking chair as a memento, not for its intrinsic value but to have as a reminder of the happy times we have spent together. We sincerely hope that you and your family may live long to enjoy your pleasant earthly home, and when done here have a happy reunion where your golden deeds while here will all be recorded. Signed—T. H. Patterson, conductor; R. H. Flint, engineer; H. W. Leslie, baggageman; T. Hastings, fireman; H. Trimble, brakesman.

A Children's Aid Case

Mr. M. K. Richardson, ex-M.P., special agent of the Children's Aid Society, took to the shelter at Owen Sound last week a young lad from the township of Melancthon to be placed in the society's charge. There is an interesting connection in the lad's case. A pioneer of the township, who had raised a family and cleared up several farms on which he had placed his children, handed over his property for the pittance that would serve to have kept him in scant comfort, his wife having died some years previous. At the age of 78 the old man married a young girl, and five children were born to this strange union, the young mother dying shortly after the birth of the youngest child, which is now five years old. The eldest is about thirteen years of age. Left without a mother's care, and with a father who has now reached the age of ninety, the children have run in squalor and ignorance. The old man's pittance was not sufficient to clothe and feed them properly. But they were of sturdy stock and have grown up healthy children. The condition was such that it was a menace to send them amongst other children, but the old man struggled along and endeavored to keep them together, too proud to ask assistance. The Children's Aid society were informed of the situation and a year ago Mr. Richardson endeavored to secure a better condition of affairs. The change was not forthcoming, however, and last week he went out to the wretched home, which lies east of Corbetton, and north of Shelburne, and the old man was induced to give two of the lads into the charge of the society. One, however, escaped, and the old man recanted; the other was taken to the shelter. Mr. Richardson says that given a chance every one of the five children would make strong, sturdy citizens, and he is hopeful that circumstances will permit the society to take more of the children, and see that they are put in homes where they will have an opportunity.

The Comet is Coming

Much curiosity and excitement will be caused next year by the return of Halley's comet, the largest and most spectacular that ever visited our solar system during historic times. Astronomers cannot tell us the exact day the comet will cross the earth's orbit, and therefore cannot determine whether any danger threatens. It is not wholly impossible for a comet to greatly injure the earth and less impossible that it might come so close to the earth that animal and human health would be impaired. The chances, however, are immensely against any danger next year from Halley's comet.

Probabilities are that we shall see in this comet the finest display and the most wonderful ever witnessed by most people now living. This comet returns every 76 years and those who might remember its last visit must now be at least 80 years old.

Astronomers are not sure as to its form during the coming appearance. It is the first comet definitely recorded in history, it having caused great alarm more than 2000 years ago.

The great holiday event of the year—Excursion to Muskoka Lakes July 31st. Return fare $2.10.

Markdale.

On Sunday last, in his 89th year, Mr. Timothy Ryan, of Irish lake, joined the great majority. He was a hardy type of pioneer, from Tiperary, Ireland, and enjoyed his usual good health up to the last day. Had been a resident of Glenelg for 45 years and like others who hewed out for themselves homes in the forest, he experienced the hardships and privations which were the lot of all and was always ready and willing to lend a helping hand to those who might need it. Interment took place at St. John's R. C. cemetery on Tuesday morning, Rev. Dr. Ferguson officiating. He leaves to mourn his departure a widow and five children, John of Traverston; James on the homestead; Michael, of Sault Ste. Marie, Mich; Mrs. M. Byrne, New York, and Mrs. James Kelly, of Markdale.

Shortly after 4 o'clock this Wednesday morning Mr A. L. Walker's saw mill was rapidly reduced to ashes. The loss is close to three thousand dollars and no insurance. The lumber surrounding the mill was mostly saved. Quite a large remnant of logs remain uncut. The probability is that Mr. Walker will rebuild. The mill had been running every day, but the cause of the fire is quite uncertain, probably from a smouldering spark.—Standard.

Dundalk.

A quiet wedding took place at the residence of Mr. W. W. Brown, Owen Sound, on Monday, July 5th, when Miss Ellen Marrin, for two or three seasons milliner with the firm of Ritchie Bros. here, became the bride of Mr. Ed. H. Stephens of Stephens and McDuff, furniture dealers, Dundalk. Rev. Rural Dean Ardill performed the interesting ceremony. Mr. and Mrs. Stephens will take up housekeeping in a month or two on Owen Sound Street.

Mr. and Mrs. S. Bell and their adopted son, George, expect to leave Dundalk on Monday for a trip to the old country. They will take the steamer at Quebec and will be away probably a couple of months. Ireland and Belfast is the chief objective point but they will visit other parts of the British Isles as well. The Herald wishes them a pleasant journey and safe return.

Dr. Mitchell, Weyburn, Sask., with their their two sons Chester and Don and Miss Sylvia Tedford arrived from the West by Sunday's steamboat express for a visit with friends in town and vicinity. The worries of Parlimentary life seem to agree with the doctor. He is fleshier than ever but wears the same old size hat. The Mitchell boys will attend college in Toronto when the term opens in the fall.—Herald.

Robbery in Egremont.

On Sunday Sam Krueger, a well known licensed peddler of Grey stopped over at the house of Mr. Jno. Isles, on the 10th of Egremont. His wagon was locked in the engine shed. Some time on Sunday night the shed was broken into. A leather covered case in the wagon had its lock cut out, and a portion of the contents, a silver watch, a gold chain, two gold lockets, a pair cuff links, two fancy mouth organs, a stick of shaving soap and a comb, were abstracted. The theft was discovered on Monday morning. Suspicion was directed against a youth named Joe Stantion, who has been in the employ of Mr. Fred Dillon, of the same concession. He denied the imputation, but Chief Cringle was asked to drive out, which he did. Taking the youth aside he induced him to admit the offence. He was arrested and brought before Justice of the Peace Swanston, who committed him to Owen Sound jail for trial.—Mount Forest Confederate.

A book on Rheumatism, by Dr Shoop, of Rachine, Wis. tells some plain truths, and in a plain and practical way. Get this booklet, and a free trial treatment of Dr. Shoop's Rheumatic Remedy for some disheartened sufferer in your vicinity. Make a grateful and appreciative friend of some one who is discouraged because of the failures of others to help him. Help me to make this test, and I'll certainly help your suffering friend. Sold by all dealers.

Three Corbetton boys, James Harding, Herbert Harding and Vincent Keating, were charged before Police Magistrate Rutherford on Monday with assaulting William St. George Hogg of Melancthon. The three boys implicated were all about nine years of age and the complainant is about the same age. They were accused of burning the boy's back with matches and trying to drown him in a rain barrel. They were each fined $1.00 and costs.—Shelburne Free Press.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. It is truly a most certain and trustworthy prescription. Sold by all dealers.

WHAT every cook should know is, which wheat makes the best flour, and why.

Winter wheat is put into the ground in the fall, but does not ripen until the following July. It matures slowly, is soft and very starchy.

Spring wheat is sown in April or May, and ripens in August. It's a flinty, translucent wheat, rich in gluten and contains nearly twice as much nutriment as winter wheat.

Royal Household Flour

is made entirely from the hard, nutritious spring wheat, carefully selected from all the wheat of this kind grown in Canada.

Royal Household is fine, light and pure—milled by the most improved methods—in a mill as clean as your own kitchen.

Ask your grocer for Ogilvie's Royal Household — just enough to try. You won't mind the slight advance in cost when you see the results in your bread and pastry. 21

Ogilvie Flour Mills Co., Limited, Montreal.
