003, of whom 31,199 sailed in British ships In 1857 it was 148,648, of whom 50,000 sailed in British ships. The proportion taken by foreign vessels, therefore, is steadily decreasing.

The funds remained without much alteration until this afternoon Consols were quoted at the last date 95¼. They have since touched 95, but to day there has been an improvement, owing to brighter accounts from Paris, and they have left off at 95⅝.

Illinois Central shares experienced a rebound of three per cent. the day before yesterday, but they are still inherently weak, and are likely to remain so until there is some disinterested authority on this side to whom the public can look for the exercise of a watchfulness that will keep them apprised, not only of all the information obtainable, but also of that which is wanted and should be sought for.

The consol dividends will be paid the day after to-morrow, and the recent increase in the demand for money has already entirely subsided—the rate for the choicest bills having returned to 2½ to 2¾ per cent.

The wheat market has experienced a further advance equal to 3 cents per bushel, making a total advance of 6 cents during the past week.

The Liverpool cotton market also has experienced a rise equal to a quarter of a cent per lb.

Domestic.

THE WEEVIL AT BELLEVILLE.—This pest to the wheat crop bids fair to be more than usually destructive this season. From all parts of the Province we hear reports of its devastation. No section seems to be free from its ravages. In this township many fields that promised a luxuriant return for the farmer's labour, are very much injured by it. And from Haldimand, Percy, and Seymour, we hear the same complaint. It is curious that no remedy has yet been discovered for this scourge. Will it be permanent, or, like the potato blight, confined to a few years? One thing is certain that it will discourage the sowing of fall grain if its attacks continue.

THE NEW CUSTOM HOUSE AT HAMILTON.—We learn that Mr. George Marison, builder, of that city, has obtained the contract for the erection of the new Custom House, and that the work will be proceeded with immediately.

The Perth Courier says that the railway woodshed, on the depot grounds, fell down on Friday last, and that it will take at least a thousand dollars of debentures to clear away the rubbish and erect another building—all owing to the bungling mismanagement of the railroad chieftains.

THE EASTERN PASSAGE.—On Monday last, the Schooner Mary Grover, Captain Thomas Lunday, a vessel which carries 12,000 bushels, and draws five feet of water passed through the opening in the Island. The Captain found between two and half feet and six feet, all the way through, and a good clay bottom. The cut is wide and no difficulty was experienced in coming into the Bay with the aid of the lead only.

Dailey's Magical Pain Extractor.

In all diseases inflammation more or less predominates—now to allay inflammation strikes at the root of disease—hence an immediate cure

DAILEY'S MAGICAL PAIN EXTRACTOR, and nothing else, will allay inflammation at once, and make a certain cure.

DAILEY'S MAGICAL PAIN EXTRACTOR will cure the following among a great catalogue of diseases: burns, scalds, cuts, chafes, sore nipples, corns, bunions, bruises, strains, bites, poison, chilblains, piles, scrofula, ulcers, fever sores, felons, ear-ache, sore eyes, gout, sweelings, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barber's itch, small pox, measles, rash, &c., &c.

To some it may appear incredible that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its opposite disorder.

DAILEY'S MAGICAL PAIN EXTRACTOR, in its effects is magical, because the time is so short between diseases and a permanent cure; and it is an EXTRACTOR, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactory should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dailey, Manufacturer.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. Kennedy, of Roxbury, has discovered in one of our common Pasture Weeds, a remedy that cures EVERY KIND OF HUMOR, from the worst scrofula, down to a common Pimple. He has tried it in over eleven hundred cases, (both thunder humor.) He has now in his possession over two hundred certificates, of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of boils.

Two bottles are warranted to cure the worst kind of canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst kind of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of Rheumatism

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Chatham, N. H., Dec. 15, 1858.

Dr. Kennedy—Dear Sir: In hopes to be a benefit to my fellow man, I write to you what your discovery has done for me.

In December, 1839, I was taken with the Rheumatics; since then, I have suffered every thing but death for fourteen years.

I have paid $800 to different doctors, and never received any benefit, not even to the amount of one dollar.

Last June I heard of your Discovery. I told a man I would try it. He said I had tried everything and there was no help for me, I was so old, being 78 years of age. He was a good doctor so called. I told him nothing ventured nothing made.

I got one bottle of your Discovery. Before I got it I heard the clock strike every hour for five nights. On the fourth night I took one spoonful and the next morning I was in no more pain—no more than a child two years old, and have been gaining ever since. I am now, Dec 15th, on my seventh bottle.

When I first took any of it, I had to walk or hobble on two crutches; this day, I can go and have gone over the door without any crutch or cane, but I am yet weak in my hips; but I feel better every bottle I take.

If I had a sheet four feet square, it would not hold one half I could write. Had I the voice to be heard from the North to the South pole, I would proclaim it as long as I live. If it cures me it will any one in God's world.

You would not believe how much better I feel. I am now almost a new man made out of an old one.

There have been over 200 hundred people to see me since I began to recover,—they are surprised. One man said, if all the men in Chatham had told him what his eyes now saw, he would not have believed them; but he must believe his own eyes.

ABRAHAM WEBB, South Chatham, N.H. CURE OF A HUMOR OF 14 YEARS' STANDING.

Mr. Kennedy—Dear Sir: I address you with feelings of heartfelt gratitude for the wonderful cures of your Medical Discovery has done on me.

For fourteen long years I suffered with a humor of the most distressing kind. It would break out, covering my body with sores and blotches, out of which oozed thick yellow matter of the most offensive kind. I was an object of disgust to myself and every body else. When it began to dry up a little, it would irritate and smart. I often felt that I could tear flesh off the bone; in this state I suffered during these long years, disconsolate and desponding of relief. Every winter the skin came off my face and the hair of my eyebrows came out by the roots. My ears looked like roasted meat, dry and black as a crisp, that I was an object of pity to all that knew me.

When I look back upon it, I can hardly think that I am myself. When your Discovery first came to Maine, I looked upon it as a humbug and set myself against it; after a few months I heard of so many wonderful cures by it, that I concluded to try once more. I could hardly believe it when I was getting better. You will excuse me when I tell you that I was the last to believe it. It seemed so impossible that I could be cured.

I took in all five bottles. I am now as well as I ever was in my life.

BENJAMIN SMITH, Atkinson, Me.

Dr. Kennedy's Medicine—We are requested by Major Doughty, of Greenwood, in this county to publish the following fact in relation to Dr. Donald Kennedy's wonderful Medicine.

Major Doughty states, that his wife was afflicted with a fever sore on one of her ankles, for about twenty five years, which most of that time deprived her of the use of the limb. In October last, she commenced using Dr. Kennedy's Medicine, has taken four bottles, and is now and has been for the last three mon hs, in the enjoyment of perfect health; the fever sore is entirely healed up, and the ankle sound and healthy as the other.

Major Doughty feels under God, that he is indebted to the wonderful properties of Dr. Kennedy's Medicine for this cure, and is desirous that the public should become acquainted with the fact, and know where to apply for relief under similar circumstances. To the fact of which he is willing to make affidavit at any time.—Norway Adv. 135
