HOLLOWAY'S OINTMENT AND PILLS.—The greatest discouragement to those who wish to give good advice, is, that it is seldom acted upon at the proper time. We shall not, however, on that account, refrain from recommending all who are attacked with cutaneous diseases, to resort in the earliest stage of the malady to Holloway's Ointment. If this recommendation is neglected, still it may prompt the patient to try the remedy at the late stage of the complaint, when all other means have failed; and even then, at the eleventh hour, the preparation will vindicate the reputation it has everywhere acquired, by accomplishing in the end a healthy and perfect cure. The Pills in all stages of external disease will materially conduce to that desirable result. 149

CONSUMPTION OF THE BLOOD, OR AN ÆMIA.—In this common and dangerous disease, the blood loses its vitality, ceases to nourish the system, and to stimulate the organs to healthy activity. The Protoxide of Iron, in the PERUVIAN SYRUP, supplies the deficient element, and the blood receives new life, with a consequent restoration of the bodily vigor, the return of appetite, and the hue of health. 150

THE GREATEST

MEDICAL DISCOVERY OF THE AGE.

MR. Kennedy, of Roxbury, has discovered in one of our common Pasture Weeds, a remedy that cures EVERY KIND OF HUMOR, from the worst scrofula, down to a common Pimple. He has tried it in over eleven hundred cases, (both thunder humor.) He has now in his possession over two hundred certificates, of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of boils

Two bottles are warranted to cure the worst kind of canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst kind of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of Rheumatism

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Chatham, N. H., Dec. 15, 1858

Dr. Kennedy—Dear Sir: In hopes to be a benefit to my fellow man, I write to you what your discovery has done for me.

In December, 1839, I was taken with the Rheumatics; since then I have suffered every thing but death for fourteen years.

I have paid $800 to different doctors, and never received any benefit, not even to the amount of one dollar.

Last June I heard of your Discovery. I told a man I would try it. He said I had tried everything and there was no help for me, I was so old, being 78 years of age. He was a good doctor so called. I told him nothing ventured nothing made.

I got one bottle of your Discovery. Before I got it I heard the clock strike every hour for five nights. On the fourth night I took one spoonful and the next morning I was in no more pain—no more than a child two years old, and have been gaining ever since. I am now, Dec 15th, on my seventh bottle.

When I first took any of it, I had to walk or hobble on two crutches; this day I can go and have gone over the floor without any crutch or cane, but I am yet weak in my hips; but I feel better every bottle I take.

If I had a sheet four feet square, it would not hold one half I could write. Had I the voice to be heard from the North to the South pole, I would proclaim it as long as I live. If it cures me it will any one in God's world.

You would not believe how much better I feel. I am now almost a new man made out of an old one.

There have been over 200 hundred people to see me since I began to recover,—they are surprised. One man said, if all the men in Chatham had told him what his eyes now saw, he would not have believed them; but he must believe his own eyes.

ABRAHAM WEBB, South Chatham, N. H.

CURE OF A HUMOR OF 14 YEARS' STANDING.

Mr. Kennedy—Dear Sir: I address you with feelings of heartfelt gratitude for the wonderful cures of your Medical Discovery has done on me.

For fourteen long years I suffered with a humor of the most distressing kind. It would break out, covering my body with sores and blotches, out of which oozed thick yellow matter of the most offensive kind. I was an object of disgust to myself and every body else. When it began to dry up a little, it would irritate and smart. I often felt that I could tear flesh off the bone; in this state I suffered during these long years, disconsolate and despairing of relief. Every winter the skin came off my face and the hair of my eyebrows came out by the roots. My ears looked like roasted meat, dry and black as a crisp, that I was an object of pity to all that knew me.

When I look back upon it, I can hardly think that I am myself. When your Discovery first came to Maine, I looked upon it as a humbug and set myself against it; after a few months I heard of so many wonderful cures by it, that I concluded to try once more. I could hardly believe it when I was getting better. You will excuse me when I tell you that I was the last to believe it. It seemed so impossible that I could be cured.

I took in all five bottles. I am now as well as I ever was in my life.

BENJAMIN SMITH, Atkinson, Me.

Dr Kennedy's Medicine—We are requested by Major Doughty, of Greenwood, in this county to publish the following fact in relation to Dr. Donald Kennedy's wonderful Medicine.

