Have you enough *Life Insurance?*

No matter how large or how small your estate, it will suffer heavy deductions before it reaches your wife or family. Doctors, nurses, hospitals, undertakers, lawyers, etc., not to mention succession duties, if the estate be considerable, will reduce the net amount payable to your heirs by anything from 10% to 25%.

Take your pencil and try a simple sum in arithmetic, using an actual case as an example:

	Typical Case	My Case
Total face value of all my life insurance policies	$5,000	$.....
Estimated value of my real estate, securities and other assets	$2,000	$.....
Total	$7,000	$.....
Less 15% as indicated above	$1,050	$.....
Total estate (net)	$5,950	$.....
Invested in good securities at 5% this should yield my family an annual income of	$297.50	$.....

FRIDAY & SATURDAY SUGGESTIONS
SHERWIN-WILLIAMS PAINT HEADQUARTERS

There's no paint bargain like good quality

And the time to paint is *now*. Your house, your garage, your fences, your shutters, screens, flower boxes—they all need the weather-resisting protection of SWP.

You can buy cheaper paint, of course, but, remember, there's no paint bargain like good quality. We know SWP to be the best paint bargain of all. That's why we recommend it as a leader on our Friday and Saturday Suggestions.

S-W Paint Products are sold the world over under this famous trade mark.

You need fewer gallons of SWP to paint your house

Fine old SWP House Paint has such wonderful "body" that each gallon *thoroughly* covers *more square feet of wall.*

That is one reason why SWP House Paint costs no more than cheaper paint *on your house.* The saving on gallonage does it—regardless of the price per gallon.

In addition you get the superior quality of SWP—the more beautiful, weatherproof colors—the long service that saves 50% to 60% in repainting cost. All because fine old SWP is made of the finest materials, by the largest paint and varnish makers in the world.

Come in and let's do a little simple arithmetic before you squander money on *cheaper* paint.

Specify SWP and engage a good painter.
