Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

NERVOUS DEBILITY CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined We see the victims of vicious habits on every hand the sallow, pimpled face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all drains and quickly restores the victim to what nature intended—a healthy and happy man with physical, mental and nerve power complete.

For over 20 years Drs. K. & K. have treated with the greatest success all diseases of men and women.

If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure **NERVOUS DEBILITY, BLOOD DISEASES, STRICTURE, VARICOCELE, KIDNEY AND BLADDER DISEASES.** Consulta. Don Free. If unable to call, write for a question Blank for Home Treatment.

By-Law No. 2

A By-law of the Police Village of Priceville in the County of Grey to raise the sum of $1500 for the construction of cement or granolithic sidewalks in the said police village of Priceville.

Whereas the trustees of the Police Village of Priceville deem it advisable to raise the sum of $1500 for the construction of cement sidewalks on the following streets or parts of streets in said Police Village, viz: Kinross, Artemesia, Kincardine, Princess and Queen, the estimated costs of the said sidewalks being about eight cents per square foot.

And whereas to raise the said sum it will be necessary that the Township of Artemesia shall issue debentures for the sum of $1350 and the Township of Glenelg for the sum of $150, being the proportion required to be raised by each of the said townships under the provisions of the Consolidated Municipal Act, 1903, and amendments thereto, the total amount thereof, $1500, being the amount of the debt intended to be created by this by-law, the proceeds of the said debentures to be applied for the purposes aforesaid.

And whereas it is desirable to make the said debentures payable by yearly instalments during the period of ten years from the time this By-law shall come into effect (being the currency of the said debentures) with interest thereon at the rate of five per cent. per annum, such yearly sums to be of such amounts that the aggregate amount payable in each year for principal and interest in respect of the said debt shall be as near as possible equal to the amount so payable in each year of the other years of the said period.

And whereas the total amount required by the Consolidated Municipal Act, 1903, to be raised annually by special rate for paying the said debt and interest, as hereinafter provided, is the sum of $194.25, of which amount the sum of $174.82 shall be raised by the Township of Artemesia, and the sum of $19.43 by the Township of Glenelg.

And whereas the whole amount of the rateable property of the Townships of Artemesia and Glenelg, according to the last revised assessment rolls, is the sum of $1,259,548, and $74,175, respectively.

And whereas the whole amount of the rateable property of the said Police Village, according to the last revised assessment rolls, is the sum of $39,470, of which amount $35,675 is the amount of the rateable property of that part of the said Police Village within the limits of the Township of Artemesia, and $3,795 is the amount of the rateable property of that part of the Police Village within the limits of the Township of Glenelg.

And whereas the amount of the existing debenture debt of the said Township of Artemesia is $12,289 54, and no part of the principal or interest is in arrear, and the amount of the debenture debt of the Township of Glenelg is $1.407 01 and no part of the principal interest is in arrear.

And whereas there is no debenture debt chargeable against the Police Village of Priceville other than what is so chargeable against the said Police Village as part of the said Townships of Artemesia and Glenelg, respectively, and included in the sum heretofore mentioned.

Therefore the Police Trustees of the Police Village of Priceville enact as follows, viz.:

1. That it shall be lawful for the Police Trustees of the Police Village of Priceville to raise the sum of $1,500.00 in the manner prescribed by the Consolidated Municipal Act, 1903, and amendments thereto, and for such purposes to require the Township of Artemesia to issue debentures for the sum of $1,350 00, together with interest at five per cent. per annum, and the Township of Glenelg to issue debentures for the sum of $150.00 with interest at five per cent. per annum, being the proportions of the said total amount to be raised by the said townships respectively.

2. The said principal sum shall be payable in ten annual instalments with interest at the rate aforesaid annually during the said term, and the aggregate amount of such instalments of principal and interest shall be the sum of $194.25 in each year.