Major Doughty states, that his wife was afflicted with a fever sore on one of her ankles, for about twenty five years, which most of that time deprived her of the use of the limb. In October last, she commenced using Dr. Kennedy's Medicine, but taken four bottles, and is now and has been for the last three months, in the enjoyment of perfect health; the fever sore is entirely healed up, and the ankle sound and healthy as the other.

Major Doughty feels under God, that he is indebted to the wonderful properties of Dr. Kennedy's Medicine for this cure, and is desirous that the public should become acquainted with the fact, and know where to apply for relief under similar circumstances. To the fact of which he is willing to make affidavit at any time.—Norway Adv. 193

BY-LAW, NO.

For raising the sum of Twenty Thousand Dollars by way of Loan, upon Debentures.

WHEREAS, it is desirable and expedient for the Municipality of the United Counties of Frontenac, Lennox & Addington that the sum of Twenty Thousand Dollars be raised, by way of Loan, for the purpose of completing the new Court House and Gaol; and whereas—in order to liquidate the said debt or loan, so to be created or contracted, and the interest thereon,—it is necessary that a special rate—over and above, and in addition to all other rates, for the payment of said debt and interest, within the time limited by this By-Law,—should be levied annually, according to law, on the rateable property of the municipality; and whereas, the whole rateable property of the said municipality, according to the assessment returns of the same for the last financial year, ending on the 31st day of December, 1857, amounts (as near as can be ascertained) to the sum of seven millions, four hundred and twelve thousand dollars. Be it therefore enacted by the Municipal Council of the United Counties of Frontenac, Lennox and Addington,

I. That debentures shall be prepared and signed by the Warden, and countersigned by the Treasurer of these Counties, of a denomination of not less than one hundred dollars, bearing legal interest, payable half-yearly—to the amount of Twenty Thousand dollars, to be redeemed in five years from the date of issuing the same.

II. For the payment of the said debt or loan and interest thereon, within the time as herein before limited, a special rate be levied, in each year from the issuing of said debentures, on the said amount of rateable property, amounting to Five Thousand Four Hundred Dollars.

III. That for the purposes herein before mentioned, the annual rate of three-fourths of a mill in the dollar, shall, in each year be assessed, levied, and collected upon and out of the said whole rateable property, in the same manner as the general rate of the said Counties.

NOTICE.

THE ABOVE is a true copy of a proposed By-Law, to be taken into consideration by the Municipality of the United Counties of Frontenac, Lennox & Addington, at their chambers in the City of Kingston, on the fourteenth day September, 1858, at two o'clock in the afternoon, at which time and place the members of the said Municipality are hereby required to attend for the purposes aforesaid.

PERUVIAN SYRUP:
OR, PROTECTED
Solution of Protoxide of Iron
Having successfully passed the ordeal to which new discoveries in the Materia Medica are subjected, must now be received as an established Medicine.
ITS EFFICACY IN CURING
DYSPEPSIA,
Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered state of the Blood, Boils, Scurvy, and the prostrating effects of Fever or Hemorrhage, General Debility, and all Diseases which require a
TONIC AND ALTERATIVE MEDICINE
IS BEYOND QUESTION.

THE proofs of its efficacy are so numerous, so well authenticated, and of such peculiarly interesting character that sufferers cannot reasonably hesitate to receive the proposed aid.

The Peruvian Syrup does not profess to be a cure-all, but its range is extensive, because many diseases, apparently quite, are invariably, slight, and proceeding from one cause, may be cured by one remedy.

The chief of diseases for which the Syrup provides a cure, is precisely that which has so far baffled the medical skill. The facts are tangible, the witnesses are accessible, and the safety and efficacy of the Syrup incontrovertible.

Those who may wish to speak to some disinterested person respecting the elements of the Syrup, cannot fail to be satisfied with the following, among numerous testimonials in the hands of the Proprietors. The names of gentlemen will be known in the community, and of the highest respectability.

CARD.

The undersigned having experienced the beneficial effects of the 'Peruvian Syrup,' do not hesitate to recommend it to the attention of the public.

From our own experience, as well as from the testimony of others whom we have met, and intimately associated among strangers, we have no doubt of its efficacy in cases of Incipient Diseases of the Lungs and Bronchial Tubes, Dyspepsia, Liver Complaint, Dropsy, Scurvy, &c. Indeed, we think it would be incredible, but facts do bear testimony of those who have obtained great benefit from the use of the Syrup, that it is a most extraordinary remedy.
