Charley Wolf, peddler, has purchased Lloyd & Scully's handsome team of bays that have been doing duty on the egg wagon during the past summer. The price was $400. During the past summer several deer have been seen down around the Durham road, and we understand there are a few left out in Collingwood and Osprey townships. It is a pity a close season could not be made for three of four years in these townships, also to include Proton, which would allow the animals a living chance to propagate and become more numerous.

G. W. Slaughter, principal of the Stratford Normal-Model school, accompanied by Mrs. Slaughter and babe, visited with Mr. and Mrs. W. H. Bunt this week. Thomas Genoe, jr., met with a serious accident one day last week, while working with a threshing machine near Victoria Corners, Toronto line. He was greasing a belt when his attention was distracted and his hand was caught in the pulley. It was necessary to take off two boxings and pull out a shaft before he could be released. A dislocated finger and some rather severe bruises made up the sum of his injuries. It will be two or three weeks before he is able to take up his work again.

A barn belonging to Wm. White, O. D. R., was burned to the ground Tuesday morning. The building contained all of this season's grain, about 1200 bushels, buggy, cutter, harness, etc. There was an insurance of $800 on the building and $500 on the contents, which will not nearly cover the loss. It is just a year ago since Mr. White had a barn burned on the same premises. Both fires are considered to have been of incendiary origin. The building burned last year was insured in the Sydenham Mutual and the company refused payment on a technicality. Mr. White's loss has therefore been very severe.

Rev. Dr. Caldwell moved, seconded by Rev. J. J. Ferguson, B. A., "that the Owen Sound Dsitrict, now assembled in Dundalk Methodist church, desires to call attention, by its emphatic disapproval to the action of the Department of the Secretary of State in granting a charter to the Metropolitan Racing Association by which the evils of race track gambling are greatly increased and encouraged. We deplore the action of the under secretary of State in thus giving this great evil widespread license and encouragement for the demoralizing of our nation. We respectfully urge the government of our Dominion to amend the criminal code so that this vice shall be suppressed." The resolution is to be forwarded to Rev. Dr. Chown, secretary of Moral Reform. —Herald.

A failing tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. Sold by all dealers.

No doubt you have missed our budget for the past weeks, but we have been so busy watching our neighbors to see them "do something" to write about that we have missed what news there was.

Address and Presentation

At the close of prayer meeting in the Baptist church Wednesday evening of last week the united congregations of Ceylon, Flesherton and Rockvale presented a purse to Rev. L. F. Kipp, who is removing to Stayner. The address was read by Miss Annie Boyce and the presentation of a well-filled purse was made by Miss Mildred Cook. Rev. Mr. Kipp made a fitting reply, after which an interesting programme was rendered, consisting of a duet by Misses Edna and Margery Fisher, recitation by Miss J. Richardson, solo by Mrs. Malcolm, chorus by Flesherton and Rockvale choirs, and addresses by Messrs. R. Allen, S. Hemphill and M. Phillips. Supper was also served and a good social hour spent. Following is a copy of the address:

DEAR MR. AND MRS. KIPP,—We, the adherents of the Flesherton, Rockvale and Ceylon congregations have learned with deep regret of your intended departure from our midst. You have been faithful and helpful in every department of the work. We desire to express in in some way what you are to us, and to give some evidence of our appreciation of what you have done for us. We ask therefore that you will kindly accept this purse as a token of our esteem and a slight evidence of the sincerity of our gratitude. We hope that many years of happiness and usefulness may be your lot and we pray that the blessing of Him in whose cause we are all enlisted may attend your way, and crown your life with never-ceasing christian triumph. Signed on behalf of the congregations, Florence Richardson, Bessie Russel and Mildred Cook.

F. Kipp, instead of G. H. Walter; first prize grape wine, D. Harrow, instead of O. Walker.

Farmers in the vicinity of Brighton report that the potato crop in that district has been largely destroyed by a white grub. Some crops, it is said, have been completely destroyed. Some farmers have not suffered as heavily as others, but all the crops are more or less affected by the pest, which, working underground, did not show its presence until the time for harvesting arrived.