3. For the purpose of paying the said debt of $1500 00 and to cover the interest on the said amount as aforesaid, the sum of $194.25 shall be levied by a special rate over and above all other rates in the same manner and at the same time that other rates are levied upon the whole taxable property in the said Police Village of Priceville liable to be rated therefor in each year for the period of ten years from the date hereinafter mentioned for this bylaw to take effect during which the said debentures have to run. Of the said sum of $1,500,00 the sum of $174.82 shall be raised by the Council of the Township of Artemesia, and the sum of $19.43 by the Township of Glenelg, upon the proportion in the said Police Village of Priceville within the said townships respectively.

4. This By-law shall come into effect immediately after the final passing thereof.

5. This By-law shall be submitted for the assent of the electors of the said Police Village of Priceville under the provisions of the Consolidated Municipal Act, 1903, and amendments thereto, on Saturday, the twenty-first day of August, A.D. 1909. At the hour of nine o'clock in the forenoon the poll will be opened to take the votes of the qualified electors of the said Police Village of Priceville on said By-law, and the poll will close on the afternoon of the same day at five o'clock.

6. The place for taking poll will be at Watson's hall in the said village, and the returning officer shall be Neil McKinnon.

7. That on Saturday, the fourteenth day of August, A.D. 1909, at the hour of seven o'clock in the afternoon, at the said hall, the Police Trustees shall appoint in writing the persons to attend at the said polling place and at the final summing up of the votes on behalf of persons interested in or opposing respectively, the passing of this By-law.

8. That the Police Trustees and Returning Officer shall attend at said hall in the said Police Village at ten o'clock in the forenoon on the twenty-third day of August, 1909, to sum up the votes given for and against this By-law.

Dated at Priceville this twenty-second day of July, A. D. 1909.

} Police Trustees.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-law which has been taken into consideration by the Police Trustees of the Police Village of Priceville and will be finally passed by the said Police Trustees in the event of the consent of the properly qualified electors being obtained thereto after one month from the first publication thereof in the Flesherton Advance newspaper, the date of which first publication is the 22nd day of July, A. D. 1909.

And at the hour, day and place therein fixed for taking the votes of the properly qualified electors the poll will be opened and held.

Dated at Priceville this 21st day of July, A. D. 1909.

H. B. McLEAN
JOHN STOTHART } Police Trustees of the Police Village of Priceville.

Threshing Engines and Fuel

I want to say that we positively will will not thresh rakings, or anything that has been raked up with a horse rake, with our straw cutting separator. Very often farmers have a load of rakings on top of the mow and we might almost as well thresh it as have it thrown off, because the stones and grit are shaken out into the clean grain and then get into the machine. A single set of knives for this machine costs $27 00, hence the necessity of clean grain. Don't misunderstand, we can thresh peas or any other loose stuff that has been harvested so as to be clean.

Then there has been talk about fire, and not without some reason, but our customers and ourselves are to blame, not the engine. Customers for expecting us to do work which requires double the power needed for ordinary threshing on common threshing wood and in some cases, very far from that. We know customers don't do this to be mean, but if they would only stop to consider that this kind of wood often taxes the fireman with the ordinary machine to his utmost we believe they would gladly furnish us with the best. We have been to blame, ourselves, for trying to steam with this fuel and whenever we thought the wind safe, throwing open our smoke stack and using every device we knew to help the engine out. Of course, when when we did this we depended on the caprice of the wind, because when a powerful engine is in this shape, doing heavy work, and the fire being constantly stirred to get away with the inferior fuel, there are not only sparks but whole chunks of fire escaping from the smoke stack. Now in a case of this kind, should a fire occur, is the engine to blame? We say sympathetically, "No!" Our engine was slightly defective at first, but are prepared to say it is now the safest we have ever owned. We have run five others and often threshed with the front wheels two or three feet in on the barn floor, the wind blowing straight through and we never had a fire. Why? Simply because we could do ordinary work with ordinary fuel and keep our engines as they are intended to be kept.

Our terms are $10.00 per set, $20.00 per day, or $2.00 per hour plump.

We give the following comparison, endorsed by our most progressive farmers. We think we are safe in saying we average three-fourths of the speed of the ordinary machine and make this comparison on that basis: Ordinary threshing followed by straw-cutters, 7½ hours threshing at $1.50 per hour..... $11 25
9 men 7½ hrs. threshing at 15c per hour..... 10 13
10 hrs. straw-cutting at 80c per 8 00
6 men for 10 hrs. straw-cutting at 15c per hour..... 9 00

Total..... $38 38

Universal straw cutting machine 10 hrs. straw cutting and threshing at $2.00 per hour..... $20 00
6 men for 10 hrs. at 15c per hour. 9 00

Total..... $29 00

Notice—This gives our customer a clear gain of $9.38 and moreover we can fairly claim a benefit to our customers in saving of straw (no straw stack) and the convenience of having all done at once (no second bee.)

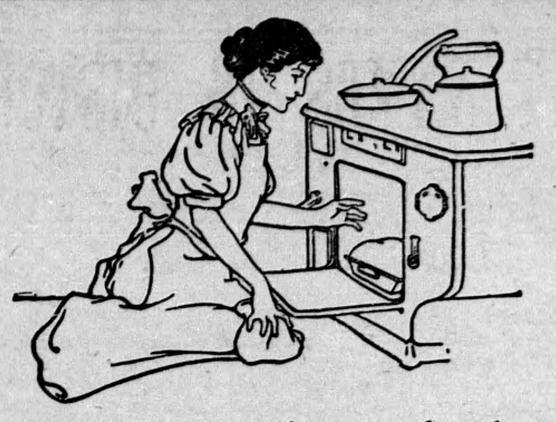
A. BEATTY.

We, the undersigned have pleasure in stating we have had some experience with the universal straw cutting separator and that the above comparison is very fair and the universal deserves all that is claimed in its favor: D. Foster, A. G. Taylor, J. W. Cavis, M. Thistlethwaite, Shaw & Chalmers, Thos L. Mercer, W. H. Heard, Geo. Bannon, Geo. Hutchinson, Albert Stinson, M. G. Orr, W. F. Chard.

An Indian at Sauble Falls performed a daring feat one day recently when he rescued a gold watch from the bottom of the river where it had accidentally fallen. At this point the water is some forty feet deep, and weights had to be attached to the Indian's feet to carry him to the bottom. The weights were so fixed that they could be easily released and upon reaching the bottom the daring Indian, who landed within three feet of the watch, made the rescue and brought his find to the top, receiving a reward of $5 for his effort.—Wiarton Canadian.

At the annual meeting of the Dufferin County Temperance Association, Mr. R. J. Woods was presented with $200, as a token of esteem for the interest he had taken and sacrifices he had made in the interests of temperance in that county.

Tara Presbyterians have extended a call to Rev. J. Robertson Kay, of Stratford, a recent graduate of Knox College.



The only nourishment that bread affords is that which the flour contains.

Bread baking is merely putting flour in appetizing form.

Flour making is merely putting wheat in shape for bread making.

Royal Household Flour

is made from carefully selected Manitoba Hard spring wheat. Every pound is almost a pound of food; clean, and nutritious.

It goes farther, does better baking and is more satisfactory in every way than any other flour. Ask your grocer. 12

CEMENT

A car of cement just arrived. Any one requiring cement will know where to get it fresh at the right price.

We have a good supply of PURE PARIS GREEN on hand, also Sprinkling Cans, Hoes, Hay Rakes, Scythes and Scythe Stones, good thick Machine Oil, fine and coarse Windsor Salt.

THE BEST KNOWN BRANDS OF FLOUR always on hand, and our prices deserve the attention of all careful Buyers as well as the Brand.

Anyone wanting STRAWBERRIES we would be pleased if they would give their order in this week, as the best will soon be over.

Highest Market Prices paid for all Farm Produce.

REMEMBER OUR MOTTO: "*Small Profits and Quick Returns.*"

An interesting experiment is being undertaken by Peel and Halton counties. Peel has an $18,000 House of Refuge, Halton has none. The counties have united agreeing upon $18,000 as a valuation of the present Home and, also, to spend $12,000 more in repairing and improving the buildings. The cost of erection, repair and maintenance, to be borne equally by the counties. This looks like a move in the right direction
